POLLUTION CONTROL

SEC. 102. Part A of title IV of the Small Business Investment Act of 1958 is amended by adding at the end thereof the following new sections:

“SEC. 404. (a) For purposes of this section, the term—

“(1) ‘pollution control facilities’ means such property (both real and personal) as the Administration in its discretion determines is likely to help prevent, reduce, abate, or control noise, air or water pollution or contamination by removing, altering, disposing or storing pollutants, contaminants, wastes, or heat, and such property (both real and personal) as the Administration determines will be used for the collection, storage, treatment, utilization, processing, or final disposal of solid or liquid waste.

“(2) ‘person’ includes corporations, companies, associations, firms, partnerships, societies, joint stock companies, States, territories, and possessions of the United States, or subdivisions of any of the foregoing, and the District of Columbia, as well as individuals.

“(3) ‘qualified contract’ means a lease, sublease, loan agreement, installment sales contract, or similar instrument, entered into between a small business concern and any person.

“(b) The Administration may, whenever it determines that small business concerns are or are likely to be at an operational or financing disadvantage with other business concerns with respect to the planning, design, or installation of pollution control facilities, or the obtaining of financing therefor (including financing by means of revenue bonds issued by States, political subdivisions thereof, or other public bodies), guarantee the payment of rentals or other amounts due under qualified

Guarantees.

contracts. Any such guarantee may be made or effected either directly or in cooperation with any qualified surety company or other qualified company through a participation agreement with such company. The foregoing powers shall be subject, however, to the following restrictions and limitations:

“(1) Notwithstanding any other law, rule, or regulation or fiscal policy to the contrary, the guarantee authorized in the case of pollution control facilities or property may be issued when such property is acquired by the use of proceeds from industrial revenue bonds which provide the holders interest which is exempt from Federal income tax.

“(2) Any such guarantee shall be for the full amount of the payments due under such qualified contract and shall be a full faith and credit obligation of the United States.

“(3) No guarantee shall be issued by the Administration unless the Administration determines that there exists a reasonable expectation that the small business concern in behalf of which the guarantee is issued will perform the covenants and conditions of the qualified contract.

Fees.

“(c) The Administration shall fix a uniform annual fee for any guarantee issued under this section which shall be payable at such time and under such conditions as may be prescribed by the Administrator. The fee shall be set at an amount which the Administration deems reasonable and necessary and shall be subject to periodic review in order that the lowest fee that experience under the program shows to be justified will be placed into effect. In no case shall such amount exceed $3\frac{1}{2}$ per centum per annum of the minimum annual guaranteed rental payable under any qualified contract guaranteed under this section. The Administration may also fix such uniform fees for the processing of applications for guarantees under this section as the Administrator determines are reasonable and necessary to pay the administrative expenses that are incurred in connection therewith.

Periodic review.

“(d) In connection with the guarantee of rentals under any qualified contract pursuant to authority conferred by this section, the Administrator may require, in order to minimize the financial risk assumed under such guarantee—

“(1) that the lessee pay an amount, not to exceed one-fourth of the average annual payments for which a guarantee is issued under this section, which shall be held in escrow and shall be available (A) to meet rental charges accruing in any month for which the lessee is in default, or (B) if no default occurs during the term of the qualified contract, for application (with accrued interest) toward final payments of rental charges under the qualified contract;

“(2) that upon occurrence of a default under the qualified contract, the lessor shall, as a condition precedent to enforcing any claim under the qualified contract guarantee, utilize the entire period, for which there are funds available in escrow for payment of rentals, in reasonable diligent efforts to eliminate or minimize losses, by releasing the property covered by the qualified contract to another qualified lessee, and no claim shall be made or paid under the guarantee until such effort has been made and such escrow funds have been exhausted;

“(3) that any guarantor of the qualified contract will become a successor of the lessor for the purpose of collecting from a lessee in default rentals which are in arrears and with respect to which the lessor has received payment under a guarantee made pursuant to this section; and

"(4) such other provisions, not inconsistent with the purposes of this section as the Administrator may in his discretion require.

"(e) Any guarantee issued under this section may be assigned with the permission of the Administration by the person to whom the payments under qualified contracts are due.

"(f) Section 402 shall apply to the administration of this section.

"SEC. 405. There is hereby created within the Treasury a separate fund for guarantees which shall be available to the Administrator without fiscal year limitations as a revolving fund for the purposes of section 404. There are authorized to be appropriated to the fund from time to time such amounts not to exceed \$15,000,000 to provide capital for the fund. All amounts received by the Administrator, including any moneys, property, or assets derived by him from his operations in connection with section 404 shall be deposited in the fund. All expenses and payments pursuant to operations of the Administrator under section 404 shall be paid from the fund. From time to time, and at least at the close of each fiscal year, the Administrator shall pay from the fund into the Treasury as miscellaneous receipts interest at a rate determined by the Secretary of the Treasury on the cumulative amount of appropriations available as capital to the fund, less the average undisbursed cash balance in the fund during the year. The rate of such interest shall be determined by the Secretary of the Treasury, and shall not be less than a rate determined by taking into consideration the average market yield during the month preceding each fiscal year on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturity of guarantees from the fund. Moneys in the fund not needed for the payment of current operating expenses or for the payment of claims arising under section 404 may be invested in bonds or other obligations of, or bonds or other obligations guaranteed as to principal and interest by, the United States; except that moneys provided as capital for the fund shall not be so invested."

"76. (a) The Authority is authorized to establish and maintain a regular police force, to be known as the Metro Transit Police, to provide protection for its patrons, personnel, and transit facilities. The Metro Transit Police shall have the powers and duties and shall be subject to the limitations set forth in this section. It shall be composed of both uniformed and plainclothes personnel and shall be charged with the duty of enforcing the laws of the signatories, the laws, ordinances, and regulations of the political subdivisions thereof in the Transit Zone, and the rules and regulations of the Authority. The jurisdiction of the Metro Transit Police shall be limited to all the transit facilities owned, controlled, or operated by the Authority, but this shall not limit the power of the Metro Transit Police to make arrests in the Transit Zone for violations committed upon, to, or against such transit facilities committed from within or outside such transit facilities while in hot or close pursuit, or to execute traffic citations and criminal process in accordance with subsection (c). The members of the Metro Transit Police shall have concurrent jurisdiction in the performance of their duties with the duly constituted law enforcement agencies of the signatories and of the political subdivisions thereof in which any transit facility of the Authority is located or in which the Authority operates any transit service. Nothing contained in this section shall either relieve any signatory or political subdivision or agency thereof from its duty to provide police, fire, and other public safety service and protection, or limit, restrict, or interfere with the jurisdiction of or the performance of duties by the existing police, fire, and other public safety agencies.

“(b) Except as otherwise provided in this section, a member of the Metro Transit Police shall have the same powers, including the power of arrest, and shall be subject to the same limitations, including regulatory limitations, in the performance of his duties as a member of the duly constituted police force of the political subdivision in which the Metro Transit Police member is engaged in the performance of his duties. A member of the Metro Transit Police is authorized to carry such weapons only while in direct transit to and from a duty assignment and is subject to such additional limitations in the use of weapons as are imposed on the duly constituted police force for the political subdivision in which he is engaged in the performance of his duties.

“(c) Members of the Metro Transit Police shall have power to execute on the transit facilities owned, controlled, or operated by the Authority any traffic citation or any criminal process issued by any court of any signatory or of any political subdivision of a signatory, for any felony, misdemeanor, or other offense against the laws, ordinances, rules, or regulations specified in subsection (a). However, with respect to offenses committed upon, to, or against the transit facilities owned, controlled, or operated by the Authority, the Metro Transit Police shall have power, except in the State of Maryland, to execute criminal process within the Transit Zone.

Traffic citation or
criminal process.

“(d) Upon the apprehension or arrest of any person by a member of the Metro Transit Police pursuant to the provisions of subsection (b), the officer, as required by the law of the place of apprehension or arrest, shall either issue a summons or a citation against the person, book the person, or deliver the person to the duly constituted police or judicial officer of the signatory or political subdivision where the apprehension or arrest is made, for disposition as required by law.

Summons.

“(e) The Authority shall have the power to adopt rules and regulations for the safe, convenient, and orderly use of the transit facilities owned, controlled, or operated by the Authority, including the payment and the manner of the payment of fares or charges therefor, the protection of the transit facilities, the control of traffic and parking upon the transit facilities, and the safety and protection of the riding public. In the event that any such rules and regulations contravene the laws, ordinances, rules, or regulations of a signatory or any political subdivision thereof which are existing or subsequently enacted, these laws, ordinances, rules, or regulations of the signatory or the political subdivision shall apply and the conflicting rule or regulation, or portion thereof, of the Authority shall be void within the jurisdiction of that signatory or political subdivision. In all other respects the rules and regulations of the Authority shall be uniform throughout the Transit Zone. The rules and regulations established under this subsection shall be adopted and published in accordance with all standards of due process, including, but not limited to, the publishing or otherwise circulating of a notice of the intended action of the Authority and the affording to interested persons the opportunity to submit data or views orally or in writing, and the holding of a public hearing. Any person violating any rule or regulation of the Authority shall, upon conviction by a court of competent jurisdiction, pay a fine of not more than \$250 and costs.

Joint Resolution

To authorize and request the President to establish a "National Bicentennial Highway Safety Year".

June 30, 1976

[H.J. Res. 726]

Whereas 1976 will mark the two hundredth anniversary of the founding of our Nation; and
Whereas the President of the United States has called for the Bicentennial celebration to be an occasion for redefining and rededicating ourselves to our common purposes; and
Whereas a central and unifying theme for the Nation's two hundredth commemoration is improving the quality of life in America; and
Whereas the carnage on our highways each year exacts an appalling toll in lives, injuries, and national treasure; and
Whereas the two million Americans who have died on the Nation's highways since the beginning of the automobile age far exceed the combined totals of all the fatalities suffered in all the wars that this country has fought since its founding; and
Whereas hundreds of millions of Americans—men, women, and children—are planning to see and participate in Bicentennial activities; and
Whereas twenty million visitors from abroad are expected to travel to this country in order to join in our Bicentennial celebration; and
Whereas the overwhelming majority of those participating in Bicentennial related activities will travel on the Nation's roadways; and
Whereas emphasis on highway safety during our Nation's two hundredth anniversary is absolutely essential to assure that 1976 does not become a year of unparalleled carnage and slaughter; and
Whereas the Congress of the United States has provided the legislative mandate and the financial means for substantially reducing highway accidents, injuries, and fatalities: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President is hereby authorized and requested to issue a proclamation designating the twelve-month period commencing with the calendar month beginning after the date of the enactment of this Act as the "National Bicentennial Highway Safety Year" and call upon all Americans, in all walks of life, in both the public and private sectors, to participate in programs and activities conducted in connection with such year: Be it further

Resolved, That it is the sense of Congress that—

(1) each month of the National Bicentennial Highway Safety Year shall focus on a specific area of activity which offers the prospect of achieving substantial reductions in accidents, injuries, and fatalities on our Nation's highways during the Nation's Bicentennial celebration and in succeeding years, as follows:

- (A) January—Safety Education;
- (B) February—Safer Bridges;
- (C) March—Pedestrian and Bicycle Safety;
- (D) April—Pavement Marking and Delineation;
- (E) May—Highway Hazard Removal;
- (F) June—Safety Belts and Child Restraints;
- (G) July—Safer Driving;

- (H) August—Roadside Obstacle Elimination;
- (I) September—Save Our Children;
- (J) October—Signs and Signals;
- (K) November—Railroad Crossing Protection; and
- (L) December—Alcohol and Problem Drinkers; and

(2) the projects and programs of the National Bicentennial Highway Safety Year shall be formulated so as to involve individuals, groups, and public and private sector organizations where they live, where they work, where they travel, and where they operate in order that the lifesaving aims, goals, and priorities of the National Bicentennial Highway Safety Year may be vigorously pursued and fully realized; and be it further

Resolved, That the lives saved and injuries prevented through this national effort shall symbolize the rededication of the American people to living and working together in a spirit of mutual cooperation, harmony, dignity, and respect in order to achieve better, healthier, happier lives for all.

SEC. 202. (a) Section 1 of the Foreign Military Sales Act is amended by striking out the last paragraph and inserting in lieu thereof the following new paragraphs:

“It shall be the policy of the United States to exert leadership in the world community to bring about arrangements for reducing the international trade in implements of war and to lessen the danger of outbreak of regional conflict and the burdens of armaments. United States programs for or procedures governing the export, sale, and grant of defense articles and defense services to foreign countries and international organizations shall be administered in a manner which will carry out this policy.

“It is the sense of the Congress that the President should seek to initiate multilateral discussions for the purpose of reaching agreements among the principal arms suppliers and arms purchasers and other countries with respect to the control of the international trade in armaments. It is further the sense of Congress that the President should work actively with all nations to check and control the international sale and distribution of conventional weapons of death and destruction and to encourage regional arms control arrangements. In furtherance of this policy, the President should undertake a concerted effort to convene an international conference of major arms-supplying and arms-purchasing nations which shall consider measures to limit conventional arms transfers in the interest of international peace and stability.

“It is the sense of the Congress that the aggregate value of defense articles and defense services—

“(1) which are sold under section 21 or section 22 of this Act;

or

“(2) which are licensed or approved for export under section 38 of this Act to, for the use, or for benefit of the armed forces, police, intelligence, or other internal security forces of a foreign country or international organization under a commercial sales contract;

in any fiscal year should not exceed current levels.”.

(b) (1) The President shall conduct a comprehensive study of the arms sales policies and practices of the United States Government, including policies and practices with respect to commercial arms sales, in order to determine whether such policies and practices should be changed. Such study shall examine the rationale for arms sales to foreign countries, the benefits to the United States of such arms sales, the risks to world peace as a result of such arms sales, trends in arms sales by the United States and other countries, and steps which might be taken by the United States to provide for limitations on arms sales. In addition, such study shall include an evaluation of the impact of United States arms sales policies on the economic and social development of foreign countries and consideration of steps which might be taken by the United States to encourage the maximum use of the resources of the developing countries for economic and social development purposes.

Study.

note.

(2) Not later than the end of the one-year period beginning on the date of enactment of this section, the President shall submit to the Congress a report setting forth in detail (A) the findings made and conclusions reached as a result of the study conducted pursuant to paragraph (1) of this subsection, together with such recommendations for legislation as the President deems appropriate, (B) the efforts made by the United States during the five years immediately preceding the submission of such report to initiate and otherwise encourage arms sales limitations, and (C) the efforts being made by the United States at the time of the submission of such report to initiate and otherwise encourage arms sales limitations in accordance with the policies stated in the amendment made by subsection (a) of this section.

“SEC. 38. CONTROL OF ARMS EXPORTS AND IMPORTS.—(a) (1) In furtherance of world peace and the security and foreign policy of the United States, the President is authorized to control the import and the export of defense articles and defense services and to provide foreign policy guidance to persons of the United States involved in the export and import of such articles and services. The items so designated shall constitute the United States Munitions List.

“(2) Decisions on issuing export licenses under this section shall be made in coordination with the Director of the United States Arms Control and Disarmament Agency and shall take into account the Director’s opinion as to whether the export of an article will contribute to an arms race, increase the possibility of outbreak or escalation of conflict, or prejudice the development of bilateral or multilateral arms control arrangements.

“(b) (1) As prescribed in regulations issued under this section, every person (other than an officer or employee of the United States Government acting in an official capacity) who engages in the business of manufacturing, exporting, or importing any defense articles or defense services designated by the President under subsection (a) (1) shall register with the United States Government agency charged with the administration of this section, and shall pay a registration fee which shall be prescribed by such regulations. Such intervention should be taken explicitly into account in United States foreign policy planning and negotiations.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) section 815(d) of the Internal Revenue Code of 1954 (relating to special rules for distributions to shareholders) is amended by adding at the end thereof the following new paragraph:

For purposes of this paragraph, amounts returned to a taxpayer with respect to a distribution shall be first applied to the return of amounts which, without regard to this paragraph, would have been treated as distributed out of the policyholders surplus account. This paragraph shall not apply if, at the time such distribution was made, the taxpayer intended to avail itself of the provisions of this paragraph by having its shareholders return all or a part of such distribution. 16 USC 410aa-1.

SEC. 2. (a) The park shall comprise the area generally depicted on the map entitled "Valley Forge National Historical Park", dated February 1976, and numbered VF-91,000, which shall be on file and available for inspection in the offices of the National Park Service, Department of the Interior, Washington, District of Columbia, and in the offices of the superintendent of the park. After advising the Committees on Interior and Insular Affairs of the United States Congress, in writing, the Secretary may make minor revisions of the boundaries of the park when necessary by publication of a revised map or other boundary description in the Federal Register.

(b) Within the boundaries of the park, the Secretary may acquire lands and interests therein by donation, purchase with donated or appropriated funds, exchange, or transfer. Any property owned by the Commonwealth of Pennsylvania or any political subdivision thereof may be acquired only by donation. The effective date of such donation shall not be prior to October 1, 1976.

Right of use and
occupancy.

(c) Except for property deemed by the Secretary to be essential for visitor facilities, or for access to or administration of the park, any owner or owners of improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for themselves and their successors or assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term not to exceed twenty-five years, or in lieu thereof, for a term ending at the death of the owner, or the death of his or her spouse, whichever is the later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the property on the date of such acquisition, less the fair market value on such date of the right retained by the owner.

(d) The Secretary may terminate a right of use and occupancy retained pursuant to this section upon his determination that such use and occupancy is being exercised in a manner not consistent with the purposes of this Act, and upon tender to the holder of the right of an amount equal to the fair market value of that portion of the right which remains unexpired on the date of termination.

"Improved

(e) The term "improved property", as used in this section shall mean a detached, noncommercial residential dwelling, the construction of which was begun before January 1, 1975 (hereafter referred

to as "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

Sec. 3. When the Secretary determines that lands and interests therein have been acquired in an amount sufficient to constitute an administrable unit, he shall establish the park by publication of a notice to that effect in the Federal Register: *Provided*, That the park shall not be established until the Secretary receives commitments which he deems to be sufficient from the Commonwealth of Pennsylvania that the appropriations made by acts 320 and 352 of 1974, and act 12A of 1975, of the Legislature of the Commonwealth of Pennsylvania, will continue to be available and obligated for development purposes within the park. The Secretary shall administer the property acquired for such park in accordance with the Act of August 25, 1916 (39 Stat. 535), as amended and supplemented, and the Act of August 21, 1935 (49 Stat. 666), as amended.

July 12, 1976

[H.R. 7792]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Alpine Lakes Area Management Act of 1976".

Alpine Lakes
Area
Management Act
of 1976.

16 USC 1132

note.

16 USC 1132

note.

FINDINGS AND PURPOSES

SEC. 2. (a) The Congress finds that:

(1) The Cascade Mountains of the State of Washington between Stevens Pass and Snoqualmie Pass, commonly known as the Alpine Lakes region, comprise an environment of timbered valleys rising to rugged, snowcovered mountains, dotted with over seven hundred lakes, displaying unusual diversity of natural vegetation, and providing habitat for a variety of wildlife.

(2) This region is abundant in its multiple resources, including an abundant source of pure water, commercial forests, an outdoor laboratory for scientific research and educational activities, and opportunities for great diversity of recreational use and enjoyment during all seasons of the year, in particular for quality hunting, fishing, motorized recreation, skiing, picnicking, camping, rock collecting, nature study, backpacking, horseback riding, swimming, boating, mountain climbing, and many others, together with the opportunity for millions of persons traveling through the periphery of the area to enjoy its unique values.

(b) Purposes of this Act: In order to provide for public outdoor recreation and use and for economic utilization of commercial forest lands, geological features, lakes, streams and other resources in the Central Cascade Mountains of Washington State by present and future generations, there is hereby established, subject to valid existing rights an Alpine Lakes Area, including an Alpine Lakes Wilderness, an "Intended Wilderness" and a management unit, comprising approximately nine hundred and twenty thousand acres.

SEC. 3. (a) The Alpine Lakes Wilderness (hereinafter referred to as "the wilderness"), the "Intended Wilderness", and the peripheral area (hereinafter referred to as the "management unit"), shall comprise the areas so depicted on the map entitled "Alpine Lakes Area" and dated June 1976, which shall be on file and available for public inspection in the Office of the Chief, Forest Service, Department of Agriculture. The Secretary of Agriculture (hereinafter referred to as the "Secretary") shall, as soon as practicable after the enactment of this Act, publish in the Federal Register a detailed description and map showing the boundaries of the wilderness, "Intended Wilderness", and the management unit.

16 USC 1132
note.

Description and
map; publication
in Federal
Register.

(b) The Secretary shall administer the Federal lands in the management unit in accordance with the laws, rules, and regulations applicable to the national forests in such a manner as to provide for the management of all of the resources of the management unit.

Administration.

16 USC 1131
note.

Publication in
Federal Register.

(c) The Federal lands designated as the Alpine Lakes Wilderness shall be administered in accordance with the provisions of this Act and with the provisions of the Wilderness Act (78 Stat. 890), which ever is the more restrictive.

(d) Federal lands depicted on the map and legal description as "Intended Wilderness" shall become part of the Alpine Lakes Wilderness at such time as the adjacent non-Federal lands, interests or other property become wilderness according to the provisions of section 3(e) of this Act, at which times the Secretary shall file a map and legal description of such additions in the Federal Register.

(e) Non-Federal lands depicted on the map and legal description as "Wilderness" and "Intended Wilderness" shall become part of the Alpine Lakes Wilderness when acquired by the Federal Government in conformance with the acquisition program required by section 4 of this Act.

LAND ACQUISITION AND EXCHANGE

16 USC 1132
note.

SEC. 4. (a) Within the boundaries of the wilderness and "Intended Wilderness", the Secretary is authorized and directed to acquire with donated or appropriated funds, by gift, exchange, or otherwise, such non-Federal lands, interests, or any other property, in conformance with the provisions of section 4 of this Act: *Provided*, That any such lands, interests, or other property owned by or under the control of the State of Washington or any political subdivision thereof may be acquired only by donation or exchange. Nothing in this Act shall be construed to limit or diminish the existing authority of the Secretary to acquire lands and interests therein within the Alpine Lakes Area in accordance with established law. Notwithstanding any other provision of law, any Federal property located within the management unit may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the Secretary for use by him in carrying out the purposes of this Act. The Secretary shall exercise caution in exchanging land so as not to impair substantially the programmed allowable timber harvest of the Mount Baker-Snoqualmie and Wenatchee National Forest. Amounts appropriated from the Land and Water Conservation Fund shall be available for the acquisition of lands and interest for the purposes of this Act.

(b) In exercising his authority to acquire property by exchange, the Secretary may accept title to any non-Federal property located within the wilderness and "Intended Wilderness", and convey to the owner of such property any national forest land within the State of Washington under the jurisdiction of the Secretary: *Provided*, That the Secretary may accept cash for or pay cash to the grantor in such an exchange in order to equalize minor differences in the values of the properties exchanged.

Publication in
Federal Register.

(c) (1) As non-Federal lands and interests in the wilderness and "Intended Wilderness" are acquired, and as they become protectable and administrable as wilderness, the lands shall become part of the Alpine Lakes Wilderness, and the Secretary shall publish from time to time a notice of such classification in the Federal Register. It is the intention of Congress that acquisition of the "Intended Wilderness" shall be completed no later than three years after the date of enactment of this Act. At any time after three years from the date of enactment

of this Act, an action may be instituted by an owner, all of whose lands within the boundaries of the "Intended Wilderness" have been managed in such a way so as not to become unsuitable or unmanageable as wilderness (except for disturbance affecting a minor land area and found by the Secretary to have resulted from strictly accidental and unintentional circumstances), against the United States in the district court for the district in which such lands are located, to require the Secretary to acquire immediately all of said owner's interest in such lands, interests and property and to pay in accordance with this section 4 just compensation for such lands, interest, and property the plaintiff may have which are not yet acquired pursuant to this section 4. By February 1 of each year, the Secretary shall report in writing to the Committees on Interior and Insular Affairs of the United States House of Representatives and the Senate, on the status of negotiations with private owners to effect exchanges and acquisition of non-Federal property.

Report to congressional committees.

(2) The United States will pay just compensation to the owner of any lands and interests acquired by and pursuant to this Act. Such compensation shall be paid either: (A) by the Secretary of the Treasury from money appropriated pursuant to this Act from the Land and Water Conservation Fund, or from any other funds available for such use, upon certification to him by the Secretary, of the agreed negotiated value of such property, or the valuation of the property awarded by judgment, including interest at the rate of 8 per centum per annum from the date of the acquisition of the property or the date of filing an action according to the provisions of section 4(c)(1) of this Act, whichever is earlier, to the date of payment therefor; or (B) by the Secretary, if the owner of the land concurs, with any federally owned property available to him for purposes of exchange pursuant to subsection 4(b); or (C) by the Secretary using any combination of such money or federally owned property.

Payments.

(3) Just compensation shall be the fair market value of the lands and interests acquired by and pursuant to this Act, and shall be determined as of the date of acquisition: *Provided, however*, That the fair market value of those lands acquired from owners who, from the time of enactment of this Act to the time of acquisition of any such lands, have managed all lands within the "Intended Wilderness" under their ownership so as not to make such lands unsuitable or unmanageable as wilderness (except for disturbance affecting a minor land area and found by the Secretary to have resulted from strictly accidental and unintentional circumstances), shall be the sum of (A) the value of such lands and interests at the date of acquisition, plus (B) any loss of value of timber from casualty, deterioration, disease, or other natural causes from January 1, 1976, to the date of acquisition, with all existing and lost or damaged timber valued at the highest of (i) its market value on the date of acquisition, (ii) its market value on January 1, 1976, or (iii) the mean average market value between those dates: *And provided further*, That nothing in this Act shall be deemed or construed to deny to owners of non-Federal lands, or to change their rights to access to such lands or to manage the same for any otherwise lawful purpose prior to acquisition thereof by the Secretary. For the purposes of this section, the owner of property is defined as the holder of fee title unless said property is subject to an agreement of sale entered into prior to April 1, 1976.

WILDERNESS MANAGEMENT PLAN

Area, study.
16 USC 1132
note.

SEC. 5. In conjunction with the preparation of a wilderness management plan for the wilderness designated by this Act, the Secretary shall prepare a special study of the Enchantment Area of the Alpine Lakes Wilderness, taking into consideration its especially fragile nature, its ease of accessibility, its unusual attractiveness, and its resultant heavy recreational usage. The study shall explore the feasibility and benefits of establishing special provisions for managing the Enchantment Area to protect its fragile beauty, while still maintaining the availability of the entire area for projected recreational demand.

MULTIPLE USE PLAN

16 USC 1132
note.

SEC. 6. (a) Within two years of the enactment of this Act, the Secretary shall, in accordance with the provisions of this Act and other applicable acts governing the administration of the National Forest system and with full public involvement required by this and other pertinent law, prepare, complete and begin to implement in accordance with the provision of subsection (b) a single multiple-use plan for the Federal lands in the management unit.

16 USC 528 note.

(b) The management of the renewable resources will be in accordance with the Multiple-Use Sustained-Yield Act of 1960 (74 Stat. 215; 16 U.S.C. 528-531), with other applicable laws and regulations of the United States, and will be such to obtain multiple use and sustained yield of the several products and services obtained therefrom.

Publication in
Federal Register.
Transmittal to
President and
Congress.

(c) The Secretary shall publish a notice of such plan in the Federal Register and shall transmit it to the President and to the United States House of Representatives and to the Senate. (d) The resources of the management unit shall be managed in accordance with the provisions of the multiple-use plan until such time as the plan may be revised according to the provisions of this section.

(e) The Secretary shall review the multiple-use plan from time to time and, with full public involvement, shall make any changes he deems necessary to carry out the purposes of this Act.

(f) The Secretary shall permit and encourage the use of renewable resources within the management unit, and nothing in this Act shall be construed to prohibit the conduct of normal national forest programs during the formulation of, nor to prohibit inclusion of such programs in the multiple-use plan required by this section.

16 USC 1132
note.

Except in emergencies, any regulations pursuant to this subsection shall be issued only after consultation with the fish and game departments of the State of Washington. Nothing in this Act shall be construed as affecting the jurisdiction or responsibilities of these agencies.

(b) Nothing in this Act shall deprive the State of Washington or any political subdivisions thereof of its right to exercise civil and criminal jurisdiction within the area or of its right to tax persons, corporations, franchises, or other non-Federal property, in or on lands and waters within the area.

Whenever such units or such individual members are released from active duty during any fiscal year, the average strength prescribed for such fiscal year for the Selected Reserve of such Reserve component shall be proportionately increased by the total authorized strength of such units and by the total number of such individual members.

Reduction in strength.

Whenever a function, power, duty, or activity is transferred or assigned to a department or agency of the Department of Defense from a department or agency outside of the Department of Defense or from another department or agency within the Department of Defense, the civilian personnel end strength authorized for such departments or agencies of the Department of Defense affected shall be adjusted to reflect any increases or decreases in civilian personnel required as a result of such transfer or assignment.

Notice to
Congress.

(d) When the Secretary of Defense determines that such action is necessary in the national interest, he may authorize the employment of civilian personnel in excess of the number authorized by subsection (a) of this section but such additional number may not exceed one-half of 1 per centum of the total number of civilian personnel authorized for the Department of Defense by subsection (a) of this section. Such adjustment shall be apportioned among the Army, the Navy, the Marine Corps, and the Air Force and the Reserve components in such manner as the Secretary of Defense shall prescribe.

SEC. 602. Chapter 901 of title 10, United States Code, is amended by adding at the end thereof the following new section and inserting a corresponding item in the analysis of such chapter:

SEC. 603. (a) It is the policy of the United States that the United States Navy and the Merchant Marine of the United States work closely together to promote the maximum integration of the total sea-power forces of the Nation. In furtherance of this policy, it is necessary and desirable that special steps be taken to assure that Naval Reserve Officer Training Corps programs (for training future naval officers) be maintained at Federal and State merchant marine academies. 46 USC 1126-1.

(b) It is the sense of the Congress that the Secretary of the Navy should work with the Assistant Secretary of Commerce for Maritime Affairs and the administrators of the several merchant marine academies to assure that the training available at these academies is consistent with Navy standards and needs.

SEC. 604. The Act of November 24, 1951, Public Law 92-172 (85 Stat. 491), is amended by striking out “1976” and inserting in lieu thereof “1977”. 37 USC 209 note.

TITLE VIII—GENERAL PROVISIONS

(c) (1) The amendments made by subsections (a) and (b) shall not become effective unless legislation is enacted repealing the so-called 1 per centum add-on provision applicable to the cost-of-living adjustment of annuities paid under chapter 83 of title 5, United States Code. In the event such legislation is enacted, such amendments shall become effective with respect to the cost-of-living adjustment of the retired pay and retainer pay of members and former members of the Armed Forces and the cost-of-living adjustment of annuities paid under the Central Intelligence Agency Act of 1964 for Certain Employees at the same time the repeal of such 1 per centum add-on provision becomes effective with respect to such cost-of-living adjustment of annuities paid under such chapter 83. 10 USC 1401a note.

50 USC 403 note.

(2) If any change other than the repeal of the so-called 1 per centum add-on provision referred to in paragraph (1) is made in the method of computing the cost-of-living adjustment of annuities paid under chapter 83 of title 5, United States Code, the President shall make the same change in the cost-of-living adjustment of retired pay and retainer pay of members and former members of the Armed Forces and the cost-of-living adjustment of annuities paid under the Central Intelligence Agency Act of 1964 for Certain Employees. 89 Stat. 540.

SEC. 802. Section 814(a) of the Department of Defense Appropriation Authorization Act, 1976 (89 Stat. 544), is amended to read as follows:

Standardized or
interoperable
equipment.

“(a) (1) It is the policy of the United States that equipment procured for the use of personnel of the Armed Forces of the United States stationed in Europe under the terms of the North Atlantic Treaty should be standardized or at least interoperable with equipment of other members of the North Atlantic Treaty Organization. In carrying out such policy the Secretary of Defense shall, to the maximum feasible extent, initiate and carry out procurement procedures that provide for the acquisition of equipment which is standardized or interoperable with equipment of other members of the North Atlantic Treaty Organization whenever such equipment is to be used by personnel of the Armed Forces of the United States stationed in Europe under the terms of the North Atlantic Treaty. Such procedures shall also take into consideration the cost, functions, quality, and availability of the equipment to be procured. In any case in which equipment authorized to be procured under title I of this Act is utilized for the purpose of carrying out the foregoing policy, the Secretary of Defense shall report to Congress the full details of the nature and substance of any and all agreements entered into by the United States with any other member or members of the North Atlantic Treaty Organization providing for the acquisition of equipment manufactured outside the United States in exchange for, or as a part of, any other agreement by such member or members to acquire equipment manufactured in the United States. Such report shall be made by the Secretary within 30 days of the date of enactment of this Act.

Report to
Congress.
89 Stat. 531.

“(2) Whenever the Secretary of Defense determines that it is necessary, in order to carry out the policy expressed in paragraph (1) of this subsection, to procure equipment manufactured outside the United States, he is authorized to determine, for the purposes of section 2 of title III of the Act of March 3, 1933 (47 Stat. 1520; 41 U.S.C. 10a), that the acquisition of such equipment manufactured in the United States is inconsistent with the public interest.

Report to
Congress.

“(3) In any case in which the Secretary of Defense initiates procurement action on a new major system which is not standard or interoperable with equipment of other members of the North Atlantic Treaty Organization, he shall report that fact to the Congress in the annual report required under section 302(c) of Public Law 93-365, as amended, including a description of the system to be procured and the reasons for that choice.”

88 Stat. 402.

NATO members,
standardized or
interoperable
weapons and
equipment.

SEC. 803. (a) It is the sense of Congress that weapons systems being developed wholly or primarily for employment in the North Atlantic Treaty Organization theater shall conform to a common North Atlantic Treaty Organization requirement in order to proceed toward joint doctrine and planning and to facilitate maximum feasible standardization and interoperability of equipment. A common North

Atlantic Treaty Organization requirement shall be understood to include a common definition of the military threat to the North Atlantic Treaty Organization countries. The Secretary of Defense shall, in the reports required by section 302(c) of Public Law 93-365, as amended, identify those programs in research and development for United States forces in Europe and the common North Atlantic Treaty Organization requirements which such programs support. In the absence of such common requirement, the Secretary shall include a discussion of the actions taken within the North Atlantic Alliance in pursuit of a common requirement. The Secretary of Defense shall also report on efforts to establish a regular procedure and mechanism within the North Atlantic Treaty Organization for determining common military requirements.

88 Stat. 402.

(b) It is the sense of the Congress that progress toward the realization of the objectives of standardization and interoperability would be enhanced by expanded inter-Allied procurement of arms and equipment within the North Atlantic Treaty Organization. It is further the sense of the Congress that expanded inter-Allied procurement would be facilitated by greater reliance on licensing and coproduction agreements among the signatories of the North Atlantic Treaty. It is the Congress' considered judgment that such agreements, if properly constructed so as to preserve the efficiencies associated with economies of scale, could not only minimize potential economic hardship to parties to such agreements but also increase the survivability, in time of war, of the Alliance's armaments production base by dispersing manufacturing facilities. Accordingly, the Secretary of Defense, in conjunction with appropriate representatives of other members of the Alliance, shall attempt to the maximum extent feasible (1) to identify areas for such cooperative arrangements and (2) to negotiate such agreements pursuant to these ends. The Secretary of Defense shall include in the report to the Congress required by section 302(c) of Public Law 93-365, as amended, a discussion of the specific assessments made under the above provisions and the results achieved with the North Atlantic Treaty Organization allies.

(c) It is the sense of the Congress that standardization of weapons and equipment within the North Atlantic Alliance on the basis of a "two-way street" concept of cooperation in defense procurement between Europe and North America could only work in a realistic sense if the European nations operated on a united and collective basis. Accordingly, the Congress encourages the governments of Europe to accelerate their present efforts to achieve European armaments collaboration among all European members of the Alliance.

Sec. 804. (a) Section 2 of the Federal Civil Defense Act of 1950 (50 U.S.C. App. 2251) is amended by inserting after the third sentence thereof a new sentence as follows: "The Congress recognizes that the organizational structure established jointly by the Federal Government and the several States and their political subdivisions for civil defense purposes can be effectively utilized, without adversely affecting the basic civil defense objectives of this Act, to provide relief and assistance to people in areas of the United States struck by disasters other than disasters caused by enemy attack."

(b) Section 408 of such Act (50 U.S.C. App. 2260) is amended by striking out the first sentence and inserting in lieu thereof the following: "There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act in the fiscal year ending September 30, 1977. No funds may be appropriated for any fiscal

year beginning after September 30, 1977, for carrying out the purpose of this Act, unless such funds have been authorized for such purpose by legislation enacted after the date of enactment of the Department of Defense Appropriations Authorization Act, 1977.”.

(c) Section 201 of such Act (50 U.S.C. App. 2281) is amended—

(1) by striking out in subsection (e) “*Provided further*, That the authority to pay travel and per diem expenses of students as authorized by this subsection shall terminate on June 30, 1976.”; and

(2) by striking out in the fourth proviso of subsection (h) “until June 30, 1976.”.

(d) Subsection (h) of section 205 of such Act (50 U.S.C. App. 2286(h)) is amended to read as follows:

Emergency
assistance.

“(h) Funds made available to the States under this Act may be used, to the extent and under such terms and conditions as shall be prescribed by the Administrator, for providing emergency assistance, including civil defense personnel, organizational equipment, materials, and facilities, in any area of the United States which suffers a disaster other than a disaster caused by an enemy attack.”.

note.

SEC. 805. (a) During the period beginning on October 1, 1976, and ending on September 30, 1978, each contract entered into by a military department for development or procurement of a major system shall, except as provided in subsection (b), include a deferred ordering clause giving the procuring authority for such system the option to purchase from the contractor involved technical data and computer software packages relating to such system. Such clause shall require such packages to be in sufficient detail to enable such procuring authority to reprocur such system, or a subsystem of such system, from a contractor other than the contractor involved in such contract.

Report to
congressional
committees.

(b) Any procuring authority to whom subsection (a) applies may exempt a particular contract for development or procurement of a major system from the requirements of such subsection, but, prior to the time any such contract without the deferred ordering clause required by such subsection is entered into, the procuring authority concerned shall report his intent to enter into such contract to the Committees on Armed Services and Appropriations of the Senate and House of Representatives with a detailed explanation for such exemption.

(2) The term “deferred ordering” means delaying the ordering of an item related to a contract until a need for such item is established and the requirements for such item can be specifically identified for delivery under such contract.

(3) The term “technical data” means, with respect to a major system, recorded data, regardless of form or characteristic, of a scientific or technical nature which is related to such system.

Public Law 94-369
94th Congress

An Act

To authorize a local public works capital development and investment program, to establish an antirecessionary program, and for other purposes.

July 22, 1976
[S. 3201]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Public Works Employment Act of 1976".

TITLE I—LOCAL PUBLIC WORKS

SEC. 101. This title may be cited as the "Local Public Works Capital Development and Investment Act of 1976".

SEC. 102. As used in this title, the term—

(1) "Secretary" means the Secretary of Commerce, acting through the Economic Development Administration.

(2) "State" includes the several States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, and American Samoa.

(3) "local government" means any city, county, town, parish, or other political subdivision of a State, and any Indian tribe.

SEC. 103. (a) The Secretary is authorized to make grants to any State or local government for construction (including demolition and other site preparation activities), renovation, repair, or other improvement of local public works projects including but not limited to those public works projects of State and local governments for which Federal financial assistance is authorized under provisions of law other than this Act. In addition the Secretary is authorized to make grants to any State or local government for the completion of plans, specifications, and estimates for local public works projects where either architectural design or preliminary engineering or related planning has already been undertaken and where additional architectural and engineering work or related planning is required to permit construction of the project under this Act.

(b) The Federal share of any project for which a grant is made under this section shall be 100 per centum of the cost of the project.

SEC. 104. In addition to the grants otherwise authorized by this Act, the Secretary is authorized to make a grant for the purpose of increasing the Federal contribution to a public works project for which Federal financial assistance is authorized under provisions of law other than this Act. Any grant made for a public works project under this section shall be in such amount as may be necessary to make the Federal share of the cost of such project 100 per centum. No grant shall be made for a project under this section unless the Federal financial assistance for such project authorized under provisions of law other than this Act is immediately available for such project and construction of such project has not yet been initiated because of lack of funding for the non-Federal share.

SEC. 105. In addition to the grants otherwise authorized by this Act, the Secretary is authorized to make a grant for the purpose of providing all or any portion of the required State or local share of the cost of any public works project for which financial assistance is

authorized under any provision of State or local law requiring such contribution. Any grant made for a public works project under this section shall be made in such amount as may be necessary to provide the requested State or local share of the cost of such project. A grant shall be made under this section for either the State or local share of the cost of the project, but not both shares. No grant shall be made for a project under this section unless the share of the financial assistance for such project (other than the share with respect to which a grant is requested under this section) is immediately available for such project and construction of such project has not yet been initiated.

42 USC 6705.

SEC. 106. (a) No grant shall be made under section 103, 104, or 105 of this Act for any project having as its principal purpose the channelization, damming, diversion, or dredging of any natural watercourse, or the construction or enlargement of any canal (other than a canal or raceway designated for maintenance as an historic site) and having as its permanent effect the channelization, damming, diversion, or dredging of such watercourse or construction or enlargement of any canal (other than a canal or raceway designated for maintenance as an historic site).

(b) No part of any grant made under section 103, 104, or 105 of this Act shall be used for the acquisition of any interest in real property.

(c) Nothing in this Act shall be construed to authorize the payment of maintenance costs in connection with any projects constructed (in whole or in part) with Federal financial assistance under this Act.

(d) Grants made by the Secretary under this Act shall be made only for projects for which the applicant gives satisfactory assurances, in such manner and form as may be required by the Secretary and in accordance with such terms and conditions as the Secretary may prescribe, that, if funds are available, on-site labor can begin within ninety days of project approval.

Rules and
regulations.
42 USC 6706.

SEC. 107. The Secretary shall, not later than thirty days after date of enactment of this Act, prescribe those rules, regulations, and procedures (including application forms) necessary to carry out this Act. Such rules, regulations, and procedures shall assure that adequate consideration is given to the relative needs of various sections of the country. The Secretary shall consider among other factors (1) the severity and duration of unemployment in proposed project areas, (2) the income levels and extent of underemployment in proposed project area, and (3) the extent to which proposed projects will contribute to the reduction of unemployment. The Secretary shall make a final determination with respect to each application for a grant submitted to him under this Act not later than the sixtieth day after the date he receives such application. Failure to make such final determination within such period shall be deemed to be an approval by the Secretary of the grant requested. For purposes of this section, in considering the extent of unemployment or underemployment, the Secretary shall consider the amount of unemployment or underemployment in the construction and construction-related industries.

42 USC 6707.

SEC. 108. (a) Not less than one-half of 1 per centum or more than 12½ per centum of all amounts appropriated to carry out this title shall be granted under this Act for local public works projects within any one State, except that in the case of Guam, Virgin Islands, and American Samoa, not less than one-half of 1 per centum in the

aggregate shall be granted for such projects in all three of these jurisdictions.

(b) In making grants under this Act, the Secretary shall give priority and preference to public works projects of local governments.

(c) In making grants under this Act, if for the three most recent consecutive months, the national unemployment rate is equal to or exceeds 6½ per centum, the Secretary shall (1) expedite and give priority to applications submitted by States or local governments having unemployment rates for the three most recent consecutive months in excess of the national unemployment rate and (2) shall give priority thereafter to applications submitted by States or local governments having unemployment rates for the three most recent consecutive months in excess of 6½ per centum, but less than the national unemployment rate. Information regarding unemployment rates may be furnished either by the Federal Government, or by States or local governments, provided the Secretary determines that the unemployment rates furnished by States or local governments are accurate, and shall provide assistance to States or local governments in the calculation of such rates to insure validity and standardization.

(d) Seventy per centum of all amounts appropriated to carry out this Act shall be granted for public works projects submitted by State or local governments given priority under clause (1) of the first sentence of subsection (c) of this section. The remaining 30 per centum shall be available for public works projects submitted by State or local governments in other classifications of priority.

(e) The unemployment rate of a local government shall, for the purposes of this Act, and upon request of the applicant, be based upon the unemployment rate of any community or neighborhood (defined without regard to political or other subdivisions or boundaries) within the jurisdiction of such local government, except that any grant made to a local government based upon the unemployment rate of a community or neighborhood within its jurisdiction must be for a project of direct benefit to, or provide employment for, unemployed persons who are residents of that community or neighborhood.

(f) In determining the unemployment rate of a local government for the purposes of this section, unemployment in those adjoining areas from which the labor force for such project may be drawn, shall, upon request of the applicant, be taken into consideration.

(g) States and local governments making application under this Act should (1) relate their specific requests to existing approved plans and programs of a local community development or regional development nature so as to avoid harmful or costly inconsistencies or contradictions; and (2) where feasible, make requests which, although capable of early initiation, will promote or advance longer range plans and programs.

Sec. 109. All laborers and mechanics employed by contractors or subcontractors on projects assisted by the Secretary under this Act shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a—276a-5). The Secretary shall not extend any financial assistance under this Act for such project without first obtaining adequate assurance that these labor standards will be maintained upon the construction work. The Secretary of Labor shall have, with respect to the labor standards specified in this provision, the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R.

TITLE II—ANTIRECESSION PROVISIONS

FINDINGS OF FACT AND DECLARATION OF POLICY

42 USC 6721.

SEC. 201. FINDINGS.—The Congress finds—

(1) that State and local governments represent a significant segment of the national economy whose economic health is essential to national economic prosperity;

(2) that present national economic problems have imposed considerable hardships on State and local government budgets;

(3) that those governments, because of their own fiscal difficulties, are being forced to take budget-related actions which tend to undermine Federal Government efforts to stimulate the economy;

(4) that efforts to stimulate the economy through reductions in Federal Government tax obligations are weakened when State and local governments are forced to increase taxes;

(5) that the net effect of Federal Government efforts to reduce unemployment through public service jobs is substantially limited if State and local governments use federally financed public service employees to replace regular employees that they have been forced to lay off;

(6) that efforts to stimulate the construction industry and reduce unemployment are substantially undermined when State and local governments are forced to cancel or delay the construction of essential capital projects; and

(7) that efforts by the Federal Government to stimulate the economic recovery will be substantially enhanced by a program of emergency Federal Government assistance to State and local governments to help prevent those governments from taking budget-related actions which undermine the Federal Government efforts to stimulate economic recovery.

FINANCIAL ASSISTANCE AUTHORIZED

42 USC 6722.

SEC. 202. (a) PAYMENTS TO STATE AND LOCAL GOVERNMENTS.—The Secretary of the Treasury (hereafter in this title referred to as the "Secretary") shall, in accordance with the provisions of this title, make payments to States and to local governments to coordinate budget-related actions by such governments with Federal Government efforts to stimulate economic recovery.

(b) **AUTHORIZATION OF APPROPRIATIONS.**—Subject to the provisions of subsections (c) and (d), there are authorized to be appropriated for each of the five succeeding calendar quarters (beginning with the calendar quarter which begins on July 1, 1976) for the purpose of payments under this title—

- (1) \$125,000,000 plus
- (2) \$62,500,000 multiplied by the number of one-half percentage points by which the rate of seasonally adjusted national unemployment for the most recent calendar quarter which ended three months before the beginning of such calendar quarter exceeded 6 percent.

(c) **AGGREGATE AUTHORIZATION.**—In no case shall the aggregate amount authorized to be appropriated under the provisions of subsection (b) for the five calendar quarters beginning with the calendar quarter which begins July 1, 1976, exceed \$1,250,000,000.

(d) **TERMINATION.**—No amount is authorized to be appropriated under the provisions of subsection (b) for any calendar quarter if—

- (1) the average rate of national unemployment during the most recent calendar quarter which ended three months before the beginning of such calendar quarter did not exceed 6 percent, and
- (2) the rate of national unemployment for the last month of the most recent calendar quarter which ended three months before the beginning of such calendar quarter did not exceed 6 percent.

ALLOCATION

SEC. 203. (a) **RESERVATIONS.**—

42 USC 6723.

(1) **ELIGIBLE STATES.**—The Secretary shall reserve one-third of the amounts appropriated pursuant to authorization under section 202 for each calendar quarter for the purpose of making payments to eligible State governments under subsection (b).

(2) **ELIGIBLE UNITS OF LOCAL GOVERNMENT.**—The Secretary shall reserve two-thirds of such amounts for the purpose of making payments to eligible units of local government under subsection (c).

(b) **STATE ALLOCATION.**—

(1) **IN GENERAL.**—The Secretary shall allocate from amounts reserved under subsection (a) (1) an amount for the purpose of making payments to each State equal to the total amount reserved under subsection (a) (1) for the calendar quarter multiplied by the applicable State percentage.

(2) **APPLICABLE STATE PERCENTAGE.**—For purposes of this subsection, the applicable State percentage is equal to the quotient resulting from the division of the product of—

- (A) the State excess unemployment percentage, multiplied by
- (B) the State revenue sharing amount by the sum of such products for all the States.

(3) **DEFINITIONS.**—For the purposes of this section—

- (A) the term “State” means each State of the United States;
- (B) the State excess unemployment percentage is equal to the difference resulting from the subtraction of 4.5 percentage points from the State unemployment rate for that State but shall not be less than zero;

(C) the State unemployment rate is equal to the rate of unemployment in the State during the appropriate calendar quarter, as determined by the Secretary of Labor and reported to the Secretary; and

31 USC 1226.

(D) the State revenue sharing amount is the amount determined under section 107 of the State and Local Fiscal Assistance Act of 1972 for the one-year period beginning on July 1, 1975.

(c) LOCAL GOVERNMENT ALLOCATION.—

(1) IN GENERAL.—The Secretary shall allocate from amounts reserved under subsection (a)(2) an amount for the purpose of making payments to each local government, subject to the provisions of paragraphs (3) and (5), equal to the total amount reserved under such subsection for calendar quarter multiplied by the local government percentage.

(2) LOCAL GOVERNMENT PERCENTAGE.—For purposes of this subsection, the local government percentage is equal to the quotient resulting from the division of the product of—

(A) the local excess unemployment percentage, multiplied by

(B) the local revenue sharing amount, by the sum of such products for all local governments.

(3) SPECIAL RULE.—

(A) For purposes of paragraphs (1) and (2), all local governments within the jurisdiction of a State other than identifiable local governments shall be treated as though they were one local government.

(B) The Secretary shall set aside from the amount allocated under paragraph (1) of this subsection for all local government within the jurisdiction of a State which are treated as though they are one local government under subparagraph (A) an amount determined under subparagraph (C) for the purpose of making payments to each local government, other than identifiable local governments within the jurisdiction of such State.

(C) The amount set aside for the purpose of making payments to each local government, other than an identifiable local government, with the jurisdiction of a State under subparagraph (B) shall be—

(i) equal to the total amount allocated under paragraph (1) of this subsection for all local governments within the jurisdiction of such State which are treated as though they are one local government under subparagraph (A) multiplied by the local government percentage as defined in paragraph (2) (determined without regard to the parenthetical phrases at the end of paragraphs (4) (B) and (C) of this subsection), unless

(ii) such State submits, within thirty days, after the effective date of this title, an allocation plan which has been approved by the State legislature and which meets the requirements set forth in section 206(a), and is approved by the Secretary under the provisions of section 206(b). In the event that a State legislature is not scheduled to meet in regular session within three months after the effective date of this title, the Governor of such State shall be authorized to submit an alternative plan

which meets the requirements set forth in section 206(a), and is approved by the Secretary under the provisions of section 206(b).

(D) If local unemployment rate data (as defined in paragraph (4)(B) of this subsection without regard to the parenthetical phrase at the end of such definition) for a local government jurisdiction is unavailable to the Secretary for purposes of determining the amount to be set aside for such government under subparagraph (C) then the Secretary shall determine such amount under subparagraph (C) by using the local unemployment rate determined under the parenthetical phrase of subsection (4)(B) for all local governments in such State treated as one jurisdiction under paragraph (A) of this subsection unless better unemployment rate data, certified by the Secretary of Labor, is available.

(4) DEFINITIONS.—For purposes of this subsection—

(A) the local excess unemployment percentage is equal to the difference resulting from the subtraction of 4.5 percentage points from the local unemployment rate, but shall not be less than zero;

(B) the local unemployment rate is equal to the rate of unemployment in the jurisdiction of the local government during the appropriate calendar quarter, as determined by the Secretary of Labor and reported to the Secretary (in the case of local governments treated as one local government under paragraph (3)(A), the local unemployment rate shall be the unemployment rate of the State adjusted by excluding consideration of unemployment and of the labor force within identifiable local governments, other than county governments, within the jurisdiction of that State);

(C) the local revenue sharing amount is the amount determined under section 108 of the State and Local Fiscal Assistance Act of 1972 for the one-year period beginning on July 1, 1975 (and in the case of local governments treated as one local government under paragraph (3)(A), the local revenue sharing amount shall be the sum of the local revenue sharing amounts of all eligible local governments within the State, adjusted by excluding an amount equal to the sum of the local revenue sharing amounts of identifiable local governments within the jurisdiction of that State);

31 USC 1227.

(D) the term “identifiable local government” means a unit of general local government for which the Secretary of Labor has made a determination concerning the rate of unemployment for purposes of title II or title VI of the Comprehensive Employment and Training Act of 1973 during the current or preceding fiscal year; and

29 USC 841,
961.

(E) the term “local government” means the government of a county, municipality, township, or other unit of government below the State which—

(i) is a unit of general government (determined on the basis of the same principles as are used by the Social and Economic Statistics Administration for general statistical purposes), and

(ii) performs substantial governmental functions. Such term includes the District of Columbia and also

includes the recognized governing body of an Indian tribe of Alaskan Native village which performs substantial governmental functions. Such term does not include the government of a township area unless such government performs substantial governmental functions.

29 USC 961. For the purpose of paragraph (4) (D), the Secretary of Labor shall, notwithstanding any other provision of law, continue to make determinations with respect to the rate of unemployment for the purposes of such title VI.

(5) SPECIAL LIMITATION.—If the amount which would be allocated to any unit of local government under this subsection is less than \$100, then no amount shall be allocated for such unit of local government under this subsection.

42 USC 6724. SEC. 204. Each State and local government shall use payments made under this title for the maintenance of basic services customarily provided to persons in that State or in the area under the jurisdiction of that local government, as the case may be. State and local governments may not use emergency support grants made under this title for the acquisition of supplies and materials and for construction unless such supplies and materials or construction are to maintain basic services.

(4) an assurance that the requirements of section 207 will be complied with;

(5) an assurance that the requirements of section 208 will be complied with;

(6) an assurance that the requirements of section 209 will be complied with;

(7) an assurance that the State or unit of local government will spend any payment it receives under this title before the end of the six-calendar-month period which begins on the day after the date on which such State or local government receives such payment; and

(8) an assurance that the State or unit of local government will spend amounts received under this title only in accordance with the laws and procedures applicable to the expenditure of its own revenues.

SEC. 206. (a) STATE ALLOCATION PLANS FOR PURPOSES OF SECTION 203(c) (3).—A State may file an allocation plan with the Secretary for purposes of section 203(c) (3) (C) (ii) at such time, in such manner, and containing such information as the Secretary may require by rule. Such rules shall be provided by the Secretary not later than sixty days of the effective date of this title. Such allocation plan shall meet the following requirements:

Rules.
42 USC 6726.

(B) if no consistent unemployment rate data is available, the local unemployment rate data for the smallest unit of identifiable local government in the jurisdiction of which such government is located,

(3) the allocation criteria must be specified in the plan, and

(4) the plan must be developed after consultation with appropriate officials of local governments within the State other than identifiable local governments.

“(A) grants, under subsection (b), to coastal states for the purposes set forth in subsection (b)(4) with respect to consequences resulting from the energy activities specified therein;

“(B) grants, under subsection (c), to coastal states for study of, and planning for, consequences relating to new or expanded energy facilities in, or which significantly affect, the coastal zone;

“(C) loans, under subsection (d)(1), to coastal states and units of general purpose local government to assist such states and units to provide new or improved public facilities or public services which are required as a result of coastal energy activity;

“(D) guarantees, under subsection (d)(2) and subject to the provisions of subsection (f), of bonds or other evidences of indebtedness issued by coastal states and units of general purpose local government for the purpose of providing new or improved public facilities or public services which are required as a result of coastal energy activity;

“(E) grants or other assistance, under subsection (d)(3), to coastal states and units of general purpose local government to enable such states and units to meet obligations under loans or guarantees under subsection (d)(1) or (2) which they are unable to meet as they mature, for reasons specified in subsection (d)(3); and

“(F) grants, under subsection (d)(4), to coastal states which have suffered, are suffering, or will suffer any unavoidable loss of a valuable environmental or recreational resource;

shall be provided, administered, and coordinated by the Secretary in accordance with the provisions of this section and under the rules and regulations required to be promulgated pursuant to paragraph (2). Any such financial assistance shall be subject to audit under section 313.

“(2) The Secretary shall promulgate, in accordance with section 317, such rules and regulations (including, but not limited to, those required under subsection (e)) as may be necessary and appropriate to carry out the provisions of this section.

“(b)(1) The Secretary shall make grants annually to coastal states, in accordance with the provisions of this subsection.

“(2) The amounts granted to coastal states under this subsection shall be, with respect to any such state for any fiscal year, the sum of the amounts calculated, with respect to such state, pursuant to subparagraphs (A), (B), (C), and (D):

“(A) An amount which bears, to one-third of the amount appropriated for the purpose of funding grants under this subsection for such fiscal year, the same ratio that the amount of outer Continental Shelf acreage which is adjacent to such state and which is newly leased by the Federal Government in the immediately preceding fiscal year bears to the total amount of outer Continental Shelf acreage which is newly leased by the Federal Government in such preceding year.

“(B) An amount which bears, to one-sixth of the amount appropriated for such purpose for such fiscal year, the same ratio that the volume of oil and natural gas produced in the immediately preceding fiscal year from the outer Continental Shelf acreage which is adjacent to such state and which is leased by the Federal

Government bears to the total volume of oil and natural gas produced in such year from all of the outer Continental Shelf acreage which is leased by the Federal Government.

“(C) An amount which bears, to one-sixth of the amount appropriated for such purpose for such fiscal year, the same ratio that the volume of oil and natural gas produced from outer Continental Shelf acreage leased by the Federal Government which is first landed in such state in the immediately preceding fiscal year bears to the total volume of oil and natural gas produced from all outer Continental Shelf acreage leased by the Federal Government which is first landed in all of the coastal states in such year.

“(D) An amount which bears, to one-third of the amount appropriated for such purpose for such fiscal year, the same ratio that the number of individuals residing in such state in the immediately preceding fiscal year who obtain new employment in such year as a result of new or expanded outer Continental Shelf energy activities bears to the total number of individuals residing in all of the coastal states in such year who obtain new employment in such year as a result of such outer Continental Shelf energy activities.

“(3) (A) The Secretary shall determine annually the amounts of the grants to be provided under this subsection and shall collect and evaluate such information as may be necessary to make such determinations. Each Federal department, agency, and instrumentality shall provide to the Secretary such assistance in collecting and evaluating relevant information as the Secretary may request. The Secretary shall request the assistance of any appropriate state agency in collecting and evaluating such information.

“(B) For purposes of making calculations under paragraph (2), outer Continental Shelf acreage is adjacent to a particular coastal state if such acreage lies on that state's side of the extended lateral seaward boundaries of such state. The extended lateral seaward boundaries of a coastal state shall be determined as follows:

“(i) If lateral seaward boundaries have been clearly defined or fixed by an interstate compact, agreement, or judicial decision (if entered into, agreed to, or issued before the date of the enactment of this paragraph), such boundaries shall be extended on the basis of the principles of delimitation used to so define or fix them in such compact, agreement, or decision.

“(ii) If no lateral seaward boundaries, or any portion thereof, have been clearly defined or fixed by an interstate compact, agreement, or judicial decision, lateral seaward boundaries shall be determined according to the applicable principles of law, including the principles of the Convention on the Territorial Sea and the Contiguous Zone, and extended on the basis of such principles.

“(iii) If, after the date of enactment of this paragraph, two or more coastal states enter into or amend an interstate compact or agreement in order to clearly define or fix lateral seaward boundaries, such boundaries shall thereafter be extended on the basis of the principles of delimitation used to so define or fix them in such compact or agreement.

“(C) For purposes of making calculations under this subsection, the transitional quarter beginning July 1, 1976, and ending September 30, 1976, shall be included within the fiscal year ending June 30, 1976.

"(4) Each coastal state shall use the proceeds of grants received by it under this subsection for the following purposes (except that priority shall be given to the use of such proceeds for the purpose set forth in subparagraph (A)):

"(A) The retirement of state and local bonds, if any, which are guaranteed under subsection (d)(2); except that, if the amount of such grants is insufficient to retire both state and local bonds, priority shall be given to retiring local bonds.

"(B) The study of, planning for, development of, and the carrying out of projects and programs in such state which are—

"(i) necessary, because of the unavailability of adequate financing under any other subsection, to provide new or improved public facilities and public services which are required as a direct result of new or expanded outer Continental Shelf energy activity; and

"(ii) of a type approved by the Secretary as eligible for grants under this paragraph, except that the Secretary may not disapprove any project or program for highways and secondary roads, docks, navigation aids, fire and police protection, water supply, waste collection and treatment (including drainage), schools and education, and hospitals and health care.

"(C) The prevention, reduction, or amelioration of any unavoidable loss in such state's coastal zone of any valuable environmental or recreational resource if such loss results from coastal energy activity.

"(5) The Secretary, in a timely manner, shall determine that each coastal state has expended or committed, and may determine that such state will expend or commit, grants which such state has received under this subsection in accordance with the purposes set forth in paragraph (4). The United States shall be entitled to recover from any coastal state an amount equal to any portion of any such grant received by such state under this subsection which—

"(A) is not expended or committed by such state before the close of the fiscal year immediately following the fiscal year in which the grant was disbursed, or

"(B) is expended or committed by such state for any purpose other than a purpose set forth in paragraph (4).

Before disbursing the proceeds of any grant under this subsection to any coastal state, the Secretary shall require such state to provide adequate assurances of being able to return to the United States any amounts to which the preceding sentence may apply.

Grants.

"(c) The Secretary shall make grants to any coastal state if the Secretary finds that the coastal zone of such state is being, or is likely to be, significantly affected by the siting, construction, expansion, or operation of new or expanded energy facilities. Such grants shall be used for the study of, and planning for (including, but not limited to, the application of the planning process included in a management program pursuant to section 305(b)(8)) any economic, social, or environmental consequence which has occurred, is occurring, or is likely to occur in such state's coastal zone as a result of the siting, construction, expansion, or operation of such new or expanded energy facilities. The amount of any such grant shall not exceed 80 per centum of the cost of such study and planning.

Ante, p. 1015.

Loans.

"(d) (1) The Secretary shall make loans to any coastal state and to any unit of general purpose local government to assist such state or unit to provide new or improved public facilities or public services, or

both, which are required as a result of coastal energy activity. Such loans shall be made solely pursuant to this title, and no such loan shall require as a condition thereof that any such state or unit pledge its full faith and credit to the repayment thereof. No loan shall be made under this paragraph after September 30, 1986.

“(2) The Secretary shall, subject to the provisions of subsection (f), guarantee, or enter into commitments to guarantee, the payment of interest on, and the principal amount of, any bond or other evidence of indebtedness if it is issued by a coastal state or a unit of general purpose local government for the purpose of providing new or improved public facilities or public services, or both, which are required as a result of a coastal energy activity.

“(3) If the Secretary finds that any coastal state or unit of general purpose local government is unable to meet its obligations pursuant to a loan or guarantee made under paragraph (1) or (2) because the actual increases in employment and related population resulting from coastal energy activity and the facilities associated with such activity do not provide adequate revenues to enable such state or unit to meet such obligations in accordance with the appropriate repayment schedule, the Secretary shall, after review of the information submitted by such state or unit pursuant to subsection (e)(3), take any of the following actions:

“(A) Modify appropriately the terms and conditions of such loan or guarantee.

“(B) Refinance such loan.

“(C) Make a supplemental loan to such state or unit the proceeds of which shall be applied to the payment of principal and interest due under such loan or guarantee.

“(D) Make a grant to such state or unit the proceeds of which shall be applied to the payment of principal and interest due under such loan or guarantee.

Notwithstanding the preceding sentence, if the Secretary—

“(i) has taken action under subparagraph (A), (B), or (C) with respect to any loan or guarantee made under paragraph (1) or (2), and

“(ii) finds that additional action under subparagraph (A), (B), or (C) will not enable such state or unit to meet, within a reasonable time, its obligations under such loan or guarantee and any additional obligations related to such loan or guarantee; the Secretary shall make a grant or grants under subparagraph (D) to such state or unit in an amount sufficient to enable such state or unit to meet such outstanding obligations.

“(4) The Secretary shall make grants to any coastal state to enable such state to prevent, reduce, or ameliorate any unavoidable loss in such state's coastal zone of any valuable environmental or recreational resource, if such loss results from coastal energy activity, if the Secretary finds that such state has not received amounts under subsection (b) which are sufficient to prevent, reduce, or ameliorate such loss.

“(e) Rules and regulations with respect to the following matters shall be promulgated by the Secretary as soon as practicable, but not later than 270 days after the date of the enactment of this section:

“(1) A formula and procedures for apportioning equitably, among the coastal states, the amounts which are available for the provision of financial assistance under subsection (d). Such formula shall be based on, and limited to, the following factors:

energy activity, and the related new population, who reside in the respective coastal states.

“(B) The standardized unit costs (as determined by the Secretary by rule), in the relevant regions of such states, for new or improved public facilities and public services which are required as a result of such expected employment and the related new population.

“(2) Criteria under which the Secretary shall review each coastal state’s compliance with the requirements of subsection (g) (2).

Criteria and
procedures for
repayment.

“(3) Criteria and procedures for evaluating the extent to which any loan or guarantee under subsection (d) (1) or (2) which is applied for by any coastal state or unit of general purpose local government can be repaid through its ordinary methods and rates for generating tax revenues. Such procedures shall require such state or unit to submit to the Secretary such information which is specified by the Secretary to be necessary for such evaluation, including, but not limited to—

“(A) a statement as to the number of additional individuals who are expected to become employed in the new or expanded coastal energy activity involved, and the related new population, who reside in such state or unit;

“(B) a description, and the estimated costs, of the new or improved public facilities or public services needed or likely to be needed as a result of such expected employment and related new population;

“(C) a projection of such state’s or unit’s estimated tax receipts during such reasonable time thereafter, not to exceed 30 years, which will be available for the repayment of such loan or guarantee; and

“(D) a proposed repayment schedule.

The procedures required by this paragraph shall also provide for the periodic verification, review, and modification (if necessary) by the Secretary of the information or other material required to be submitted pursuant to this paragraph.

“(4) Requirements, terms, and conditions (which may include the posting of security) which shall be imposed by the Secretary, in connection with loans and guarantees made under subsections (d) (1) and (2), in order to assure repayment within the time fixed, to assure that the proceeds thereof may not be used to provide public services for an unreasonable length of time, and otherwise to protect the financial interests of the United States.

Interest rate.

“(5) Criteria under which the Secretary shall establish rates of interest on loans made under subsections (d) (1) and (3). Such rates shall not exceed the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the maturity of such loans.

In developing rules and regulations under this subsection, the Secretary shall, to the extent practicable, request the views of, or consult with, appropriate persons regarding impacts resulting from coastal energy activity.

“(f) (1) Bonds or other evidences of indebtedness guaranteed under subsection (d) (2) shall be guaranteed on such terms and conditions as the Secretary shall prescribe, except that—

“(A) no guarantee shall be made unless the indebtedness involved will be completely amortized within a reasonable period, not to exceed 30 years;

“(B) no guarantee shall be made unless the Secretary determines that such bonds or other evidences of indebtedness will—

“(i) be issued only to investors who meet the requirements prescribed by the Secretary, or, if an offering to the public is contemplated, be underwritten upon terms and conditions approved by the Secretary;

“(ii) bear interest at a rate found not to be excessive by the Secretary; and

“(iii) contain, or be subject to, repayment, maturity, and other provisions which are satisfactory to the Secretary;

“(C) the approval of the Secretary of the Treasury shall be required with respect to any such guarantee, unless the Secretary of the Treasury waives such approval; and

“(D) no guarantee shall be made after September 30, 1986.

“(2) The full faith and credit of the United States is pledged to the payment, under paragraph (5), of any default on any indebtedness guaranteed under subsection (d) (2). Any such guarantee made by the Secretary shall be conclusive evidence of the eligibility of the obligation involved for such guarantee, and the validity of any such guarantee so made shall be incontestable in the hands of a holder of the guaranteed obligation, except for fraud or material misrepresentation on the part of the holder, or known to the holder at the time acquired.

“(3) The Secretary shall prescribe and collect fees in connection with guarantees made under subsection (d) (2). These fees may not exceed the amount which the Secretary estimates to be necessary to cover the administrative costs pertaining to such guarantees.

Fees.

“(4) The interest paid on any obligation which is guaranteed under subsection (d) (2) and which is received by the purchaser thereof (or the purchaser's successor in interest), shall be included in gross income for the purpose of chapter 1 of the Internal Revenue Code of 1954. The Secretary may pay out of the Fund to the coastal state or the unit of general purpose local government issuing such obligations not more than such portion of the interest on such obligations as exceeds the amount of interest that would be due at a comparable rate determined for loans made under subsection (d) (1).

26 USC 1 *et seq.*

“(5) (A) Payments required to be made as a result of any guarantee made under subsection (d) (2) shall be made by the Secretary from sums appropriated to the Fund or from moneys obtained from the Secretary of the Treasury pursuant to paragraph (6).

“(B) If there is a default by a coastal state or unit of general purpose local government in any payment of principal or interest due under a bond or other evidence of indebtedness guaranteed by the Secretary under subsection (d) (2), any holder of such bond or other evidence of indebtedness may demand payment by the Secretary of the unpaid interest on and the unpaid principal of such obligation as they become due. The Secretary, after investigating the facts presented by the holder, shall pay to the holder the amount which is due such holder, unless the Secretary finds that there was no default by such state or unit or that such default has been remedied.

“(C) If the Secretary makes a payment to a holder under subparagraph (B), the Secretary shall—

“(i) have all of the rights granted to the Secretary or the United States by law or by agreement with the obligor; and

“(ii) be subrogated to all of the rights which were granted such holder, by law, assignment, or security agreement between such holder and the obligor.

Such rights shall include, but not be limited to, a right of reimbursement to the United States against the coastal state or unit of general purpose local government for which the payment was made for the amount of such payment plus interest at the prevailing current rate as determined by the Secretary. If such coastal state, or the coastal state in which such unit is located, is due to receive any amount under subsection (b), the Secretary shall, in lieu of paying such amount to such state, deposit such amount in the Fund until such right of reimbursement has been satisfied. The Secretary may accept, in complete or partial satisfaction of any such rights, a conveyance of property or interests therein. Any property so obtained by the Secretary may be completed, maintained, operated, held, rented, sold, or otherwise dealt with or disposed of on such terms or conditions as the Secretary prescribes or approves. If, in any case, the sum received through the sale of such property is greater than the amount paid to the holder under subparagraph (D) plus costs, the Secretary shall pay any such excess to the obligor.

“(D) The Attorney General shall, upon the request of the Secretary, take such action as may be appropriate to enforce any right accruing to the Secretary or the United States as a result of the making of any guarantee under subsection (d) (2). Any sums received through any sale under subparagraph (C) or recovered pursuant to this subparagraph shall be paid into the Fund.

“(6) If the moneys available to the Secretary are not sufficient to pay any amount which the Secretary is obligated to pay under paragraph (5), the Secretary shall issue to the Secretary of the Treasury notes or other obligations (only to such extent and in such amounts as may be provided for in appropriation Acts) in such forms and denominations, bearing such maturities, and subject to such terms and conditions as the Secretary of the Treasury prescribes. Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury on the basis of the current average market yield on outstanding marketable obligations of the United States on comparable maturities during the month preceding the issuance of such notes or other obligations. Any sums received by the Secretary through such issuance shall be deposited in the Fund. The Secretary of the Treasury shall purchase any notes or other obligations issued under this paragraph, and for this purpose such Secretary may use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, as now or hereafter in force. The purposes for which securities may be issued under that Act are extended to include any purchase of notes or other obligations issued under this paragraph. The Secretary of the Treasury may at any time sell any of the notes or other obligations so acquired under this paragraph. All redemptions, purchases, and sales of such notes or other obligations by the Secretary of the Treasury shall be treated as public debt transactions of the United States.

“(g) (1) No coastal state is eligible to receive any financial assistance under this section unless such state—

“(A) has a management program which has been approved under section 306;

“(B) is receiving a grant under section 305(c) or (d); or

“(C) is, in the judgment of the Secretary, making satisfactory progress toward the development of a management program which is consistent with the policies set forth in section 303.

“(2) Each coastal state shall, to the maximum extent practicable, provide that financial assistance provided under this section be apportioned, allocated, and granted to units of local government within such state on a basis which is proportional to the extent to which such units need such assistance.

“(h) There is established in the Treasury of the United States the Coastal Energy Impact Fund. The Fund shall be available to the Secretary without fiscal year limitation as a revolving fund for the purposes of carrying out subsections (c) and (d). The Fund shall consist of—

All payments made by the Secretary to carry out the provisions of subsections (c), (d), and (f) (including reimbursements to other Government accounts) shall be paid from the Fund, only to the extent provided for in appropriation Acts. Sums in the Fund which are not currently needed for the purposes of subsections (c), (d), and (f) shall be kept on deposit or invested in obligations of, or guaranteed by, the United States.

“(i) The Secretary shall not intercede in any land use or water use decision of any coastal state with respect to the siting of any energy facility or public facility by making siting in a particular location a prerequisite to, or a condition of, financial assistance under this section.

“(j) The Secretary may evaluate, and report to the Congress, on the efforts of the coastal states and units of local government therein to reduce or ameliorate adverse consequences resulting from coastal energy activity and on the extent to which such efforts involve adequate consideration of alternative sites.

“(A) the costs of prevention, reduction, or amelioration of which cannot be directly or indirectly attributed to, or assessed against, any identifiable person; and

“(B) cannot be paid for with funds which are available under, or pursuant to, any provision of Federal law other than this section.

“(3) The term ‘unit of general purpose local government’ means any political subdivision of any coastal state or any special entity created by such a state or subdivision which (in whole or part) is located in, or has authority over, such state’s coastal zone, and which (A) has authority to levy taxes or establish and collect user fees, and (B) provides any public facility or public service which is financed in whole or part by taxes or user fees.”.

SEC. 8. INTERSTATE GRANTS.

The Coastal Zone Management Act of 1972 is further amended by adding immediately after section 308 (as added by section 7 of this Act) the following:

“INTERSTATE GRANTS

16 USC 1456b.

Such coordination, study, planning, and implementation may be conducted pursuant to interstate agreements or compacts. “(b) The consent of the Congress is hereby given to two or more coastal states to negotiate, and to enter into, agreements or compacts, which do not conflict with any law or treaty of the United States, for—

“(c) Each executive instrumentality or agency which is established by an interstate agreement or compact pursuant to this section is encouraged to adopt a Federal-State consultation procedure for the identification, examination, and cooperative resolution of mutual problems with respect to the marine and coastal areas which affect, directly or indirectly, the applicable coastal zone. The Secretary, the Secretary of the Interior, the Chairman of the Council on Environmental Quality, the Administrator of the Environmental Protection Agency, the Secretary of the department in which the Coast Guard is operating, and the Administrator of the Federal Energy Administration, or their designated representatives, shall participate *ex officio* on behalf of the Federal Government whenever any such Federal-State consultation is requested by such an instrumentality or agency.

To amend sections 203 and 204 of the Communications Act of 1934.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 203 (b) of the Communications Act of 1934 (47 U.S.C. 203 (b)) is amended to read as follows:

“(b) (1) No change shall be made in the charges, classifications, regulations, or practices which have been so filed and published except after ninety days notice to the Commission and to the public, which shall be published in such form and contain such information as the Commission may by regulations prescribe.

“(2) The Commission may, in its discretion and for good cause shown, modify any requirement made by or under the authority of this section either in particular instances or by general order applicable to special circumstances or conditions except that the Commission may not require the notice period specified in paragraph (1) to be more than ninety days.”.

SEC. 2. Section 204 of the Communications Act of 1934 (47 U.S.C. 204) is amended to read as follows:

New charges,
hearings.

“SEC. 204. (a) Whenever there is filed with the Commission any new or revised charge, classification, regulation, or practice, the Commission may either upon complaint or upon its own initiative without complaint, upon reasonable notice, enter upon a hearing concerning the lawfulness thereof; and pending such hearing and the decision thereon the Commission, upon delivering to the carrier or carriers affected thereby a statement in writing of its reasons for such suspension, may suspend the operation of such charge, classification, regulation, or practice, in whole or in part but not for a longer period than five months beyond the time when it would otherwise go into effect; and after full hearing the Commission may make such order with reference thereto as would be proper in a proceeding initiated after such charge, classification, regulation, or practice had become effective. If the proceeding has not been concluded and an order made within the period of the suspension, the proposed new or revised charge, classification, regulation, or practice shall go into effect at the end of such period; but in case of a proposed charge for a new service or an increased charge, the Commission may by order require the interested carrier or carriers to keep accurate account of all amounts received by reason of such charge for a new service or increased charge, specifying by whom and in whose behalf such amounts are paid, and upon completion of the hearing and decision may by further order require the interested carrier or carriers to refund, with interest, to the persons in whose behalf such amounts were paid, such portion of such charge for a new service or increased charges as by its decision shall be found not justified. At any hearing involving a charge increased, or sought to be increased, the burden of proof to show that the increased charge, or proposed charge, is just and reasonable shall be upon the carrier, and the Commission shall give to the hearing and decision of such questions preference over all other questions pending before it and decide the same as speedily as possible.

“(b) Notwithstanding the provisions of subsection (a) of this section, the Commission may allow part of a charge, classification, regulation, or practice to go into effect, based upon a written showing by the carrier or carriers affected, and an opportunity for written comment thereon by affected persons, that such partial authorization is just, fair, and reasonable. Additionally, or in combination with a partial authorization, the Commission, upon a similar showing, may allow all or part of a charge, classification, regulation, or practice to go into effect on a temporary basis pending further order of the Commission. Authorizations of temporary new or increased charges may include an accounting order of the type provided for in subsection (a).”.

An Act

To amend the Mineral Leasing Act of 1920, and for other purposes.

Aug. 4, 1976

[S. 391]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) this Act may be cited as the "Federal Coal Leasing Amendments Act of 1975".

(b) Except as otherwise expressly provided, whenever in this Act an amendment or repeal is expressed in terms of an amendment to, or repeal of, a section or other provision of the Mineral Lands Leasing Act, the reference shall be considered to be made to a section or other provision of the Act of February 25, 1920, entitled "An Act to promote the mining of coal, phosphate, oil, oil shale, gas, and sodium on the public domain" (41 Stat. 437).

SEC. 2. The first sentence of section 2(a) of the Mineral Lands Leasing Act (30 U.S.C. 201(a)) is amended to read as follows:

"(1) The Secretary of the Interior is authorized to divide any lands subject to this Act which have been classified for coal leasing into leasing tracts of such size as he finds appropriate and in the public interest and which will permit the mining of all coal which can be economically extracted in such tract and thereafter he shall, in his discretion, upon the request of any qualified applicant or on his own motion, from time to time, offer such lands for leasing and shall award leases thereon by competitive bidding. No less than 50 per centum of the total acreage offered for lease by the Secretary in any one year shall be leased under a system of deferred bonus payment. Upon default or cancellation of any coal lease for which bonus payments are due, any unpaid remainder of the bid shall be immediately payable to the United States. A reasonable number of leasing tracts shall be reserved and offered for lease in accordance with this section to public bodies, including Federal agencies, rural electric cooperatives, or non-profit corporations controlled by any of such entities: *Provided*, That the coal so offered for lease shall be for use by such entity or entities in implementing a definite plan to produce energy for their own use or for sale to their members or customers (except for short-term sales to others). No bid shall be accepted which is less than the fair market value, as determined by the Secretary, of the coal subject to the lease. Prior to his determination of the fair market value of the coal subject to the lease, the Secretary shall give opportunity for and consideration to public comments on the fair market value. Nothing in this section shall be construed to require the Secretary to make public his judgment as to the fair market value of the coal to be leased, or the comments he receives thereon prior to the issuance of the lease."

SEC. 3. The last sentence of section 2(a) of the Mineral Lands Leasing Act (30 U.S.C. 201(a)) is amended to read as follows:

"(2) (A) The Secretary shall not issue a lease or leases under the terms of this Act to any person, association, corporation, or any subsidiary, affiliate, or persons controlled by or under common control with such person, association, or corporation, where any such entity holds a lease or leases issued by the United States to coal deposits and has held such lease or leases for a period of ten years when such

entity is not, except as provided for in section 7(b) of this Act, producing coal from the lease deposits in commercial quantities. In computing the ten-year period referred to in the preceding sentence, periods of time prior to the date of enactment of the Federal Coal Leasing Amendments Act of 1975 shall not be counted.

“(B) Any lease proposal which permits surface coal mining within the boundaries of a National Forest which the Secretary proposes to issue under this Act shall be submitted to the Governor of each State within which the coal deposits subject to such lease are located. No such lease may be issued under this Act before the expiration of the sixty-day period beginning on the date of such submission. If any Governor to whom a proposed lease was submitted under this subparagraph objects to the issuance of such lease, such lease shall not be issued before the expiration of the six-month period beginning on the date the Secretary is notified by the Governor of such objection. During such six-month period, the Governor may submit to the Secretary a statement of reasons why such lease should not be issued and the Secretary shall, on the basis of such statement, reconsider the issuance of such lease.

Land-use plans.

“(3) (A) (i) No lease sale shall be held unless the lands containing the coal deposits have been included in a comprehensive land-use plan and such sale is compatible with such plan. The Secretary of the Interior shall prepare such land-use plans on lands under his responsibility where such plans have not been previously prepared. The Secretary of the Interior shall inform the Secretary of Agriculture of substantial development interest in coal leasing on lands within the National Forest System. Upon receipt of such notification from the Secretary of the Interior, the Secretary of Agriculture shall prepare a comprehensive land-use plan for such areas where such plans have not been previously prepared. The plan of the Secretary of Agriculture shall take into consideration the proposed coal development in these lands: *Provided*, That where the Secretary of the Interior finds that because of non-Federal interest in the surface or because the coal resources are insufficient to justify the preparation costs of a Federal comprehensive land-use plan, the lease sale can be held if the lands containing the coal deposits have been included in either a comprehensive land-use plan prepared by the State within which the lands are located or a land use analysis prepared by the Secretary of the Interior.

Proposed plans;
hearing.

“(ii) In preparing such land-use plans, the Secretary of the Interior or, in the case of lands within the National Forest System, the Secretary of Agriculture, or in the case of a finding by the Secretary of the Interior that because of non-Federal interests in the surface or insufficient Federal coal, no Federal comprehensive land-use plans can be appropriately prepared, the responsible State entity shall consult with appropriate State agencies and local governments and the general public and shall provide an opportunity for public hearing on proposed plans prior to their adoption, if requested by any person having an interest which is, or may be, adversely affected by the adoption of such plans.

“(iii) Leases covering lands the surface of which is under the jurisdiction of any Federal agency other than the Department of the Interior may be issued only upon consent of the other Federal agency and upon such conditions as it may prescribe with respect to the use and protection of the nonmineral interests in those lands.

“(B) Each land-use plan prepared by the Secretary (or in the case of lands within the National Forest System, the Secretary of

Agriculture pursuant to subparagraph (A)(i)) shall include an assessment of the amount of coal deposits in such land, identifying the amount of such coal which is recoverable by deep mining operations and the amount of such coal which is recoverable by surface mining operations.

“(C) Prior to issuance of any coal lease, the Secretary shall consider effects which mining of the proposed lease might have on an impacted community or area, including, but not limited to, impacts on the environment, on agricultural and other economic activities, and on public services. Prior to issuance of a lease, the Secretary shall evaluate and compare the effects of recovering coal by deep mining, by surface mining, and by any other method to determine which method or methods or sequence of methods achieves the maximum economic recovery of the coal within the proposed leasing tract. This evaluation and comparison by the Secretary shall be in writing but shall not prohibit the issuance of a lease; however, no mining operating plan shall be approved which is not found to achieve the maximum economic recovery of the coal within the tract. Public hearings in the area shall be held by the Secretary prior to the lease sale.

Hearings.

“(D) No lease sale shall be held until after the notice of the proposed offering for lease has been given once a week for three consecutive weeks in a newspaper of general circulation in the county in which the lands are situated in accordance with regulations prescribed by the Secretary.

Notice,
publication in
newspaper.

“(E) Each coal lease shall contain provisions requiring compliance with the Federal Water Pollution Control Act (33 U.S.C. 1151-1175) and the Clean Air Act (42 U.S.C. 1857 and following).”.

Compliance.
33 USC 1251 *et*
seq.

SEC. 4. Subject to valid existing rights, section 2(b) of the Mineral Lands Leasing Act (30 U.S.C. 201(b)) is amended to read as follows:

Exploration
license,
regulations.

“(b) (1) The Secretary may, under such regulations as he may prescribe, issue to any person an exploration license. No person may conduct coal exploration for commercial purposes for any coal on lands subject to this Act without such an exploration license. Each exploration license shall be for a term of not more than two years and shall be subject to a reasonable fee. An exploration license shall confer no right to a lease under this Act. The issuance of exploration licenses shall not preclude the Secretary from issuing coal leases at such times and locations and to such persons as he deems appropriate. No exploration license will be issued for any land on which a coal lease has been issued. A separate exploration license will be required for exploration in each State. An application for an exploration license shall identify general areas and probable methods of exploration. Each exploration license shall contain such reasonable conditions as the Secretary may require, including conditions to insure the protection of the environment, and shall be subject to all applicable Federal, State, and local laws and regulations. Upon violation of any such conditions or laws the Secretary may revoke the exploration license.

Conditions.

Revocation.

“(2) A licensee may not cause substantial disturbance to the natural land surface. He may not remove any coal for sale but may remove a reasonable amount of coal from the lands subject to this Act included under his license for analysis and study. A licensee must comply with all applicable rules and regulations of the Federal agency having jurisdiction over the surface of the lands subject to this Act. Exploration licenses covering lands the surface of which is under the jurisdiction of any Federal agency other than the Department of the Interior may be issued only upon such conditions as it may prescribe with respect to the use and protection of the nonmineral interests in those lands.

Data.	“(3) The licensee shall furnish to the Secretary copies of all data (including, but not limited to, geological, geophysical, and core drilling analyses) obtained during such exploration. The Secretary shall maintain the confidentiality of all data so obtained until after the areas involved have been leased or until such time as he determines that making the data available to the public would not damage the competitive position of the licensee, whichever comes first.
Penalty.	“(4) Any person who willfully conducts coal exploration for commercial purposes on lands subject to this Act without an exploration license issued hereunder shall be subject to a fine of not more than \$1,000 for each day of violation. All data collected by said person on any Federal lands as a result of such violation shall be made immediately available to the Secretary, who shall make the data available to the public as soon as it is practicable. No penalty under this subsection shall be assessed unless such person is given notice and opportunity for a hearing with respect to such violation.”.
Notice and hearing.	
Repeal. 30 USC 201-1 note.	SEC. 5. (a) Subject to valid existing rights, subsections 2(c) and 2(d) of the Act of August 31, 1964 (78 Stat. 710; 30 U.S.C. 201-1) are hereby repealed.
Logical mining unit. 30 USC 201. 30 USC 202a. Hearing.	(b) Section 2 of the Mineral Lands Leasing Act is amended by the addition of the following new subsection at the end thereof: “(d) (1) The Secretary, upon determining that maximum economic recovery of the coal deposit or deposits is served thereby, may approve the consolidation of coal leases into a logical mining unit. Such consolidation may only take place after a public hearing, if requested by any person whose interest is or may be adversely affected. A logical mining unit is an area of land in which the coal resources can be developed in an efficient, economical, and orderly manner as a unit with due regard to conservation of coal reserves and other resources. A logical mining unit may consist of one or more Federal leaseholds, and may include intervening or adjacent lands in which the United States does not own the coal resources, but all the lands in a logical mining unit must be under the effective control of a single operator, be able to be developed and operated as a single operation and be contiguous.
Reserves.	“(2) After the Secretary has approved the establishment of a logical mining unit, any mining plan approved for that unit must require such diligent development, operation, and production that the reserves of the entire unit will be mined within a period established by the Secretary which shall not be more than forty years. “(3) In approving a logical mining unit, the Secretary may provide, among other things, that (i) diligent development, continuous operation, and production on any Federal lease or non-Federal land in the logical mining unit shall be construed as occurring on all Federal leases in that logical mining unit, and (ii) the rentals and royalties for all Federal leases in a logical mining unit may be combined, and advanced royalties paid for any lease within a logical mining unit may be credited against such combined royalties.
	“(4) The Secretary may amend the provisions of any lease included in a logical mining unit so that mining under that lease will be consistent with the requirements imposed on that logical mining unit. “(5) Leases issued before the date of enactment of this Act may be included with the consent of all lessees in such logical mining unit, and, if so included, shall be subject to the provisions of this section.
Regulation.	“(6) By regulation the Secretary may require a lessee under this Act to form a logical mining unit, and may provide for determination of participating acreage within a unit.

“(7) No logical mining unit shall be approved by the Secretary if the total acreage (both Federal and non-Federal) of the unit would exceed twenty-five thousand acres.

“(8) Nothing in this section shall be construed to waive the acreage limitations for coal leases contained in section 27(a) of the Mineral Lands Leasing Act (30 U.S.C. 184(a)).”

SEC. 6. Section 7 of the Mineral Lands Leasing Act (30 U.S.C. 207) is amended to read as follows:

“SEC. 7. (a) A coal lease shall be for a term of twenty years and for so long thereafter as coal is produced annually in commercial quantities from that lease. Any lease which is not producing in commercial quantities at the end of ten years shall be terminated. The Secretary shall by regulation prescribe annual rentals on leases. A lease shall require payment of a royalty in such amount as the Secretary shall determine of not less than 12½ per centum of the value of coal as defined by regulation, except the Secretary may determine a lesser amount in the case of coal recovered by underground mining operations. The lease shall include such other terms and conditions as the Secretary shall determine. Such rentals and royalties and other terms and conditions of the lease will be subject to readjustment at the end of its primary term of twenty years and at the end of each ten-year period thereafter if the lease is extended.

Terms and conditions.

Regulation.
Royalty.

“(b) Each lease shall be subject to the conditions of diligent development and continued operation of the mine or mines, except where operations under the lease are interrupted by strikes, the elements, or casualties not attributable to the lessee. The Secretary of the Interior, upon determining that the public interest will be served thereby, may suspend the condition of continued operation upon the payment of advance royalties. Such advance royalties shall be no less than the production royalty which would otherwise be paid and shall be computed on a fixed reserve to production ratio (determined by the Secretary). The aggregate number of years during the period of any lease for which advance royalties may be accepted in lieu of the condition of continued operation shall not exceed ten. The amount of any production royalty paid for any year shall be reduced (but not below 0) by the amount of any advance royalties paid under such lease to the extent that such advance royalties have not been used to reduce production royalties for a prior year. No advance royalty paid during the initial twenty-year term of a lease shall be used to reduce a production royalty after the twentieth year of a lease. The Secretary may, upon six months' notification to the lessee cease to accept advance royalties in lieu of the requirement of continued operation. Nothing in this subsection shall be construed to affect the requirement contained in the second sentence of subsection (a) relating to commencement of production at the end of ten years.

Advance royalties.

“(c) Prior to taking any action on a leasehold which might cause a significant disturbance of the environment, and not later than three years after a lease is issued, the lessee shall submit for the Secretary's approval an operation and reclamation plan. The Secretary shall approve or disapprove the plan or require that it be modified. Where the land involved is under the surface jurisdiction of another Federal agency, that other agency must consent to the terms of such approval.”

Operation and reclamation plan, submittal to Secretary.

SEC. 7. The Mineral Lands Leasing Act is amended by inserting after section 8 the following new section 8A:

This program shall be designed to obtain the resource information necessary for determining whether commercial quantities of coal are present and the geographical extent of the coal fields and for estimating the amount of such coal which is recoverable by deep mining operations and the amount of such coal which is recoverable by surface mining operations in order to provide a basis for—

“(1) developing a comprehensive land use plan pursuant to section 2;

“(2) improving the information regarding the value of public resources and revenues which should be expected from leasing;

“(3) increasing competition among producers of coal, or products derived from the conversion of coal, by providing data and information to all potential bidders equally and equitably;

“(4) providing the public with information on the nature of the coal deposits and the associated stratum and the value of the public resources being offered for sale; and

“(5) providing the basis for the assessment of the amount of coal deposits in those lands subject to this Act under subparagraph (B) of section 2(a) (3).

“(c) Nothing in this section shall limit any person from conducting exploratory geophysical surveys including seismic, geophysical, chemical surveys to the extent permitted by section 2(b). The information obtained from the exploratory drilling carried out by a person not under contract with the United States Government for such drilling prior to award of a lease shall be provided the confidentiality pursuant to subsection (d).

“(d) The Secretary shall make available to the public by appropriate means all data, information, maps, interpretations, and surveys which are obtained directly by the Department of the Interior or under a service contract pursuant to subsection (b). The Secretary shall maintain a confidentiality of all proprietary data or information purchased from commercial sources while not under contract with the United States Government until after the areas involved have been leased.

“(e) All Federal departments or agencies are authorized and directed to provide the Secretary with any information or data that may be deemed necessary to assist the Secretary in implementing the exploratory program pursuant to this section. Proprietary information or data provided to the Secretary under the provisions of this subsection shall remain confidential for such period of time as agreed to by the head of the department or agency from whom the information is requested. In addition, the Secretary is authorized and directed to utilize the existing capabilities and resources of other Federal departments and agencies by appropriate agreement.

“(f) The Secretary is directed to prepare, publish, and keep current a series of detailed geological, and geophysical maps of, and reports concerning, all coal lands to be offered for leasing under this Act, based on data and information compiled pursuant to this section. The implementation plan shall include a projected schedule of exploratory activities and identification of the regions and areas which will be explored under the coal lands exploration program during the first five years following the enactment of this section. In addition, the implementation plan shall include estimates of the appropriations and staffing required to implement the coal lands exploration program.

“(h) The stratigraphic drilling authorized in subsection (b) shall be carried out in such a manner as to obtain information pertaining to all recoverable reserves. For the purpose of complying with subsection (a), the Secretary shall require all those authorized to conduct stratigraphic drilling pursuant to subsection (b) to supply a statement of the results of test boring of core sampling including logs of the drill holes; the thickness of the coal seams found; an analysis of the chemical properties of such coal; and an analysis of the strata layers lying above all the seams of coal. All drilling activities shall be conducted using the best current technology and practices.”

[S. 3735]

SEC. 2. Section 317 of the Public Health Service Act (42 U.S.C. 247b) is amended by inserting after subsection (i) the following new subsections:

42 USC 201 note.

"(j)(1) The Secretary is authorized to establish, conduct, and support (by grant or contract) needed activities to carry out a national swine flu immunization program until August 1, 1977 (hereinafter in this section referred to as the 'swine flu program'). The swine flu program shall be limited to the following:

"(A) The development of a safe and effective swine flu vaccine.

"(B) The preparation and procurement of such vaccine in sufficient quantities for the immunization of the population of the States.

"(E) The conduct and support of training of personnel for immunization activities described in subparagraphs (C) and (D) of this paragraph and the conduct and support of research on the nature, cause, and effect of the influenza against which the swine flu vaccine is designed to immunize, the nature and effect of such vaccine, immunization against and treatment of such influenza, and the cost and effectiveness of immunization programs against such influenza.

"(F) The development, in consultation with the National Commission for the Protection of Human Subjects of Biomedical and Behavioral Research, and implementation of a written informed consent form and procedures for assuring that the risks and benefits from the swine flu vaccine are fully explained to each individual to whom such vaccine is to be administered. Such consultation shall be completed within two weeks after enactment of this Act, or by September 1, 1976, whichever is sooner. Such procedures shall include the information necessary to advise individuals with respect to their rights and remedies arising out of the administration of such vaccine.

Informed consent
form and
procedures.

"(G) Such other activities as are necessary to implement the swine flu program.

Reports to
Congress.

"(2) The Secretary shall submit quarterly reports to the Congress on the administration of the swine flu program. Each such report shall provide information on—

"(A) the current supply of the swine flu vaccine to be used in the program;

"(B) the number of persons inoculated with such vaccine since the last report was made under this paragraph and the immune status of the population;

"(C) the amount of funds expended for the swine flu program by the United States, each State, and any other entity participating in the program and the costs of each such participant which are associated with the program, during the period with respect to which the report is made; and

"(D) the epidemiology of influenza in the United States during such period.

Contracts.

"(3) Any contract for procurement by the United States of swine flu vaccine from a manufacturer of such vaccine shall (notwithstanding any other provision of law) be subject to renegotiation to eliminate any profit realized from such procurement (except that with respect to vaccine against the strain of influenza virus known as influenza A/Victoria/75 profit shall be allowed but limited to an amount not exceeding a reasonable profit), as determined pursuant to criteria prescribed by the Secretary, and the contract shall expressly so provide. Ante, p. 362.
Claims against
the United States.

"(k) (1) (A) The Congress finds that—

"(i) in order to achieve the participation in the program of the agencies, organizations, and individuals who will manufacture, distribute, and administer the swine flu vaccine purchased and used in the swine flu program and to assure the availability of such vaccine in interstate commerce, it is necessary to protect such agencies, organizations, and individuals against liability for other than their own negligence to persons alleging personal injury or death arising out of the administration of such vaccine;

"(ii) to provide such protection and to establish an orderly procedure for the prompt and equitable handling of claims by persons alleging such injury or death, it is necessary that an exclusive remedy for such claimants be provided against the United States because of its unique role in the initiation, planning, and administration of the swine flu program; and

"(iii) in order to be prepared to meet the potential emergency of a swine flu epidemic, it is necessary that a procedure be instituted for the handling of claims by persons alleging such injury or death until Congress develops a permanent approach for handling claims arising under programs of the Public Health Service Act.

“(B) To—

“(i) assure an orderly procedure for the prompt and equitable handling of any claim for personal injury or death arising out of the administration of such vaccine; and

“(ii) achieve the participation in the swine flu program of (I) the manufacturers and distributors of the swine flu vaccine, (II) public and private agencies or organizations that provide inoculations without charge for such vaccine or its administration and in compliance with the informed consent form and procedures requirements prescribed pursuant to subparagraph (F) of paragraph (1) of this subsection, and (III) medical and other health personnel who provide or assist in providing inoculations without charge for such vaccine or its administration and in compliance with such informed consent form and procedures requirements,

it is the purpose of this subsection to establish a procedure under which all such claims will be asserted directly against the United States under section 1346(b) of title 28, United States Code, and chapter 171 of such title (relating to tort claims procedure) except as otherwise specifically provided in this subsection.

28 USC 2671 *et seq.*

“(2)(A) The United States shall be liable with respect to claims submitted after September 30, 1976 for personal injury or death arising out of the administration of swine flu vaccine under the swine flu program and based upon the act or omission of a program participant in the same manner and to the same extent as the United States would be liable in any other action brought against it under such section 1346(b) and chapter 171, except that—

Liability.

“(i) the liability of the United States arising out of the act or omission of a program participant may be based on any theory of liability that would govern an action against such program participant under the law of the place where the act or omission occurred, including negligence, strict liability in tort, and breach of warranty;

“(ii) the exceptions specified in section 2680(a) of title 28, United States Code, shall not apply in an action based upon the act or omission of a program participant; and

“(iii) notwithstanding section 2401(b) of title 28, United States Code, if a civil action or proceeding for personal injury or death arising out of the administration of swine flu vaccine under the swine flu program is brought within two years of the date of the administration of such vaccine and is dismissed because the plaintiff in such action or proceeding did not file an administrative claim with respect to such injury or death as required by such chapter 171, the plaintiff in such action or proceeding shall have 30 days from the date of such dismissal or two years from the date the claim arose, whichever is later, in which to file such administrative claim.

Administrative claim, filing deadline.

“(B) For purposes of this subsection, the term ‘program participant’ as to any particular claim means the manufacturer or distributor of the swine flu vaccine used in an inoculation under the swine flu program, the public or private agency or organization that provided an inoculation under the swine flu program without charge for such vaccine or its administration and in compliance with the

“Program participant.”

informed consent form and procedures requirements prescribed pursuant to subparagraph (F) of paragraph (1) of this subsection, and the medical and other health personnel who provided or assisted in providing an inoculation under the swine flu program without charge for such vaccine or its administration and in compliance with such informed consent form and procedures requirements.

“(3) The remedy against the United States prescribed by paragraph (2) of this subsection for personal injury or death arising out of the administration of the swine flu vaccine under the swine flu program shall be exclusive of any other civil action or proceeding for such personal injury or death against any employee of the Government (as defined in section 2671 of title 28, United States Code) or program participant whose act or omission gave rise to the claim.

Attorney
General, civil
action defense.

“(4) The Attorney General shall defend any civil action or proceeding brought in any court against any employee of the Government (as defined in such section 2671) or program participant (or any liability insurer thereof) based upon a claim alleging personal injury or death arising out of the administration of vaccine under the swine flu program. Any such person against whom such civil action or proceeding is brought shall deliver all process served upon him (or an attested true copy thereof) to whoever is designated by the Secretary to receive such papers, and such person shall promptly furnish copies of the pleadings and process therein to the United States attorney for the district embracing the place wherein the civil action or proceeding is brought, to the Attorney General, and to the Secretary.

“(5) (A) Upon certification by the Attorney General that a civil action or proceeding brought in any court against any employee of the Government (as defined in such section 2671) or program participant is based upon a claim alleging personal injury or death arising out of the administration of vaccine under the swine flu program, such action or proceeding shall be deemed an action against the United States under the provisions of title 28, United States Code, and all references thereto. If such action or proceeding is brought in a district court of the United States, then upon such certification the United States shall be substituted as the party defendant.

“(B) Upon a certification by the Attorney General under subparagraph (A) of this paragraph with respect to a civil action or proceeding commenced in a State court, such action or proceeding shall be removed, without bond at any time before trial, by the Attorney General to the district court of the United States of the district and division embracing the place wherein it is pending and be deemed an action brought against the United States under the provisions of title 28, United States Code, and all references thereto; and the United States shall be substituted as the party defendant. The certification of the Attorney General with respect to program participant status shall conclusively establish such status for purposes of such initial removal. Should a district court of the United States determine on a hearing on a motion to remand held before a trial on the merits that an action or proceeding is not one to which this subsection applies, the case shall be remanded to the State court.

“(C) Where an action or proceeding under this subsection is precluded because of the availability of a remedy through proceedings for compensation or other benefits from the United States as provided

by any other law, the action or proceeding shall be dismissed, but in that event the running of any limitation of time for commencing, or filing an application or claim in, such proceedings for compensation or other benefits shall be deemed to have been suspended during the pendency of the civil action or proceeding under this subsection.

“(6) A program participant shall cooperate with the United States in the processing or defense of a claim or suit under such section 1346(b) and chapter 171 based upon alleged acts or omissions of the program participant. Upon the motion of the United States or any other party, the status as a program participant shall be revoked by the district court of the United States upon finding that the program participant has failed to so cooperate, and the court shall substitute such former participant as the party defendant in place of the United States and, upon motion, remand any such suit to the court in which it was instituted.

Cooperation.

28 USC 1346,
2671 *et seq.*

“(7) Should payment be made by the United States to any claimant bringing a claim under this subsection, either by way of administrative settlement or court judgment, the United States shall have, notwithstanding any provision of State law, the right to recover for that portion of the damages so awarded or paid, as well as any costs of litigation, resulting from the failure of any program participant to carry out any obligation or responsibility assumed by it under a contract with the United States in connection with the program or from any negligent conduct on the part of any program participant in carrying out any obligation or responsibility in connection with the swine flu program. The United States may maintain such action against such program participant in the district court of the United States in which such program participant resides or has its principal place of business.

Payment.

“(8) Within one year of the date of the enactment of the National Swine Flu Immunization Program of 1976, and semiannually thereafter, the Secretary shall submit to the Congress a report on the conduct of settlement and litigation activities under this subsection, specifying the number, value, nature, and status of all claims made thereunder, including the status of claims for recovery made under paragraph (7) of this subsection and a detailed statement of the reasons for not seeking such recovery.

Report to
Congress.

“(1) For the purposes of subsections (j) and (k) of this section—

Definitions.

“(1) the phrase ‘arising out of the administration’ with reference to a claim for personal injury or death under the swine flu program includes a claim with respect to the manufacture or distribution of such vaccine in connection with the provision of an inoculation using such vaccine under the swine flu program;

“(2) the term ‘State’ includes the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Trust Territory of the Pacific Islands; and

“(3) the term ‘swine flu vaccine’ means the vaccine against the strain of influenza virus known as influenza A/New Jersey/76 (Hsw 1N1), or a combination of such vaccine and the vaccine against the strain of influenza virus known as influenza A/Victoria/75.”.

The Secretary of Health, Education, and Welfare shall conduct, or provide for the conduct of, a study of the scope and extent of liability for personal injuries or death arising out of immunization programs and of alternative approaches to providing protection against such liability (including a compensation system) for such injuries. Within one year of the date of the enactment of this Act, the Secretary shall report to the Congress the findings of such study and such recommendations for legislation (including proposed drafts to carry out such recommendations) as the Secretary deems appropriate.

Act Amendments
of 1976.

PART A—FEDERAL ENERGY ADMINISTRATION ACT AMENDMENTS

SHORT TITLE

SEC. 101. This title may be cited as the “Federal Energy Administration Act Amendments of 1976”. 15 USC 761 note.

LIMITATION ON DISCRETION OF ADMINISTRATOR WITH RESPECT TO ENERGY ACTIONS

SEC. 102. Section 5 of the Federal Energy Administration Act of 1974 is amended by adding at the end thereof the following:

15 USC 764.

“(c) (1) The Administrator shall not exercise the discretion delegated to him by the President, pursuant to section 5(b) of the Emergency Petroleum Allocation Act of 1973, to submit to the Congress as one energy action any amendment to the regulation under section 4(a) of such Act, pursuant to section 12 of such Act, which amendment exempts any oil, refined petroleum product, or refined product category from both the allocation and pricing provisions of the regulation under section 4 of such Act.

15 USC 754.

15 USC 753,
760a.

“(2) Nothing in this subsection shall prevent the Administrator from concurrently submitting an energy action relating to price together with an energy action relating to allocation of the same oil, refined petroleum product, or refined product category.”.

ENVIRONMENTAL PROTECTION AGENCY COMMENT PERIOD AND NOTICE OF WAIVER

SEC. 103. Paragraphs (1) and (2) of section 7(c) of the Federal Energy Administration Act of 1974 are amended to read as follows:

15 USC 766.

“(1) The Administrator shall, before promulgating proposed rules, regulations, or policies affecting the quality of the environment, provide a period of not less than five working days during which the Administrator of the Environmental Protection Agency may provide written comments concerning the impact of such rules, regulations, or policies on the quality of the environment. Such comments shall be published together with publication of notice of the proposed action.

Rules and
regulations.

“(2) The review required by paragraph (1) of this subsection may be waived for a period of fourteen days if there is an emergency situation which, in the judgment of the Administrator, requires making effective the action proposed to be taken at a date earlier than would permit the Administrator of the Environmental Protection Agency the five working days opportunity for prior comment required by paragraph (1). Notice of any such waiver shall be given to the Administrator of the Environmental Protection Agency and filed with the Federal Register with the publication of notice of proposed or final agency action and shall include an explanation of the reasons for such waiver, together with supporting data and a description of the factual situation in such detail as the Administrator determines will apprise such agency and the public of the reasons for such waiver.”.

GUIDELINES FOR HARDSHIP AND INEQUITY AND HEARING AT APPEALS

15 USC 766.
Rules and
regulations.

SEC. 104. Section 7(i) (1) (D) of the Federal Energy Administration Act of 1974 is amended to read as follows:

15 USC 761 note.

Review.

“(D) Any officer or agency authorized to issue the rules, regulations, or orders described in paragraph (A) shall provide for the making of such adjustments, consistent with the other purposes of this Act, as may be necessary to prevent special hardship, inequity, or unfair distribution of burdens and shall, by rule, establish procedures which are available to any person for the purpose of seeking an interpretation, modification, rescission of, exception to, or exemption from, such rules, regulations, and orders. Such officer or agency shall, within ninety days after the date of the enactment of the Federal Energy Administration Act Amendments of 1976, establish criteria and guidelines by which such special hardship, inequity, or unfair distribution of burdens shall be evaluated. Such officer or agency shall additionally insure that each decision on any application or petition requesting an adjustment shall specify the standards of hardship, inequity, or unfair distribution of burden by which any disposition was made, and the specific application of such standards to the facts contained in any such application or petition. If any person is aggrieved or adversely affected by a denial of a request for adjustment under the preceding sentences, he may request a review of such denial by the agency and may obtain judicial review in accordance with paragraph (2) of this subsection when such a denial becomes final. The agency shall, by rule, establish appropriate procedures, including a hearing when requested, for review of a denial, and where deemed advisable by the agency, for considering other requests for action under this paragraph, except that no review of a denial under this subparagraph shall be controlled by the same officer denying the adjustment pursuant to this subparagraph.”

RULES AND REGULATIONS OF THE ADMINISTRATOR

15 USC 766.

SEC. 105. Section 7(i) (1) is amended by adding after subparagraph (E) the following new subparagraph:

“(I) a single unit of local government or the residents thereof;

“(II) a single geographic area within a State or the residents thereof; or

“(III) a single State or the residents thereof;

the Administrator shall, in any case where he is required by law, or where he determines, to afford an opportunity for a hearing or the oral presentation of views, provide procedures for the holding of such hearing or oral presentation within the boundaries of the unit of local government, geographic area, or State described in subclauses (I) through (III), as the case may be.

ENFORCEMENT OF REGULATIONS AND RULINGS

SEC. 106. Section 7 of the Federal Energy Administration Act of 1974 is amended by adding at the end thereof the following:

15 USC 766.

Energy
Conservation
Standards for
New Buildings
Act of 1976.

TITLE III—ENERGY CONSERVATION STANDARDS FOR NEW BUILDINGS

SHORT TITLE

42 USC 6831
note.

SEC. 301. This title may be cited as the “Energy Conservation Standards for New Buildings Act of 1976”.

FINDINGS AND PURPOSES

42 USC 6831.

SEC. 302. (a) The Congress finds that—

(1) large amounts of fuel and energy are consumed unnecessarily each year in heating, cooling, ventilating, and providing domestic hot water for newly constructed residential and com-

mercial buildings because such buildings lack adequate energy conservation features;

(2) Federal performance standards for newly constructed buildings can prevent such waste of energy, which the Nation can no longer afford in view of its current and anticipated energy shortage;

(3) the failure to provide adequate energy conservation measures in newly constructed buildings increases long-term operating costs that may affect adversely the repayment of, and security for, loans made, insured, or guaranteed by Federal agencies or made by federally insured or regulated instrumentalities; and

(4) State and local building codes or similar controls can provide an existing means by which to assure, in coordination with other building requirements and with a minimum of Federal interference in State and local transactions, that newly constructed buildings contain adequate energy conservation features.

(b) The purposes of this title, therefore, are to—

(1) redirect Federal policies and practices to assure that reasonable energy conservation features will be incorporated into new commercial and residential buildings receiving Federal financial assistance;

(2) provide for the development and implementation, as soon as practicable, of performance standards for new residential and commercial buildings which are designed to achieve the maximum practicable improvements in energy efficiency and increases in the use of nondepletable sources of energy; and

(3) encourage States and local governments to adopt and enforce such standards through their existing building codes and other construction control mechanisms, or to apply them through a special approval process.

SEC. 309. In developing and promulgating performance standards and carrying out other functions under this title, the Secretary shall consult with appropriate representatives of the building community (including representatives of labor and the construction industry, engineers, and architects), with appropriate public officials and organizations of public officials, and with representatives of consumer groups. For purposes of such consultation, the Secretary shall, to the extent practicable, make use of the National Institute of Building Sciences. Such activities shall be designed to assure that such standards are adequately analyzed in terms of energy efficiency, stimulation of use of nondepletable sources of energy, institutional resources, habitability, economic cost and benefit, and impact upon affected groups. 42 USC 6839.

MONITORING OF STATE AND LOCAL ADOPTION OF ENERGY CONSERVATION STANDARDS FOR BUILDINGS

SEC. 311. The Secretary, with the advice and assistance of the National Institute of Building Sciences, shall— 42 USC 6840.

(1) monitor the progress made by the States and their political subdivisions in adopting and enforcing energy conservation standards for new buildings;

Existing
Buildings Act of
1976.

TITLE IV—ENERGY CONSERVATION AND RENEWABLE-RESOURCE ASSISTANCE FOR EXISTING BUILDINGS

SHORT TITLE

42 USC 6851
note.

SEC. 401. This title may be cited as the "Energy Conservation in Existing Buildings Act of 1976".

FINDINGS AND PURPOSE

42 USC 6851.

SEC. 402. (a) The Congress finds that—

(1) the fastest, most cost-effective, and most environmentally sound way to prevent future energy shortages in the United States, while reducing the Nation's dependence on imported energy supplies, is to encourage and facilitate, through major programs, the implementation of energy conservation and renewable-resource energy measures with respect to dwelling units, nonresidential buildings, and industrial plants;

(2) current efforts to encourage and facilitate such measures are inadequate as a consequence of—

(A) a lack of adequate and available financing for such measures, particularly with respect to individual consumers and owners of small businesses;

(B) a shortage of reliable and impartial information and advisory services pertaining to practicable energy conservation measures and renewable-resource energy measures and the cost savings that are likely if they are implemented in such units, buildings, and plants; and

(C) the absence of organized programs which, if they existed, would enable consumers, especially individuals and owners of small businesses, to undertake such measures easily and with confidence in their economic value;

(3) major programs of financial incentives and assistance for energy conservation measures and renewable-resource energy measures in dwelling units, nonresidential buildings, and industrial plants would—

(A) significantly reduce the Nation's demand for energy and the need for petroleum imports;

(B) cushion the adverse impact of the high price of energy supplies on consumers, particularly elderly and handicapped low-income persons who cannot afford to make the modifications necessary to reduce their residential energy use; and

(C) increase, directly and indirectly, job opportunities and national economic output;

(4) the primary responsibility for the implementation of such major programs should be lodged with the governments of the States; the diversity of conditions among the various States and regions of the Nation is sufficiently great that a wholly federally

administered program would not be as effective as one which is tailored to meet local requirements and to respond to local opportunities; the State should be allowed flexibility within which to fashion such programs, subject to general Federal guidelines and monitoring sufficient to protect the financial investments of consumers and the financial interest of the United States and to insure that the measures undertaken in fact result in significant energy and cost savings which would probably not otherwise occur;

(5) to the extent that direct Federal administration is more economical and efficient, direct Federal financial incentives and assistance should be extended through existing and proven Federal programs rather than through new programs that would necessitate new and separate administrative bureaucracies; and

(6) such programs should be designed and administered to supplement, and not to supplant or in any other way conflict with, State energy conservation programs under part C of title III of the Energy Policy and Conservation Act; the emergency energy conservation program carried out by community action agencies pursuant to section 222(a)(12) of the Economic Opportunity Act of 1964; and other forms of assistance and encouragement for energy conservation.

42 USC 6341.

42 USC 2809.

(b) It is, therefore, the purpose of this title to encourage and facilitate the implementation of energy conservation measures and renewable-resource energy measures in dwelling units, nonresidential buildings, and industrial plants, through—

- (1) supplemental State energy conservation plans; and
- (2) Federal financial incentives and assistance.

PART A—WEATHERIZATION ASSISTANCE FOR LOW-INCOME PERSONS

FINDINGS AND PURPOSE

SEC. 411. (a) The Congress finds that—

42 USC 6861.

(1) dwellings owned or occupied by low-income persons frequently are inadequately insulated;

(2) low-income persons, particularly elderly and handicapped low-income persons, can least afford to make the modifications necessary to provide for adequate insulation in such dwellings and to otherwise reduce residential energy use;

(3) weatherization of such dwellings would lower utility expenses for such low-income owners or occupants as well as save thousands of barrels per day of needed fuel; and

(4) States, through community action agencies established under the Economic Opportunity Act of 1964 and units of general purpose local government, should be encouraged, with Federal financial and technical assistance, to develop and support coordinated weatherization programs designed to ameliorate the adverse effects of high energy costs on such low-income persons, to supplement other Federal programs serving such persons, and to conserve energy.

42 USC 2701
note.

(b) It is, therefore, the purpose of this part to develop and implement a supplementary weatherization assistance program to assist in achieving a prescribed level of insulation in the dwellings of low-income persons, particularly elderly and handicapped low-income persons, in order both to aid those persons least able to afford higher utility costs and to conserve needed energy.

WEATHERIZATION PROGRAM

- 42 USC 6863. SEC. 413. (a) The Administrator shall develop and conduct, in accordance with the purpose and provisions of this part, a weatherization program. In developing and conducting such program, the Administrator may, in accordance with this part and regulations promulgated under this part, make grants (1) to States, and (2) in accordance with the provisions of subsection (d), to Indian tribal organizations to serve Native Americans. Such grants shall be made for the purpose of providing financial assistance with regard to projects designed to provide for the weatherization of dwelling units, particularly those where elderly or handicapped low-income persons reside, in which the head of the household is a low-income person.
- Grants.
- Proposed regulations; publication in Federal Register.
- (b) (1) The Administrator, after consultation with the Director, the Secretary of Housing and Urban Development, the Secretary of Health, Education, and Welfare, the Secretary of Labor, the Director

of the ACTION Agency, and the heads of such other Federal departments and agencies as the Administrator deems appropriate, shall develop and publish in the Federal Register for public comment, not later than 60 days after the date of enactment of this part, proposed regulations to carry out the provisions of this part. The Administrator shall take into consideration comments submitted regarding such proposed regulations and shall promulgate and publish final regulations for such purpose not later than 90 days after the date of such enactment. The development of regulations under this part shall be fully coordinated with the Director.

(2) The regulations promulgated pursuant to this section shall include provisions—

(A) prescribing, in coordination with the Secretary of Housing and Urban Development, the Secretary of Health, Education, and Welfare, and the Director of the National Bureau of Standards in the Department of Commerce, for use in various climatic, structural, and human need settings, standards for weatherization materials, energy conservation techniques, and balanced combinations thereof, which are designed to achieve a balance of a healthful dwelling environment and maximum practicable energy conservation; and

(B) designed to insure that (i) the benefits of weatherization assistance in connection with leased dwelling units will accrue primarily to low-income tenants; (ii) the rents on such dwelling units will not be raised because of any increase in the value thereof due solely to weatherization assistance provided under this part; and (iii) no undue or excessive enhancement will occur to the value of such dwelling units.

(c) If a State does not, within 90 days after the date on which final regulations are promulgated under this section, submit an application to the Administrator which meets the requirements set forth in section 414, any unit of general purpose local government of sufficient size (as determined by the Administrator), or a community action agency carrying out programs under title II of the Economic Opportunity Act of 1964, may, in lieu of such State, submit an application (meeting such requirements and subject to all other provisions of this part) for carrying out projects under this part within the geographical area which is subject to the jurisdiction of such government or is served by such agency. If any such application submitted by a unit of general purpose local government proposes that the allocation requirement and the priority for an applicable community action agency, as set forth under section 415(b)(2)(B), be determined to be no longer applicable, the Administrator, as part of the notice and public hearing procedure carried out under section 418 with respect to such application, shall be responsible for making the necessary determination under the proviso in section 415(b)(2)(B). A State may, in accordance with regulations promulgated under this part, submit an amended application.

Applications,
submittal by
States.

42 USC 2781.

(d)(1) Notwithstanding any other provision of this part, in any State in which the Administrator determines (after having taken into account the amount of funds made available to the State to carry out the purposes of this part) that the low-income members of an Indian tribe are not receiving benefits under this part that are equivalent to the assistance provided to other low-income persons in such State under this part, and if he further determines that the members of such tribe would be better served by means of a grant made directly to provide such assistance, he shall reserve from sums that would otherwise be

allocated to such State under this part not less than 100 percent, nor more than 150 percent, of an amount which bears the same ratio to the State's allocation for the fiscal year involved as the population of all low-income Indians for whom a determination under this subsection has been made bears to the population of all low-income persons in such State.

(2) The sums reserved by the Administrator on the basis of his determination under this subsection shall be granted to the tribal organization serving the individuals for whom such a determination has been made, or, where there is no tribal organization, to such other entity as he determines has the capacity to provide services pursuant to this part.

(3) In order for a tribal organization or other entity to be eligible for a grant for a fiscal year under this subsection, it shall submit to the Administrator an application meeting the requirements set forth in section 414.

42 USC 2809. (e) Notwithstanding any other provision of law, the Administrator may transfer to the Director sums appropriated under this part to be utilized in order to carry out programs, under section 222(a) (12) of the Economic Opportunity Act of 1964, which further the purpose of this part.

FINANCIAL ASSISTANCE

42 USC 6864. SEC. 414. (a) The Administrator shall provide financial assistance, from sums appropriated for any fiscal year under this part, only upon annual application. Each such application shall describe the estimated number and characteristics of the low-income persons and the number of dwelling units to be assisted and the criteria and methods to be used by the applicant in providing weatherization assistance to such persons. The application shall also contain such other information (including information needed for evaluation purposes) and assurances as may be required (1) in the regulations promulgated pursuant to section 413 and (2) to carry out this section. The Administrator shall allocate financial assistance to each State on the basis of the relative need for weatherization assistance among low-income persons throughout the States, taking into account the following factors:

(A) The number of dwelling units to be weatherized.

(B) The climatic conditions in the State respecting energy conservation, which may include consideration of annual degree days.

(C) The type of weatherization work to be done in the various settings.

(D) Such other factors as the Administrator may determine necessary in order to carry out the purpose and provisions of this part.

(b) The Administrator shall not provide financial assistance under this part unless the applicant has provided reasonable assurances that it has—

(1) established a policy advisory council which (A) has special qualifications and sensitivity with respect to solving the problems of low-income persons (including the weatherization and energy-conservation problems of such persons), (B) is broadly representative of organizations and agencies which are providing services to such persons in the State or geographical area in question, and (C) is responsible for advising the responsible official or agency administering the allocation of financial assistance in such State or area with respect to the development and implementation of such weatherization assistance program;

(2) established priorities to govern the provision of weatherization assistance to low-income persons, including methods to provide priority to elderly and handicapped low-income persons, and such priority as the applicant determines is appropriate for single-family or other high-energy-consuming dwelling units; and

(3) established policies and procedures designed to assure that financial assistance provided under this part will be used to supplement, and not to supplant, State or local funds, and, to the extent practicable, to increase the amounts of such funds that would be made available in the absence of Federal funds for carrying out the purpose of this part, including plans and procedures (A) for securing, to the maximum extent practicable, the services of volunteers and training participants and public service employment workers, pursuant to the Comprehensive Employment and Training Act of 1973, to work under the supervision of qualified supervisors and foremen, and (B) for complying with the limitations set forth in section 415.

29 USC 801 note.

LIMITATIONS

SEC. 415. (a) Financial assistance provided under this part shall, to the maximum extent practicable as determined by the Administrator, be used for the purchase of weatherization materials, except that not to exceed 10 percent of any grant made under this part may be used for the administration of weatherization projects under this part.

42 USC 6865.

(b) The Administrator shall insure that financial assistance provided under this part will—

(1) be allocated within the State or area in accordance with a published State or area plan, which is adopted by such State after notice and a public hearing, describing the proposed funding distributions and recipients;

(2) be allocated, pursuant to such State or area plan, to community action agencies carrying out programs under title II of the Economic Opportunity Act of 1964 or to other appropriate and qualified public or nonprofit entities in such State or area so that—

42 USC 2781.

(A) funds will be allocated on the basis of the relative need for weatherization assistance among the low-income persons within such State or area, taking into account appropriate climatic and energy conservation factors;

(B) (i) funds to be allocated for carrying out weatherization projects under this part in the geographical area served by the emergency energy conservation program carried out by a community action agency under section 222(a)(12) of the Economic Opportunity Act of 1964 will be allocated to such agency, and (ii) priority in the allocation of such funds for carrying out such projects under this part will be given such a community action agency in so much of the geographical area served by it as is not served by the emergency energy conservation program it is carrying out: *Provided*, That such allocation requirement and such priority shall no longer apply if the Governor of a State preparing an application for financial assistance under this part makes a determination, on the basis of the public hearing required by paragraph (1) of this subsection, or if the Administrator makes a determination, on the basis of a public hearing pursuant to section 413

42 USC 2809.

(c), that the emergency energy conservation program carried out by such agency has been ineffective in meeting the purpose of this part or is clearly not of sufficient size, and cannot in timely fashion develop the capacity, to support the scope of the project to be carried out in such area with funds under this part; and

(C) due consideration will be given to the results of periodic evaluations of the projects carried out under this part in light of available information regarding the current and anticipated energy and weatherization needs of low-income persons within the State; and

(3) be terminated or discontinued during the application period only in accordance with policies and procedures consistent with the policies and procedures set forth in section 418.

(c) The cost of the weatherization materials provided with financial assistance under this part shall not exceed \$400 in the case of any dwelling unit unless the State policy advisory council, established pursuant to section 414(b)(1), provides for a greater amount with respect to specific categories of units or materials.

MONITORING, TECHNICAL ASSISTANCE, AND EVALUATION

42 USC 6866.

SEC. 416. The Administrator, in coordination with the Director, shall monitor and evaluate the operation of projects receiving financial assistance under this part through methods provided for in section 417(a), through onsite inspections, or through other means, in order to assure the effective provision of weatherization assistance for the dwelling units of low-income persons. The Administrator shall also carry out periodic evaluations of the program authorized by this part and projects receiving financial assistance under this part. The Administrator may provide technical assistance to any such project, directly and through persons and entities with a demonstrated capacity in developing and implementing appropriate technology for enhancing the effectiveness of the provision of weatherization assistance to the dwelling units of low-income persons, utilizing in any fiscal year not to exceed 10 percent of the sums appropriated for such year under this part.

ADMINISTRATIVE PROVISIONS

42 USC 6867.

SEC. 417. (a) The Administrator, in consultation with the Director, by general or special orders, may require any recipient of financial assistance under this part to provide, in such form as he may prescribe, such reports or answers in writing to specific questions, surveys, or questionnaires as may be necessary to enable the Administrator and the Director to carry out their functions under this part.

Recordkeeping.

(b) Each person responsible for the administration of a weatherization assistance project receiving financial assistance under this part shall keep such records as the Administrator may prescribe in order to assure an effective financial audit and performance evaluation of such project.

Audit.

(c) The Administrator, the Director (with respect to community action agencies), and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers,

information, and records of any project receiving financial assistance under this part that are pertinent to the financial assistance received under this part.

(d) Payments under this part may be made in installments and in advance, or by way of reimbursement, with necessary adjustments on account of overpayments or underpayments.

APPROVAL OF APPLICATIONS AND ADMINISTRATION OF STATE PROGRAMS

SEC. 418. (a) The Administrator shall not finally disapprove any application submitted under this part, or any amendment thereto, without first affording the State (or unit of general purpose local government or community action agency under section 413(c), as appropriate) in question, as well as other interested parties, reasonable notice and an opportunity for a public hearing. The Administrator may consolidate into a single hearing the consideration of more than one such application for a particular fiscal year to carry out projects within a particular State. Whenever the Administrator, after reasonable notice and an opportunity for a public hearing, finds that there is a failure to comply substantially with the provisions of this part or regulations promulgated under this part, he shall notify the agency or institution involved and other interested parties that such State (or unit of general purpose local government or agency, as appropriate) will no longer be eligible to participate in the program under this part until the Administrator is satisfied that there is no longer any such failure to comply.

Notice and
hearing.
42 USC 6868.

(b) Reasonable notice under this section shall include a written notice of intention to act adversely (including a statement of the reasons therefor) and a reasonable period of time within which to submit corrective amendments to the application, or to propose corrective action.

JUDICIAL REVIEW

SEC. 419. (a) If any applicant is dissatisfied with the Administrator's final action with respect to the application submitted by it under section 414 or with a final action under section 418, such applicant may, within 60 days after notice of such action, file with the United States court of appeals for the circuit in which the State involved is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Administrator. The Administrator thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

42 USC 6869.

(b) The findings of fact by the Administrator, if supported by substantial evidence, shall be conclusive. The court may, for good cause shown, remand the case to the Administrator to take further evidence, and the Administrator may thereupon make new or modified findings of fact and may modify his previous action. The Administrator shall certify to the court the record of any such further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(c) The court shall have jurisdiction to affirm the action of the Administrator or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification, as provided in section 1254 of title 28, United States Code.

NONDISCRIMINATION

42 USC 6870.

SEC. 420. (a) No person in the United States shall, on the ground of race, color, national origin, or sex, or on the ground of any other factor specified in any Federal law prohibiting discrimination, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program, project, or activity supported in whole or in part with financial assistance under this part.

(b) Whenever the Administrator determines that a recipient of financial assistance under this part has failed to comply with subsection (a) or any applicable regulation, he shall notify the recipient thereof in order to secure compliance. If, within a reasonable period of time thereafter, such recipient fails to comply, the Administrator shall—

(1) refer the matter to the Attorney General with a recommendation that an appropriate civil action be instituted;

42 USC 2000d.

(2) exercise the power and functions provided by title VI of the Civil Rights Act of 1964 and any other applicable Federal nondiscrimination law; or

(3) take such other action as may be authorized by law.

ANNUAL REPORT

Submittal to
Congress and
President.
42 USC 6871.

SEC. 421. The Administrator and (with respect to the operation and effectiveness of activities carried out through community action agencies) the Director shall each submit, on or before March 31, 1977, and annually thereafter through 1979, a report to the Congress and the President describing the weatherization assistance program carried out under this part or any other provision of law, including the results of the periodic evaluations and monitoring activities required by section 416.

AUTHORIZATION OF APPROPRIATIONS

42 USC 6872.

SEC. 422. There are authorized to be appropriated for purposes of carrying out the weatherization program under this part, not to exceed \$55,000,000 for the fiscal year ending September 30, 1977, not to exceed \$65,000,000 for the fiscal year ending September 30, 1978, and not to exceed \$80,000,000 for the fiscal year ending September 30, 1979, such sums to remain available until expended.

PART B—STATE ENERGY CONSERVATION PLANS

DEFINITIONS

42 USC 6326.

SEC. 431. Section 366 of the Energy Policy and Conservation Act is amended by (1) redesignating paragraphs (1) and (2) as paragraphs (7) and (8), respectively; and (2) inserting after “As used in this part—” the following new paragraphs:

“(1) The term ‘appliance’ means any article, such as a room air-conditioner, refrigerator-freezer, or dishwasher, which the Administrator classifies as an appliance for purposes of this part.

“(2) The term ‘building’ means any structure which includes provision for a heating or cooling system, or both, or for a hot water system.

“(3) The term ‘energy audit’ means any process which identifies and specifies the energy and cost savings which are likely to be realized through the purchase and installation of particular energy conservation measures or renewable-resource energy measures and which—

“(A) is carried out in accordance with rules of the Administrator; and

“(B) imposes—

“(i) no direct costs, with respect to individuals who are occupants of dwelling units in any State having a supplemental State energy conservation plan approved under section 367, and

Post, p. 1160.

“(ii) only reasonable costs, as determined by the Administrator, with respect to any person not described in clause (i).

Rules referred to in subparagraph (A) may include minimum qualifications for, and provisions with respect to conflicts of interest of, persons carrying out such energy audits.

“(4) The term ‘energy conservation measure’ means a measure which modifies any building or industrial plant, the construction of which has been completed prior to the date of enactment of the Energy Conservation and Production Act, if such measure has been determined by means of an energy audit or by the Administrator, by rule under section 365(e)(1), to be likely to improve the efficiency of energy use and to reduce energy costs (as calculated on the basis of energy costs reasonably projected over time, as determined by the Administrator) in an amount sufficient to enable a person to recover the total cost of purchasing and installing such measure (without regard to any tax benefit or Federal financial assistance applicable thereto) within the period of—

“(A) the useful life of the modification involved, as determined by the Administrator, or

“(B) 15 years after the purchase and installation of such measure,

whichever is less. Such term does not include (i) the purchase or installation of any appliance, (ii) any conversion from one fuel or source of energy to another which is of a type which the Administrator, by rule, determines is ineligible on the basis that such type of conversion is inconsistent with national policy with respect to energy conservation or reduction of imports of fuels, or (iii) any measure, or type of measure, which the Administrator determines does not have as its primary purpose an improvement in efficiency of energy use.

“(5) The term ‘industrial plant’ means any fixed equipment or facility which is used in connection with, or as part of, any process or system for industrial production or output.

“(6) The term ‘renewable-resource energy measure’ means a measure which modifies any building or industrial plant, the construction of which has been completed prior to the date of enactment of the Energy Conservation and Production Act, if such measure has been determined by means of an energy audit or by the Administrator, by rule under section 365(e)(1), to—

Post, p. 1162.

“(A) involve changing, in whole or in part, the fuel or source of the energy used to meet the requirements of such building or plant from a depletable source of energy to a nondepletable source of energy; and

“(B) be likely to reduce energy costs (as calculated on the basis of energy costs reasonably projected over time, as determined by the Administrator) in an amount sufficient to enable a person to recover the total cost of purchasing and

installing such measure (without regard to any tax benefit or Federal financial assistance applicable thereto) within the period of—

“(i) the useful life of the modification involved, as determined by the Administrator, or

“(ii) 25 years after the purchase and installation of such measure,

whichever is less.

Such term does not include the purchase or installation of any appliance.”.

SUPPLEMENTAL STATE ENERGY CONSERVATION PLANS

42 USC 6321. SEC. 432. (a) Part C of the title 3 of the Energy Policy and Conservation Act is amended by adding at the end thereof the following new section:

“SUPPLEMENTAL STATE ENERGY CONSERVATION PLANS

Guidelines.
42 USC 6327. “SEC. 367. (a) (1) The Administrator shall, within 6 months after the date of enactment of the Energy Conservation and Production Act, prescribe guidelines with respect to measures required to be included in, and guidelines for the development, modification, and funding of, supplemental State energy conservation plans. Such guidelines shall include the provisions of one or more model supplemental State energy conservation plans with respect to the requirements of this section.

Publication in
Federal Register. “(2) In prescribing such guidelines, the Administrator shall solicit and consider the recommendations of, and be available to consult with, the Governors of the States as to such guidelines. At least 60 days prior to the date of final publication of such guidelines, the Administrator shall publish proposed guidelines in the Federal Register and invite public comments thereon.

Rules. “(3) The Administrator shall invite the Governor of each State to submit to the Administrator a proposed supplemental State energy conservation plan which meets the requirements of subsection (b) and any guidelines applicable thereto.

“(4) The Administrator may prescribe rules applicable to supplemental State energy conservation plans under this section pursuant to which—

“(A) a State may apply for and receive assistance for a supplemental State energy conservation plan under this section; and

42 USC 6322. “(B) such plan under this section may be administered; as if such plan was a part of the State energy conservation plan program under section 362. Such rules shall not have the effect of delaying funding of the program under section 362.

42 USC 6323.
Post, p. 1162. “(5) Section 363(b) (2) (A), the last sentence of section 363(b) (2), section 363(b) (3), and section 363(c) shall apply to the supplemental State energy conservation plans to the same extent as such provisions apply to State energy conservation plans.

Federal financial
assistance. “(6) The Administrator may grant Federal financial assistance pursuant to this section for the purpose of assisting any State in the development of any supplemental State energy conservation plan or in the implementation or modification of such a plan or part thereof which has been submitted to and approved by the Administrator pursuant to this section.

“(b) (1) Each proposed supplemental State energy conservation plan to be eligible for Federal financial assistance under this section shall include—

PART D—ENERGY CONSERVATION AND RENEWABLE-RESOURCE
OBLIGATION GUARANTEES

PROGRAM

SEC. 451. (a) (1) The Administrator may, in accordance with this section and such rules as he shall prescribe after consultation with the Secretary of the Treasury, guarantee and issue commitments to guarantee the payment of the outstanding principal amount of any loan, note, bond, or other obligation evidencing indebtedness, if—

Payment
guarantees.
42 USC 6881.

(A) such obligation is entered into or issued by any person or by any State, political subdivision of a State, or agency and instrumentality of either a State or political subdivision thereof; and

(B) the purpose of entering into or issuing such obligation is the financing of any energy conservation measure or renewable-resource energy measure which is to be installed or otherwise implemented in any building or industrial plant owned or operated by the person or State, political subdivision of a State, or agency or instrumentality of either a State or political subdivision thereof, (i) which enters into or issues such obligation, or (ii) to which such measure is leased.

(2) No guarantee or commitment to guarantee may be issued under this subsection with respect to any obligation—

(A) which is a general obligation of a State; or

(B) which is entered into or issued for the purpose of financing any energy conservation measure or renewable-resource energy measure which is to be installed or otherwise implemented in a residential building containing 2 or fewer dwelling units.

(3) Before prescribing rules pursuant to this subsection, the Administrator shall consult with the Administrator of the Small Business Administration in order to formulate procedures which would assist small business concerns in obtaining guarantees and commitments to guarantee under this section.

(b) No obligation may be guaranteed, and no commitment to guarantee an obligation may be issued, under subsection (a), unless the Administrator finds that the measure which is to be financed by such obligation—

(1) has been identified by an energy audit to be an energy conservation measure or a renewable-resource energy measure; or

(2) is included on a list of energy conservation measures and renewable-resource energy measures which the Administrator publishes under section 365(e)(1) of the Energy Policy and Conservation Act.

Ante, p. 1162.
Energy audit.

Before issuing a guarantee under subsection (a), the Administrator may require that an energy audit be conducted with respect to an energy conservation measure or a renewable-resource energy measure which is on a list described in paragraph (2) and which is to be financed by the obligation to be guaranteed under this section. The amount of any obligation which may be guaranteed under subsection (a) may include the cost of an energy audit.

(c) (1) The Administrator shall limit the availability of a guarantee otherwise authorized by subsection (a) to obligations entered into by or issued by borrowers who can demonstrate that financing is not otherwise available on reasonable terms and conditions to allow the measure to be financed.

Limitation.

(2) No obligation may be guaranteed by the Administrator under subsection (a) unless the Administrator finds—

(A) there is a reasonable prospect for the repayment of such obligation; and

(B) in the case of an obligation issued by a person, such obligation constitutes a general obligation of such person for such guarantee.

(3) The term of any guarantee issued under subsection (a) may not exceed 25 years.

(4) The aggregate outstanding principal amount which may be guaranteed under subsection (a) at any one time with respect to obligations entered into or issued by any borrower may not exceed \$5,000,000.

(d) The original principal amount guaranteed under subsection (a) may not exceed 90 percent of the cost of the energy conservation measure or the renewable-resource energy measure financed by the obligation guaranteed under such subsection; except that such amount may not exceed 25 percent of the fair market value of the building or industrial plant being modified by such energy conservation measure or renewable-resource energy measure. No guarantee issued, and no commitment to guarantee, which is issued under subsection (a) shall be terminated, canceled, or otherwise revoked except in accordance with reasonable terms and conditions prescribed by the Administrator, after consultation with the Secretary of the Treasury and the Comptroller General, and contained in the written guarantee or commitment to guarantee. The full faith and credit of the United States is pledged to the payment of all guarantees made under subsection (a). Any such guarantee made by the Administrator shall be conclusive evidence of the eligibility of the obligation involved for such guarantee, and the validity of any guarantee so made shall be incontestable in the hands of a holder of the guaranteed obligation except for fraud or material misrepresentation on the part of such holder.

Recordkeeping.

(e)(1) No guarantee and no commitment to guarantee may be issued under subsection (a) unless the Administrator obtains any information reasonably requested and such assurances as are in his judgment (after consultation with the Secretary of the Treasury and the Comptroller General) reasonable to protect the interests of the United States and to assure that such guarantee or commitment to guarantee is consistent with and will further the purpose of this title. The Administrator shall require that records be kept and made available to the Administrator or the Comptroller General, or any of their duly authorized representatives, in such detail and form as are determined necessary to facilitate (A) an effective financial audit of the energy conservation measure or renewable-resource energy measure investment involved, and (B) an adequate evaluation of the effectiveness of this section. The Administrator and the Comptroller General, or any of their duly authorized representatives, shall have access to pertinent books, documents, papers, and records of any recipient of Federal assistance under this section.

Borrower fee.

(2) The Administrator may collect a fee from any borrower with respect to whose obligation a guarantee or commitment to guarantee is issued under subsection (a); except that the Administrator may waive any such fee with respect to any such borrower or class of borrowers. Fees shall be designed to recover the estimated administrative expenses incurred under this part; except that the total of the fees charged any such borrower may not exceed (A) one percent of the amount of the guarantee, or (B) one-half percent of the amount

of the commitment to guarantee, whichever is greater. Any amount collected under this paragraph shall be deposited in the miscellaneous receipts of the Treasury.

(f)(1) If there is a default by the obligor in any payment of principal due under an obligation guaranteed under subsection (a), and if such default continues for 30 days, the holder of such obligation or his agent has the right to demand payment by the Administrator of the unpaid principal of such obligation, consistent with the terms of the guarantee of such obligation. Such payment may be demanded within such period as may be specified in the guarantee or related agreements, which period shall expire not later than 90 days from the date of such default. If demand occurs within such specified period, then not later than 60 days from the date of such demand, the Administrator shall pay to such holder the unpaid principal of such obligation, consistent with the terms of the guarantee of such obligation; except that (A) the Administrator shall not be required to make any such payment if he finds, prior to the expiration of the 60-day period beginning on the date on which the demand is made, that there was no default by the obligor in the payment of principal or that such default has been remedied, and (B) no such holder shall receive payment or be entitled to retain payment in a total amount which together with any other recovery (including any recovery based upon any security interest) exceeds the actual loss of principal by such holder.

(2) If the Administrator makes payment to a holder under paragraph (1), the Administrator shall thereupon—

(A) have all of the rights granted to him by law or agreement with the obligor; and

(B) be subrogated to all of the rights which were granted such holder, by law, assignment, or security agreement applicable to the guaranteed obligation.

(3) The Administrator may, in his discretion, take possession of, complete, recondition, reconstruct, renovate, repair, maintain, operate, remove, charter, rent, sell, or otherwise dispose of any property or other interests obtained by him pursuant to this subsection. The terms of any such sale or other disposition shall be as approved by the Administrator.

(4) If there is a default by the obligor in any payment due under an obligation guaranteed under subsection (a), the Administrator shall take such action against such obligor or any other person as is, in his discretion, necessary or appropriate to protect the interests of the United States. Such an action may be brought in the name of the United States or in the name of the holder of such obligation. Such holder shall make available to the Administrator all records and evidence necessary to prosecute any such suit. The Administrator may, in his discretion, accept a conveyance of property in full or partial satisfaction of any sums owed to him. If the Administrator receives, through the sale of property, an amount greater than his cost and the amount paid to the holder under paragraph (1), he shall pay such excess to the obligor.

(g)(1) The aggregate outstanding principal amount of obligations which may be guaranteed under this section may not at any one time exceed \$2,000,000,000. No guarantee or commitment to guarantee may be issued under subsection (a) after September 30, 1979.

(2) There is authorized to be appropriated for the payment of amounts to be paid under subsection (f), not to exceed \$60,000,000. Any amount appropriated pursuant to this paragraph shall remain available until expended.

The Administrator shall not guarantee any obligations under subsection (a) without first obtaining adequate assurance that these labor standards will be maintained during such construction, alteration, or repair. The Secretary of Labor shall, with respect to the labor standards in this subsection, have the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 and section 276c of title 40, United States Code.

Joint Resolution

Providing for Federal participation in preserving the Tule elk population in California.

Aug. 14, 1976
[H.J. Res. 738]

Whereas, although Tule elk once roamed the central valleys of California in vast numbers, the species became nearly extinct during the latter part of the last century as a result of its native habitat being developed for agricultural purposes and urban growth; and

Whereas, although around 1870 the Tule elk population reached a low of approximately thirty animals, through the dedicated efforts of various citizen groups and individual cattlemen, the population has slowly recovered to a total of approximately six hundred animals, the majority of which may be found in free-roaming herds in the Owens Valley, at Cache Creek in Colusa County, California, a small number which are captive in the Tupman Refuge in Vern County, California; and

Whereas in 1971 the California Legislature, recognizing the threat to the Tule elk as a species, amended section 332 and enacted section 3951 of the Fish and Game Code which provide for the encouragement of a statewide population of Tule elk of not less than two thousand, if suitable areas can be found in California to accommodate such population in a healthy environment, and further fixed the population of the Tule elk in the Owens Valley at four hundred and ninety animals, or such greater number as might thereafter be determined by the California Department of Fish and Game, in accordance with game management principles, to be the Owens Valley holding capacity; and

Whereas the Tule elk is considered by the Department of the Interior to be a rare, though not endangered, species by reason of the steps taken by the State of California; and

Whereas the protection and maintenance of California's Tule elk in a free and wild state is of educational, scientific, and esthetic value to the people of the United States; and

Whereas there are Federal lands in the State of California (including, but not limited to, the San Luis National Wildlife Refuge, the Point Reyes National Seashore, various national forests and national parks, and Bureau of Land Management lands located in central California, as well as lands under the jurisdiction of the Secretary of Defense such as Camp Pendleton, Camp Roberts, and Camp Hunter Liggett) which, together with adjacent lands in public and private ownership, offer a potential for increasing the Tule elk population in California to the two thousand level envisioned by the California Legislature: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That it is the sense of Congress that the restoration and conservation of a Tule elk population in California of at least two thousand, except that the number of Tule elk in the Owens River Watershed area shall at no time exceed four hundred and ninety or such greater number which is determined by the State of California to be the maximum holding capacity of such area, is an appropriate national goal.

The Secretary of the Interior, the Secretary of Agriculture, and the Secretary of Defense shall cooperate with the State of California in making the lands under their respective jurisdictions reasonably available for the preservation and grazing of Tule elk in such manner and to such extent as may be consistent with Federal law.

SEC. 3. The Secretary of the Interior shall submit, on or before the first of March of each year, a report to the Congress as to the estimated size and condition of the various Tule elk herds in California and the nature and condition of their respective habitats. The Secretary shall include in such report his determination as to whether or not the preservation of the Tule elk herd at its then-existing level is, or may be, endangered or threatened by actual or proposed changes in land use or land management practices on lands owned by any Federal, State, or local agency, together with his recommendations as to what Federal actions, if any, should be taken in order to preserve the Tule elk herds at the then-existing level or such other level as may be determined from time to time by the State of California.

SEC. 4. The Secretary of the Interior, in coordination with all Federal, State, and other officers having jurisdiction over lands on which Tule elk herds are located or lands which would provide suitable Tule elk habitat, shall develop a plan for Tule elk restoration and conservation, including habitat management, which shall be integrated with the comparable plans of State and local authorities in California. The Secretary's annual report to Congress shall describe the development and implementation of such plan.

“(3) an annuitant whose annuity is terminated under subsection (c) of this section; or

“(4) a Member receiving annuity from the Fund; becomes employed in an appointive or elective position, his service on and after the date he is so employed is covered by this subchapter. Deductions for the Fund may not be withheld from his pay. An amount equal to the annuity allocable to the period of actual employment shall be deducted from his pay, except for lump-sum leave payment purposes under section 5551 of this title. The amounts so deducted shall be deposited in the Treasury of the United States to the credit of the Fund. If the annuitant serves on a full-time basis, except as President, for at least 1 year, or on a part-time basis for periods equivalent to at least 1 year of full-time service, in employment not excluding him from coverage under section 8331(1) (i) or (ii) of this title—

If the annuitant dies while still reemployed, the survivor annuity payable is increased as though the reemployment had otherwise terminated. If the described employment of the annuitant continues for at least 5 years, or the equivalent of 5 years in the case of part-time employment, he may elect, instead of the benefit provided by subparagraph (A) of this subsection, to deposit in the Fund an amount computed under section 8334 (c) of this title covering that employment and have his rights redetermined under this subchapter.

“(b) If an annuitant, other than a Member receiving an annuity from the Fund, whose annuity is based on an involuntary separation (other than an automatic separation or an involuntary separation for cause or charges on misconduct or delinquency) is reemployed in a position in which he is subject to this subchapter, payment of the annuity terminates on reemployment.

“(c) If an annuitant, other than a Member receiving an annuity from the Fund, is appointed by the President to a position in which he is subject to this subchapter, payment of the annuity terminates on reemployment.”.

(d) Section 8339(f)(2)(C) of title 5, United States Code, is amended by striking out “8344(b)(1)” and inserting in lieu thereof “8344(d)(i)”.

SEC. 2. (a) Except as provided under subsection (b) of this section, the amendments made by this Act shall become effective on the date of the enactment of this Act or October 1, 1976, whichever is later, and shall apply to annuitants serving in appointive or elective positions on and after such date. Sept. 7, 1976

[S. 3542]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Congress finds that without regard to the proximate cause of the failure of the Teton Dam, it is the purpose of the United States to fully compensate any and all persons, for the losses sustained by reason of the failure of said dam. The purposes of this Act are (1) to provide just compensation for the deaths, personal injuries and losses of property, including the destruction and damage to irrigation works, resulting from the failure on June 5, 1976, of the Teton Dam in the State of Idaho, and (2) to provide for the expeditious consideration and settlement of claims for such deaths, personal injuries, and property losses.

Teton Dam,
Idaho.
Damages,
compensation.

SEC. 2. All persons who suffered death, personal injury, or loss of property directly resulting from the failure on June 5, 1976, of the Teton Dam of the Lower Teton Division of the Teton Basin Federal reclamation project which was authorized to be constructed by the Act of September 7, 1964 (78 Stat. 925) shall be entitled to receive from the United States full compensation for such death, personal injury, or loss of property. Claimants shall submit their claims in writing to the Secretary, under such regulations as he prescribes, within two years after the date on which the regulations required by section 5 are published in the Federal Register. Claims based on death shall be submitted only by duly authorized legal representatives.

property losses,
claims.

43 USC 616nn.

SEC. 3. (a) The Secretary of the Interior, or his designee for the purpose, acting on behalf of the United States, is hereby authorized to and shall investigate, consider, ascertain, adjust, determine, and settle any claim for money damages asserted under section 2. Except as otherwise provided herein, the laws of the State of Idaho shall apply: *Provided*, That determinations, awards, and settlements under this Act shall be limited to actual or compensatory damages measured by the pecuniary injuries or loss involved and shall not include interest prior to settlement or punitive damages.

(b) In determining the amount to be awarded under this Act the Secretary shall reduce any such amount by an amount equal to the total of insurance benefits (except life insurance benefits) or other payments or settlements of any nature previously paid with respect to such death claims, personal injury, or property loss.

(c) Payments approved by the Secretary under this Act on death, personal injury, and property loss claims, shall not be subject to insurance subrogation claims in any respect under this Act but without prejudice under other laws as provided in subsection (f).

(d) The Secretary shall not include in an award any amount for reimbursement to any insurance fund for loss payments made by such company or fund.

(e) Except as to the United States, no claim cognizable under this Act shall be assigned or transferred.

(f) The acceptance by the claimant of any award, compromise, or settlement under this Act, except an advance or partial payment made under section 4(c), shall be final and conclusive on the claimant, and shall constitute a complete release of any claim against the United States by reason of the same subject matter. A release shall not, however, prevent an insurer with rights as a subrogee under its own name or that of the claimant from exercising any right of action against the United States to which it may be entitled under any other laws for payments made to the claimant for a loss arising from the subject matter.

(g) Any claim for damages which may be payable in whole or in part by a claimant's insurer, shall not be paid by the Secretary unless and until the claimant provides written proof that the insurer has denied the claim or has failed to approve or deny such claim within six months of its presentment, and the claimant assigns to the United States his rights against the insurer with respect to such claim. Upon the acceptance of any payment or settlement under this Act, the claimant shall assign to the United States any rights of action he has or may have against any other third party, including an insurer.

SEC. 4. (a) In the determination and settlement of claims asserted under this Act, the Secretary shall limit himself to the determination of—

(1) whether the losses sustained directly resulted from the failure of the Teton Dam on June 5, 1976;

(2) the amounts to be allowed and paid pursuant to this Act; and

(3) the persons entitled to receive the same.

(b) The Secretary shall determine and fix the amount of awards, if any, in each claim within twelve months from the date on which the claim was submitted.

Advance or
partial payments.

(c) At the request of a claimant, the Secretary is authorized to make advance or partial payments prior to final settlement of a claim, including final settlement on any portion or aspect of a claim determined to be logically severable. Such advance or partial payments shall be made available under regulations promulgated by the Secretary under section 5, which regulations shall include, but not be limited to, provisions for such payments where the Secretary determines that to delay payment until final settlement of the claim would impose a substantial hardship on such claimant. When a claimant pursues a remedy as provided for in section 9 of this Act, he shall be permitted to retain such advance or partial payments under a final court decision on the merits.

(d) Payments may be made for compensation for direct investments made in on-farm structural facilities in anticipation of service from the Teton Reservoir to the extent that such facilities are unuseable or are diminished in value by the denial of such service.

Regulations;
publication in
Federal Register.

Publication in
newspaper.

SEC. 5. Notwithstanding any other provision of law, the Secretary shall within fifteen days after the enactment of this Act promulgate and publish in the Federal Register, final regulations and procedures for the handling of the claims authorized in section 2 of this Act. The Secretary shall also cause to be published, in newspapers with general circulation in the State of Idaho, an explanation of the rights conferred by this Act and the procedural and other requirements imposed by the rules of procedure promulgated by him. Such explanation shall be in clear, concise, and easily understandable language. In addition, the Secretary shall also disseminate such explanation con-

cerning such rights and procedures, and other data helpful to claimants, in the State of Idaho, by means of brochures, pamphlets, radio, television, and other media likely to reach prospective claimants.

SEC. 6. The claims program established by this Act shall, to the extent practicable, be coordinated with other disaster relief operations conducted by other Federal agencies under the Disaster Relief Act of 1974 (42 U.S.C. 5121) and other provisions of law. The Secretary shall consult with the heads of such other Federal agencies, and shall, as he deems necessary, consistent with the expeditious determination of claims hereunder, make use of information developed by such agencies. The heads of all other Federal agencies performing disaster relief functions under the Disaster Relief Act of 1974 and other Federal authorities are hereby authorized and directed to provide the Secretary, or his designee, such information and records as the Secretary or his designee shall deem necessary for the administration of this Act.

Consultation.

SEC. 7. In order to expedite the repair and restoration of irrigation facilities damaged as a direct result of the failure of the Teton Dam, the Secretary is authorized and directed to enter into agreements with the owners of such facilities to finance the repair or reconstruction thereof, to the standards and conditions existing immediately prior to the failure of Teton Dam, either by direct payment or through construction contracts administered by the Bureau of Reclamation to the extent the cost of repairs or construction are not covered by insurance. The cost of such repairs or reconstruction shall be non-reimbursable.

Teton Dam facilities, repair or reconstruction. Financial agreement.

SEC. 8. At the end of the year following approval of this Act and each year thereafter until the completion of the claims program, the Secretary shall make an annual report to the Congress of all claims submitted to him under this Act stating the name of each claimant, the amount claimed, a brief description of the claim, and the status or disposition of the claim including the amount of each administrative payment and award under the Act.

Report to Congress.

SEC. 9. (a) An action shall not be instituted in any court of the United States upon a claim against the United States which is included in a claim submitted under this Act until the Secretary or his designee has made a final disposition of the pending claim. A pending claim may be withdrawn from consideration prior to final decision upon fifteen days written notice, and such withdrawal shall be deemed an abandonment of the claim for all purposes under this Act. After withdrawal of a claim or after the final decision of the Secretary or his designee on a claim under this Act, a claimant may elect to assert said claim or institute an action thereon against the United States in any court of competent jurisdiction under any other provision of applicable law, and upon such election there shall be no further consideration or proceedings on the claim under this Act.

(b) Any claimant aggrieved by a final decision of the Secretary under this Act may file within sixty days from the date of such decision with the United States District Court for the District of Idaho a petition praying that such decision be modified or set aside in whole or in part. The court shall hear such appeal on the record made before the Secretary. The filing of such an appeal shall constitute an election of remedies. The decision of the Secretary incorporating his findings of fact therein, if supported by substantial evidence on the record considered as a whole, shall be conclusive.

Petition.

(c) Except to the extent otherwise herein provided, nothing in this Act shall be construed to prevent any claimant under this Act from exercising any rights to which he may be entitled under any other provisions of law.

Fees.

(d) Attorney and agent fees shall be paid out of the awards hereunder. No attorney or agent on account of services rendered in connection with each claim shall receive in excess of 10 per centum of the amount paid in connection therewith, any contract to the contrary notwithstanding. The permit may impose specific requirements as to the amount or type of cargo to be carried, manning, the areas or specific routes over which the vessel may operate, or other similar matters. The duration of the permit and any restrictions contained therein shall be at the sole discretion of the Secretary or his delegate.

(e) If a designated Coast Guard official has reason to believe that a vessel to which a permit has been issued is in a condition or is used in a manner which creates an immediate threat to the safety of life or the environment or is operated in a manner which is inconsistent with the terms of the permit, the official may direct the operator to take immediate and reasonable steps to safeguard life and the environment, including directing the vessel to a port or other refuge.

DECLARATION OF POLICY

SEC. 2. It is hereby declared to be the policy of the United States that the public is entitled to the fullest practicable information regarding the decisionmaking processes of the Federal Government. OPEN MEETINGS

SEC. 3. (a) Title 5, United States Code, is amended by adding after section 552a the following new section:

“§ 552b. Open meetings

5 USC 552b.
Definitions.

“(a) For purposes of this section—

“(1) the term ‘agency’ means any agency, as defined in section 552(e) of this title, headed by a collegial body composed of two or more individual members, a majority of whom are appointed to such position by the President with the advice and consent of the Senate, and any subdivision thereof authorized to act on behalf of the agency;

5 USC 552.

“(2) the term ‘meeting’ means the deliberations of at least the number of individual agency members required to take action on behalf of the agency where such deliberations determine or result in the joint conduct or disposition of official agency business, but does not include deliberations required or permitted by subsection (d) or (e); and

“(3) the term ‘member’ means an individual who belongs to a collegial body heading an agency.

(b) Members shall not jointly conduct or dispose of agency business other than in accordance with this section. Except as provided in subsection (c), every portion of every meeting of an agency shall be open to public observation.

“(c) Except in a case where the agency finds that the public interest requires otherwise, the second sentence of subsection (b) shall not apply to any portion of an agency meeting, and the requirements of subsections (d) and (e) shall not apply to any information pertaining to such meeting otherwise required by this section to be disclosed to the public, where the agency properly determines that such portion or portions of its meeting or the disclosure of such information is likely to—

“(1) disclose matters that are (A) specifically authorized under criteria established by an Executive order to be kept secret in the

interests of national defense or foreign policy and (B) in fact properly classified pursuant to such Executive order;

“(2) relate solely to the internal personnel rules and practices of an agency;

5 USC 552.

“(3) disclose matters specifically exempted from disclosure by statute (other than section 552 of this title), provided that such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld;

“(4) disclose trade secrets and commercial or financial information obtained from a person and privileged or confidential;

“(5) involve accusing any person of a crime, or formally censuring any person;

“(6) disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

“(7) disclose investigatory records compiled for law enforcement purposes, or information which if written would be contained in such records, but only to the extent that the production of such records or information would (A) interfere with enforcement proceedings, (B) deprive a person of a right to a fair trial or an impartial adjudication, (C) constitute an unwarranted invasion of personal privacy, (D) disclose the identity of a confidential source and, in the case of a record compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, confidential information furnished only by the confidential source, (E) disclose investigative techniques and procedures, or (F) endanger the life or physical safety of law enforcement personnel;

“(8) disclose information contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions;

“(9) disclose information the premature disclosure of which would—

“(A) in the case of an agency which regulates currencies, securities, commodities, or financial institutions, be likely to (i) lead to significant financial speculation in currencies, securities, or commodities, or (ii) significantly endanger the stability of any financial institution; or

“(B) in the case of any agency, be likely to significantly frustrate implementation of a proposed agency action, except that subparagraph (B) shall not apply in any instance where the agency has already disclosed to the public the content or nature of its proposed action, or where the agency is required by law to make such disclosure on its own initiative prior to taking final agency action on such proposal; or

“(10) specifically concern the agency's issuance of a subpoena, or the agency's participation in a civil action or proceeding, an action in a foreign court or international tribunal, or an arbitration, or the initiation, conduct, or disposition by the agency of a particular case of formal agency adjudication pursuant to the procedures in section 554 of this title or otherwise involving a determination on the record after opportunity for a hearing.

5 USC 554.

“(d)(1) Action under subsection (c) shall be taken only when a majority of the entire membership of the agency (as defined in subsection (a)(1)) votes to take such action. A separate vote of the agency members shall be taken with respect to each agency meeting a portion or portions of which are proposed to be closed to the public pursuant to subsection (c), or with respect to any information which is proposed to be withheld under subsection (c). A single vote may be taken with respect to a series of meetings, a portion or portions of which are proposed to be closed to the public, or with respect to any information concerning such series of meetings, so long as each meeting in such series involves the same particular matters and is scheduled to be held no more than thirty days after the initial meeting in such series. The vote of each agency member participating in such vote shall be recorded and no proxies shall be allowed.

Recorded voting.

“(2) Whenever any person whose interests may be directly affected by a portion of a meeting requests that the agency close such portion to the public for any of the reasons referred to in paragraph (5), (6), or (7) of subsection (c), the agency, upon request of any one of its members, shall vote by recorded vote whether to close such meeting.

“(3) Within one day of any vote taken pursuant to paragraph (1) or (2), the agency shall make publicly available a written copy of such vote reflecting the vote of each member on the question. If a portion of a meeting is to be closed to the public, the agency shall, within one day of the vote taken pursuant to paragraph (1) or (2) of this subsection, make publicly available a full written explanation of its action closing the portion together with a list of all persons expected to attend the meeting and their affiliation.

Copies,
availability.

“(4) Any agency, a majority of whose meetings may properly be closed to the public pursuant to paragraph (4), (8), (9) (A), or (10) of subsection (c), or any combination thereof, may provide by regulation for the closing of such meetings or portions thereof in the event that a majority of the members of the agency votes by recorded vote at the beginning of such meeting, or portion thereof, to close the exempt portion or portions of the meeting, and a copy of such vote, reflecting the vote of each member on the question, is made available to the public. The provisions of paragraphs (1), (2), and (3) of this subsection and subsection (e) shall not apply to any portion of a meeting to which such regulations apply: *Provided*, That the agency shall, except to the extent that such information is exempt from disclosure under the provisions of subsection (c), provide the public with public announcement of the time, place, and subject matter of the meeting and of each portion thereof at the earliest practicable time.

Meeting closure,
regulation.

“(e)(1) In the case of each meeting, the agency shall make public announcement, at least one week before the meeting, of the time, place, and subject matter of the meeting, whether it is to be open or closed to the public, and the name and phone number of the official designated by the agency to respond to requests for information about the meeting. Such announcement shall be made unless a majority of the members of the agency determines by a recorded vote that agency business requires that such meeting be called at an earlier date, in which case the agency shall make public announcement of the time, place, and subject matter of such meeting, and whether open or closed to the public, at the earliest practicable time.

subject matter of a meeting, or the determination of the agency to open or close a meeting, or portion of a meeting, to the public, may be changed following the public announcement required by this subsection only if (A) a majority of the entire membership of the agency determines by a recorded vote that agency business so requires and that no earlier announcement of the change was possible, and (B) the agency publicly announces such change and the vote of each member upon such change at the earliest practicable time.

Scheduling
notice, publi-

Register.

“(3) Immediately following each public announcement required by this subsection, notice of the time, place, and subject matter of a meeting, whether the meeting is open or closed, any change in one of the preceding, and the name and phone number of the official designated by the agency to respond to requests for information about the meeting, shall also be submitted for publication in the Federal Register.

Closed meetings,
certification.

“(f)(1) For every meeting closed pursuant to paragraphs (1) through (10) of subsection (c), the General Counsel or chief legal officer of the agency shall publicly certify that, in his or her opinion, the meeting may be closed to the public and shall state each relevant exemptive provision. A copy of such certification, together with a statement from the presiding officer of the meeting setting forth the time and place of the meeting, and the persons present, shall be retained by the agency. The agency shall maintain a complete transcript or electronic recording adequate to record fully the proceedings of each meeting, or portion of a meeting, closed to the public, except that in the case of a meeting, or portion of a meeting, closed to the public pursuant to paragraph (8), (9) (A), or (10) of subsection (c), the agency shall maintain either such a transcript or recording, or a set of minutes. Such minutes shall fully and clearly describe all matters discussed and shall provide a full and accurate summary of any actions taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any rollcall vote (reflecting the vote of each member on the question). All documents considered in connection with any action shall be identified in such minutes.

Transcripts,
recordings or
minutes.

Public
availability.

“(2) The agency shall make promptly available to the public, in a place easily accessible to the public, the transcript, electronic recording, or minutes (as required by paragraph (1)) of the discussion of any item on the agenda, or of any item of the testimony of any witness received at the meeting, except for such item or items of such discussion or testimony as the agency determines to contain information which may be withheld under subsection (c). Copies of such transcript, or minutes, or a transcription of such recording disclosing the identity of each speaker, shall be furnished to any person at the actual cost of duplication or transcription. The agency shall maintain a complete verbatim copy of the transcript, a complete copy of the minutes, or a complete electronic recording of each meeting, or portion of a meeting, closed to the public, for a period of at least two years after such meeting, or until one year after the conclusion of any agency proceeding with respect to which the meeting or portion was held, whichever occurs later.

Regulations.

“(g) Each agency subject to the requirements of this section shall, within 180 days after the date of enactment of this section, following consultation with the Office of the Chairman of the Administrative Conference of the United States and published notice in the Federal Register of at least thirty days and opportunity for written comment by any person, promulgate regulations to implement the requirements

of subsections (b) through (f) of this section. Any person may bring a proceeding in the United States District Court for the District of Columbia to require an agency to promulgate such regulations if such agency has not promulgated such regulations within the time period specified herein. Subject to any limitations of time provided by law, any person may bring a proceeding in the United States Court of Appeals for the District of Columbia to set aside agency regulations issued pursuant to this subsection that are not in accord with the requirements of subsections (b) through (f) of this section and to require the promulgation of regulations that are in accord with such subsections.

Judicial
proceeding.

“(h) (1) The district courts of the United States shall have jurisdiction to enforce the requirements of subsections (b) through (f) of this section by declaratory judgment, injunctive relief, or other relief as may be appropriate. Such actions may be brought by any person against an agency prior to, or within sixty days after, the meeting out of which the violation of this section arises, except that if public announcement of such meeting is not initially provided by the agency in accordance with the requirements of this section, such action may be instituted pursuant to this section at any time prior to sixty days after any public announcement of such meeting. Such actions may be brought in the district court of the United States for the district in which the agency meeting is held or in which the agency in question has its headquarters, or in the District Court for the District of Columbia. In such actions a defendant shall serve his answer within thirty days after the service of the complaint. The burden is on the defendant to sustain his action. In deciding such cases the court may examine in camera any portion of the transcript, electronic recording, or minutes of a meeting closed to the public, and may take such additional evidence as it deems necessary. The court, having due regard for orderly administration and the public interest, as well as the interests of the parties, may grant such equitable relief as it deems appropriate, including granting an injunction against future violations of this section or ordering the agency to make available to the public such portion of the transcript, recording, or minutes of a meeting as is not authorized to be withheld under subsection (c) of this section.

Civil actions.

Relief.

“(2) Any Federal court otherwise authorized by law to review agency action may, at the application of any person properly participating in the proceeding pursuant to other applicable law, inquire into violations by the agency of the requirements of this section and afford such relief as it deems appropriate. Nothing in this section authorizes any Federal court having jurisdiction solely on the basis of paragraph (1) to set aside, enjoin, or invalidate any agency action (other than an action to close a meeting or to withhold information under this section) taken or discussed at any agency meeting out of which the violation of this section arose.

Inquiry.

“(i) The court may assess against any party reasonable attorney fees and other litigation costs reasonably incurred by any other party who substantially prevails in any action brought in accordance with the provisions of subsection (g) or (h) of this section, except that costs may be assessed against the plaintiff only where the court finds that the suit was initiated by the plaintiff primarily for frivolous or dilatory purposes. In the case of assessment of costs against an agency, the costs may be assessed by the court against the United States.

meetings open to the public, the total number of meetings closed to the public, the reasons for closing such meetings, and a description of any litigation brought against the agency under this section, including any costs assessed against the agency in such litigation (whether or not paid by the agency).

5 USC 552.

“(k) Nothing herein expands or limits the present rights of any person under section 552 of this title, except that the exemptions set forth in subsection (c) of this section shall govern in the case of any request made pursuant to section 552 to copy or inspect the transcripts, recordings, or minutes described in subsection (f) of this section. The requirements of chapter 33 of title 44, United States Code, shall not apply to the transcripts, recordings, and minutes described in subsection (f) of this section.

44 USC 3301 *et seq.*

“(l) This section does not constitute authority to withhold any information from Congress, and does not authorize the closing of any agency meeting or portion thereof required by any other provision of law to be open.

An Act

Sept. 17, 1976
[H.R. 8800]

To authorize in the Energy Research and Development Administration a Federal program of research, development, and demonstration designed to promote electric vehicle technologies and to demonstrate the commercial feasibility of electric vehicles.

Electric and
Hybrid Vehicle
Research,
Development,
and
Demonstration
Act of 1976.
15 USC 2501
note.
15 USC 2501.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Electric and Hybrid Vehicle Research, Development, and Demonstration Act of 1976."

SEC. 2. FINDINGS AND POLICY.

(a) The Congress finds and declares that—

(1) the Nation's dependence on foreign sources of petroleum must be reduced, as such dependence jeopardizes national security, inhibits foreign policy, and undermines economic well-being;

(2) the Nation's balance of payments is threatened by the need to import oil for the production of liquid fuel for gasoline-powered vehicles;

(3) the single largest use of petroleum supplies is in the field of transportation, for gasoline- and diesel-powered motor vehicles;

(4) the expeditious introduction of electric and hybrid vehicles into the Nation's transportation fleet would substantially reduce such use and dependence;

(5) such introduction is practicable and would be advantageous because—

(A) most urban driving consists of short trips, which are within the capability of electric and hybrid vehicles;

(B) much rural and agricultural driving of automobiles, tractors, and trucks is within the capability of such vehicles;

(C) electric and hybrid vehicles are more reliable and practical now than in the past because propulsion, control, and battery technologies have improved, and further significant improvements in such technologies are possible in the near term;

(D) electric and hybrid vehicles use little or no energy when stopped in traffic, in contrast to conventional automobiles and trucks;

(E) the power requirements of such vehicles could be satisfied by charging them during off-peak periods when existing electric generating plants are underutilized, thereby permitting more efficient use of existing generating capacity;

(F) such vehicles do not emit any significant pollutants or noise; and

(G) it is environmentally desirable for transportation systems to be powered from central sources, because pollutants emitted from stationary sources (such as electric generating plants) are potentially easier to control than pollutants emitted from moving vehicles; and

(6) the introduction of electric and hybrid vehicles would be facilitated by the establishment of a Federal program of research,

development, and demonstration to explore electric and hybrid vehicle technologies.

(b) It is therefore declared to be the policy of the Congress in this Act to—

(1) encourage and support accelerated research into, and development of, electric and hybrid vehicle technologies;

(2) demonstrate the economic and technological practicability of electric and hybrid vehicles for personal and commercial use in urban areas and for agricultural and personal use in rural areas;

(3) facilitate, and remove barriers to, the use of electric and hybrid vehicles in lieu of gasoline- and diesel-powered motor vehicles, where practicable; and

(4) promote the substitution of electric and hybrid vehicles for many gasoline- and diesel-powered vehicles currently used in routine short-haul, low-load applications, where such substitution would be beneficial.

SEC. 3. DEFINITIONS.

As used in this Act, the term—

15 USC 2502.

(C) is safe, damage-resistant, easy to repair, durable, and operates with sufficient performance with respect to acceleration, cold-weather starting, cruising speed, and other performance factors; and

(D) at a minimum, can be produced, distributed, operated, and disposed of in compliance with any applicable requirement of Federal law;

(3) “commercial electric or hybrid vehicle” includes any electric or hybrid vehicle which can be used (A) for business or agricultural production purposes on farms (e.g. tractors and trucks) or in rural areas, or (B) for commercial purposes in urban areas;

Development,
and
Demonstration
Project.
Establishment.
15 USC 2503.

(a) The Administrator shall promptly establish, as an organizational entity within the Energy Research and Development Administration, the Electric and Hybrid Vehicle Research, Development, and Demonstration Project.

(b) The Administrator shall have the responsibility for the overall management of the project. The Administrator may enter into any agreement or other arrangement with the National Aeronautics and Space Administration, the Department of Transportation, the National Science Foundation, the Environmental Protection Agency, the Department of Housing and Urban Development, the Department of Agriculture, or any other Federal agency, pursuant to which such agency shall conduct such specified parts or aspects of the project as the Administrator deems necessary or appropriate and within the particular competence of such agency, to the extent that such agency has capabilities which would enable it to contribute to the success of the project and the attainment of the purposes of this Act.

(c) In providing for the effective management of this project, the Administrator shall have specific responsibility to—

(1) promote basic and applied research on electric and hybrid vehicle batteries, controls, and motors;

(2) determine optimum overall electric and hybrid vehicle design;

(3) conduct demonstration projects with respect to the feasibility of commercial electric and hybrid vehicles (A) by contracting for the purchase or lease of electric and hybrid vehicles for practical use, and (B) by entering into arrangements, with other governmental entities and with nongovernmental entities, for the operation of such vehicles;

(4) ascertain consumer needs and desires so as to match the design of electric and hybrid vehicles to their potential market; and

(5) ascertain the long-term changes in road design, urban planning, traffic management, maintenance facilities, utility rate structures, and tax policies which are needed to facilitate the manufacture and use of electric and hybrid vehicles in accordance with sections 13 and 14.

SEC. 5. COORDINATION BETWEEN THE ADMINISTRATOR AND OTHER AGENCIES.

15 USC 2504.

(a) In carrying out the project established under section 4, the Administrator shall, to the maximum extent practicable, consult and coordinate with the Secretary, with respect to any functions of the Administrator under this Act which relate to regulatory activities or other responsibilities of the Secretary, including safety and damageability programs.

(b) Each department, agency, and instrumentality of the executive branch of the Federal Government shall carefully consider any written request from the Administrator, or the head of any agency to which the Administrator has delegated responsibility for specified parts or aspects of the project, to furnish such assistance, on a reimbursable basis, as the Administrator or such head deems necessary to

carry out the project and to achieve the purposes of this Act. Such assistance may include transfer of personnel with their consent and without prejudice to their position and rating.

SEC. 6. RESEARCH AND DEVELOPMENT.

The Administrator, acting through appropriate agencies and contractors, shall initiate and provide for the conduct of research and development in areas related to electric and hybrid vehicles, including—

15 USC 2505.

- (1) energy storage technology, including batteries and their potential for convenient recharging;
- (2) vehicle control systems and overall design for energy conservation, including the use of regenerative braking;
- (3) urban design and traffic management to promote maximum transportation-related energy conservation and minimum transportation-related degradation of the environment; and
- (4) vehicle design which emphasizes durability, length of practical lifetime, ease of repair, and interchangeability and replaceability of parts.

SEC. 7. DEMONSTRATIONS.

(a) Within 12 months after the date of enactment of this Act, the Administrator shall develop data characterizing the present state-of-the-art with respect to electric and hybrid vehicles. The data so developed shall serve as baseline data to be utilized in order (1) to compare improvements in electric and hybrid vehicle technologies; (2) to assist in establishing the performance standards under subsection (b) (1); and (3) to otherwise assist in carrying out the purposes of this section. In developing any such data, the Administrator shall purchase or lease a reasonable number of such vehicles or enter into such other arrangements as the Administrator deems necessary to carry out the purposes of this subsection.

Data
development.
15 USC 2506.

(b) (1) Within 15 months after the date of enactment of this Act, the Administrator shall promulgate rules establishing performance standards for electric and hybrid vehicles to be purchased or leased pursuant to subsection (c) (1). The standards so developed shall take into account the factors of energy conservation, urban traffic characteristics, patterns of use for "second" vehicles, consumer preferences, maintenance needs, battery recharging characteristics, agricultural requirements, materials demand and their ability to be recycled, vehicle safety and insurability, cost, and other relevant considerations, as such factors and considerations particularly apply to or affect vehicles with electric or hybrid propulsion systems. Such standards are to be developed taking into account (A) the best current state-of-the-art, and (B) reasonable estimates as to the future state-of-the-art, based on projections of results from the research and development conducted under section 6. In developing such standards, the Administrator shall consult with appropriate experts concerning design needs for electric and hybrid vehicles which are compatible with long-range urban planning, traffic management, and vehicle safety.

Transmittal to
Speaker of the
House, President
of the Senate and
congressional
committees.

(4) Before entering into contracts for the production of vehicles under subsection (c) (2), the Administrator shall transmit to the Speaker of the House of Representatives, the President of the Senate, the Committee on Science and Technology of the House of Representatives, and the Committee on Commerce of the Senate, the performance standards developed under paragraph (1), as revised and currently in effect.

Contract for
vehicle purchase
or lease.

(c) (1) The Administrator shall, within 6 months after the date of promulgation of performance standards pursuant to subsection (b) (1), contract for the purchase or lease of 2,500 electric or hybrid vehicles which satisfy the performance standards set forth under subsection (b) (1). The delivery of such vehicles shall be completed within 39 months after the date of enactment of this Act. If the Administrator determines, on the basis of responses to the solicitation for proposals for such contracts, that less than 2,500 of the electric or hybrid vehicles which satisfy performance standards under subsection (b) (1) will be available within such delivery period, the Administrator shall (A) immediately forward this information along with a detailed justification of such determination to the Speaker of the House of Representatives, the President of the Senate, the Committee on Science and Technology of the House of Representatives, and the Committee on Commerce of the Senate, and (B) contract for the purchase or lease of the maximum number of such vehicles (up to 2,500) that will be available within such delivery period. To the extent practicable, vehicles purchased or leased under such contracts shall represent a cross-section of the available technologies and types of uses of such vehicles.

Speaker of the
House, President
of the Senate and
congressional
committees.

(2) (A) The Administrator shall, within 6 months after the required amendment of such standards pursuant to subsection (b) (3), and not later than 54 months after the date of enactment of this Act, contract for the purchase or lease of 5,000 advanced electric or hybrid vehicles, which satisfy such amended standards. The final delivery of such vehicles shall be completed within 72 months after the date of enactment of this Act. If the Administrator determines, on the basis of responses to the solicitation for proposals for such contracts, that less than 5,000 of the electric and hybrid vehicles which satisfy performance standards set forth under subsection (b) (3) will be available within the delivery period (including any extension under subparagraph (B)), the Administrator shall (i) immediately forward this information along with a detailed justification of such determination to the Speaker of the House of Representatives, the President of the Senate, the Committee on Science and Technology of the House of Representatives, and the Committee on Commerce of the Senate, and (ii) contract for the purchase or lease of the maximum number of such vehicles (up to 5,000) that will be available during such delivery period. To the extent practicable, vehicles purchased or leased under such contracts shall represent a cross-section of the available technologies and types of uses of such vehicles.

Vehicles delivery
period, extension.

(B) The Administrator shall extend the delivery period for such vehicles for a period not to exceed 6 additional months, if he finds that such an extension in delivery date would result in the deliv-

ery of advanced electric and hybrid vehicles which would add to the total number of vehicles to be purchased or leased (up to 5,000) and which would not otherwise be available. If the Administrator finds that such an extension is appropriate and necessary for the delivery of such vehicles, he shall so notify the Speaker of the House of Representatives, the President of the Senate, the Committee on Science and Technology of the House of Representatives, and the Committee on Commerce of the Senate.

Notification to Speaker of the House, President of the Senate and congressional committees.

(d) The Administrator, in supervising the demonstration of vehicles acquired under subsection (c), shall make such arrangements as may be necessary or appropriate—

(1) (A) to make such vehicles available to Federal agencies and to State or local governments and other persons for individual or business use (including farms). The individuals and businesses involved shall be selected by an equitable process which assures that the Administrator will receive accurate and adequate data on vehicle performance, including representative geographical and climatological information and data on user reaction to the utilization of electric and hybrid vehicles. Such individuals and businesses shall be given the option of purchasing or leasing such vehicles under terms and conditions which will promote their widespread use;

(B) to pay the differential operating costs of such vehicles to the extent necessary to assure the adequate demonstration of such vehicles;

(2) for demonstration maintenance projects, including maintenance organization and equipment needs and model training projects for maintenance procedures; and

(3) for the dissemination of data on electric and hybrid vehicle safety and operating characteristics (including nontechnical descriptive data which shall be made available by the Government Printing Office) (A) to Federal, State, and local consumer affairs agencies and groups; (B) to Federal, State, and local agricultural and rural agencies and groups; and (C) to the public.

(e) (1) At least 60 days prior to entering into any contract for the purchase or lease of any electric or hybrid vehicle under subsection (c)(1) or any advanced electric or hybrid vehicle under subsection (c)(2), the Administrator shall determine (A) if the purchase or lease of the number of such vehicles specified in such subsection (c)(1) or (c)(2) will, with high probability, displace the normal level of private procurement of such vehicles which would conform to the applicable performance standards promulgated pursuant to subsection (b) and which would be used in the United States, and (B) if such displacement will occur, the necessary extent of such displacement in order to carry out the purposes of this Act. At the time any such determination is made, the Administrator shall transmit such determination, along with all relevant information in support thereof, to the Committee on Science and Technology of the House of Representatives and the Committee on Commerce of the Senate.

Transmittal to congressional committees.

(2) The Administrator shall reduce the number of vehicles for which he shall contract for the purchase or lease under subsection (c)(1) or (c)(2) by the number determined under paragraph (1) (A) as modified by paragraph (1) (B), except in no event shall he contract for the purchase or lease pursuant to subsection (c)(1) of less than 1,000 electric or hybrid vehicles, and in no event shall he contract

for the purchase or lease pursuant to subsection (c) (2) of less than 2,500 advanced electric or hybrid vehicles unless he determines on the basis of responses to the solicitations for proposals for such contracts, under the provisions of (c) (1) and (c) (2), that lesser numbers of such vehicles which satisfy the applicable performance standards will be available within the delivery periods. All other provisions of subsection (c) shall apply.

SEC. 8. CONTRACTS.

15 USC 2507.

(a) The Administrator shall provide funds, by contract, to initiate, continue, supplement, and maintain research, development, and demonstration activities which are necessary to carry out the purposes of the project. The Administrator may enter into such contracts with any Federal agency, laboratory, university, nonprofit organization, industrial organization, public or private agency, institution, organization, corporation, partnership, or individual.

Consultation.
Procedures.

(b) In addition to the requirements of sections 4 and 5, the Administrator, in the exercise of his duties and responsibilities under this section, shall consult with the Department of Transportation, the Environmental Protection Agency, the Federal Energy Administration, the National Aeronautics and Space Administration, the Department of Agriculture, and representatives of other appropriate Federal agencies, and shall establish procedures for periodic consultation with representatives of science, industry, and such other groups as may have special expertise in electric and hybrid vehicle research, development, and demonstration.

Rules.

Application.

(c) Each contract under this section shall be entered into in accordance with such rules as the Administrator may prescribe in accordance with the provisions of this section. Each application for funding shall be made in writing in such form and with such content and other submissions as the Administrator shall require. The Administrator may enter into contracts under this section without regard to section 3709 of the Revised Statutes (41 U.S.C. 5).

SEC. 9. ENCOURAGEMENT AND PROTECTION OF SMALL BUSINESS.

15 USC 2508.

(a) The Administrator shall take such steps as are feasible to assure that small business concerns have a realistic and adequate opportunity to participate in the project.

(b) To assist in accomplishing the objectives of subsection (a), the Administrator shall reserve, for contracts with small business concerns, a reasonable portion of the funds made available pursuant to this Act for research, development, or demonstration of electric or hybrid vehicles.

(c) The Administrator shall, in addition to the requirements set forth in subsections (a) and (b)—

(1) include in all contracts for research, development, or demonstration of electric or hybrid vehicles such terms, conditions, and payment schedules as may assist in meeting the needs of small business concerns, and shall take steps to avoid the inclusion in such contracts of any terms, conditions, or penalties which would tend to prevent such concerns from participating in the program under this Act; and

Grants.

(2) make planning grants available to qualified small business concerns which require assistance in developing, submitting, and entering into such contracts.

SEC. 10. LOAN GUARANTEES.

(a) It is the policy of the Congress to assist in the introduction into the Nation's transportation fleet of electric and hybrid vehicles and to assure that qualified small business concerns and other qualified borrowers are not excluded from participation in such development due to lack of adequate capital. Accordingly, it is the policy of the Congress to provide guarantees of loans made for such purposes.

15 USC 2509.

(b) In order to encourage the commercial production of electric and hybrid vehicles, the Administrator is authorized to guarantee, and to enter into commitments to guarantee, principal and interest on loans made by lenders to qualified borrowers, primarily small business concerns, for the purposes of—

- (1) research and development related to electric and hybrid vehicle technology;
- (2) prototype development for such vehicles and parts thereof;
- (3) construction of capital equipment related to research on, and development and production of, electric and hybrid vehicles and components; or
- (4) initial operating expenses associated with the development and production of electric and hybrid vehicles and components.

(c) Any guarantee under this section shall apply only to so much of the principal amount of the loan involved as does not exceed 90 percentum of the aggregate cost of the activity with respect to which the loan is made.

(d) Loan guarantees under this section shall be on such terms and conditions as the Administrator determines, except that a guarantee shall be made under this section only if—

- (1) the loan bears interest at a rate not to exceed such annual percent on the principal obligation outstanding as the Administrator determines to be reasonable, taking into account the range of interest rates prevailing in the private sector for similar loans and risks by the United States;
- (2) the terms of such loan require full repayment over a period not to exceed 15 years;
- (3) in the judgment of the Administrator, the amount of the loan (when combined with amounts available to the qualified borrower from other sources) will be sufficient to carry out the activity with respect to which the loan is made;
- (4) in the judgment of the Administrator, there is reasonable assurance of repayment of the loan by the qualified borrower; and
- (5) no loan shall be guaranteed by the Administrator under subsection (b) unless the Administrator finds that no other reasonable means of financing or refinancing is reasonably available to the applicant.

(e) (1) The amount of the guarantee of any loan shall not exceed \$3,000,000, unless the Administrator finds that a higher guarantee level for specific loan guarantees is necessary in order to carry out the purposes of this Act. If the Administrator makes such finding, he shall immediately report that finding to the Speaker of the House of Representatives, the President of the Senate, the Committee on Science and Technology of the House of Representatives, and the Committee on Commerce of the Senate.

Limitation.

(2) The aggregate amount of guarantees outstanding under this section at any one time shall not exceed \$60,000,000.

Report to Speaker of the House, President of the Senate and congressional committees.

(f) As used in this section, the term "qualified borrower" means any partnership, corporation, or other legal entity which (as determined by the Administrator) has presented satisfactory evidence of an interest in electric or hybrid vehicle technology and is capable of

performing research or completing the development and production of electric or hybrid vehicles or any components thereof in an acceptable manner.

(g)(1) With respect to any loan guaranteed pursuant to this section, the Administrator is authorized to enter into a contract to pay, and to pay, the lender for and on behalf of the borrower the interest charges which become due and payable on the unpaid balance of any such loan if the Administrator finds—

(A) that the borrower is unable to meet interest charges, that it is in the public interest to permit the borrower to continue to pursue the purposes of his project, and that the probable net cost to the Federal Government in paying such interest will be less than that which would result in the event of a default; and

(B) that the amount of such interest charges which the Administrator is authorized to pay shall be no greater than the amount of interest which the borrower is obligated to pay under the loan agreement.

Defaults.

(2) In the event of any default by a qualified borrower on a guaranteed loan, the Administrator is authorized to make payment in accordance with the guarantee, and the Attorney General shall take such action as may be appropriate to recover the amounts of such payments (including any payment of interest under paragraph (1)) from such assets of the defaulting borrowers as are associated with the activity with respect to which the loan was made or from any other surety included in the terms of the guarantee.

(h) No loan guarantee shall be made, or interest assistance contracts entered into, pursuant to this section, after the expiration of the 5-year period following the date of enactment of this Act.

Applicant,
citizenship
requirement.

(i) An applicant seeking a guarantee under this section must be a citizen or national of the United States. A corporation, partnership, firm, or association shall not be deemed to be a citizen or national of the United States unless the Administrator determines that it satisfactorily meets all the requirements of section 2 of the Shipping Act of 1916 (46 U.S.C. 802), for determining such citizenship, except that the provisions in subsection (a) of such section 2 concerning (1) the citizenship of officers or directors of a corporation, and (2) the interest required to be owned in the case of a corporation, association, or partnership operating a vessel in the coastwise trade, shall not be applicable. The Administrator, in consultation with the Secretary of State, may waive such requirements in the case of a corporation, partnership, firm, or association, controlling interest in which is owned by citizens of countries which are participants in the International Energy Agreement.

(2) a statement of the extent to which imported automobile chassis or components are being used, or are desirable, for the production of vehicles under section 7, and of the extent to which restrictions imposed by law or regulation upon the importation or use of such chassis or components are impeding the achievement of the purposes of this Act.

Legislative
recommendations.

Each such report shall also include any recommendations which the Administrator may deem appropriate for legislation or related action which might further the purposes of this Act.

SEC. 15. AMENDMENTS TO THE NATIONAL AERONAUTICS AND SPACE ACT.

Ground
propulsion
systems research
and development.

(a) Section 102 of the National Aeronautics and Space Act of 1958 (42 U.S.C. 2451) is amended (1) by redesignating subsection (d) thereof as subsection (e) thereof; and (2) by inserting immediately after subsection (c) thereof the following new subsection:

“(d) The Congress declares that the general welfare of the United States requires that the unique competence in scientific and engineering systems of the National Aeronautics and Space Administration also be directed toward ground propulsion systems research and development. Such development shall be conducted so as to contribute to the objectives of developing energy- and petroleum-conserving ground propulsion systems, and of minimizing the environmental degradation caused by such systems.”.

(b) Section 102(e) of such Act, as redesignated by paragraph (1) of this subsection, is amended by striking out “and (c)” and inserting in lieu thereof “(c), and (d)”.

(c) Section 203 of such Act (42 U.S.C. 2473) is amended (A) by redesignating subsection (b) thereof as subsection (c) thereof, and (B) by inserting immediately after subsection (a) thereof the following new subsection:

(3) Amend section 6 to read as follows:

“FINANCIAL ASSISTANCE TO STATES

16 USC 460l-8.

“SEC. 6. GENERAL AUTHORITY; PURPOSES.—(a) The Secretary of the Interior (hereinafter referred to as the ‘Secretary’) is authorized to provide financial assistance to the States from moneys available for State purposes. Payments may be made to the States by the Secretary as hereafter provided, subject to such terms and conditions as he considers appropriate and in the public interest to carry out the purposes of this Act, for outdoor recreation: (1) planning, (2) acquisition of land, waters, or interests in land or waters, or (3) development.

“(b) APPORTIONMENT AMONG STATES; NOTIFICATION.—Sums appropriated and available for State purposes for each fiscal year shall be apportioned among the several States by the Secretary, whose determination shall be final, in accordance with the following formula:

“(1) Forty per centum of the first \$225,000,000; thirty per centum of the next \$275,000,000; and twenty per centum of all additional appropriations shall be apportioned equally among the several States; and

“(2) At any time, the remaining appropriation shall be apportioned on the basis of need to individual States by the Secretary in such amounts as in his judgment will best accomplish the purposes of this Act. The determination of need shall include among other things a consideration of the proportion which the population of each State bears to the total population of the United States and of the use of outdoor recreation resources of individual States by persons from outside the State as well as a consideration of the Federal resources and programs in the particular States.

“(3) The total allocation to an individual State under paragraphs (1) and (2) of this subsection shall not exceed 10 per centum of the total amount allocated to the several States in any one year.

“(4) The Secretary shall notify each State of its apportionments; and the amounts thereof shall be available thereafter for payment to such State for planning, acquisition, or development projects as hereafter prescribed. Any amount of any apportionment that has not been paid or obligated by the Secretary during the fiscal year in which such notification is given and for two fiscal years thereafter shall be reapportioned by the Secretary in accordance with paragraph (2) of this subsection, without regard to the 10 per centum limitation to an individual State specified in this subsection.

“(5) For the purposes of paragraph (1) of this subsection, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands (when such islands achieve Commonwealth status)

shall be treated collectively as one State, and shall receive shares of such apportionment in proportion to their populations. The above listed areas shall be treated as States for all other purposes of this title.

“(c) **MATCHING REQUIREMENTS.**—Payments to any State shall cover not more than 50 per centum of the cost of planning, acquisition, or development projects that are undertaken by the State. The remaining share of the cost shall be borne by the State in a manner and with such funds or services as shall be satisfactory to the Secretary. No payment may be made to any State for or on account of any cost or obligation incurred or any service rendered prior to the date of approval of this Act.

“(d) **COMPREHENSIVE STATE PLAN REQUIRED; PLANNING PROJECTS.**—A comprehensive statewide outdoor recreation plan shall be required prior to the consideration by the Secretary of financial assistance for acquisition or development projects. The plan shall be adequate if, in the judgment of the Secretary, it encompasses and will promote the purposes of this Act: *Provided*, That no plan shall be approved unless the Governor of the respective State certifies that ample opportunity for public participation in plan development and revision has been accorded. The Secretary shall develop, in consultation with others, criteria for public participation, which criteria shall constitute the basis for the certification by the Governor. The plan shall contain—

Certification from
Governors.

Public
participation,

“(1) the name of the State agency that will have authority to represent and act for the State in dealing with the Secretary for purposes of this Act;

“(2) an evaluation of the demand for and supply of outdoor recreation resources and facilities in the State;

“(3) a program for the implementation of the plan; and

“(4) other necessary information, as may be determined by the Secretary.

The plan shall take into account relevant Federal resources and programs and shall be correlated so far as practicable with other State, regional, and local plans. Where there exists or is in preparation for any particular State a comprehensive plan financed in part with funds supplied by the Housing and Home Finance Agency, any statewide outdoor recreation plan prepared for purposes of this Act shall be based upon the same population, growth, and other pertinent factors as are used in formulating the Housing and Home Finance Agency financed plans.

“The Secretary may provide financial assistance to any State for projects for the preparation of a comprehensive statewide outdoor recreation plan when such plan is not otherwise available or for the maintenance of such plan.

“(e) **PROJECTS FOR LAND AND WATER ACQUISITION; DEVELOPMENT.**—In addition to assistance for planning projects, the Secretary may provide financial assistance to any State for the following types of projects or combinations thereof if they are in accordance with the State comprehensive plan:

“(1) **ACQUISITION OF LAND AND WATERS.**—For the acquisition of land, waters, or interests in land or waters (other than land, waters, or interests in land or waters acquired from the United States for less than fair market value), but not including incidental costs relating to acquisition.

“(2) DEVELOPMENT.—For development of basic outdoor recreation facilities to serve the general public, including the development of Federal lands under lease to States for terms of twenty-five years or more: *Provided*, That no assistance shall be available under this Act to enclose or shelter facilities normally used for outdoor recreation activities, but the Secretary may permit local funding, and after the date of enactment of this proviso not to exceed 10 per centum of the total amount allocated to a State in any one year to be used for sheltered facilities for swimming pools and ice skating rinks in areas where the Secretary determines that the severity of climatic conditions and the increased public use thereby made possible justifies the construction of such facilities.

“(f) REQUIREMENTS FOR PROJECT APPROVAL; CONDITION.—(1) Payments may be made to States by the Secretary only for those planning, acquisition, or development projects that are approved by him. No payment may be made by the Secretary for or on account of any project with respect to which financial assistance has been given or promised under any other Federal program or activity, and no financial assistance may be given under any other Federal program or activity for or on account of any project with respect to which such assistance has been given or promised under this Act. The Secretary may make payments from time to time in keeping with the rate of progress toward the satisfactory completion of individual projects: *Provided*, That the approval of all projects and all payments, or any commitments relating thereto, shall be withheld until the Secretary receives appropriate written assurance from the State that the State has the ability and intention to finance its share of the cost of the particular project, and to operate and maintain by acceptable standards, at State expense, the particular properties or facilities acquired or developed for public outdoor recreation use.

“(2) Payments for all projects shall be made by the Secretary to the Governor of the State or to a State official or agency designated by the Governor or by State law having authority and responsibility to accept and to administer funds paid hereunder for approved projects. If consistent with an approved project, funds may be transferred by the State to a political subdivision or other appropriate public agency.

Property use,
conversion.

“(3) No property acquired or developed with assistance under this section shall, without the approval of the Secretary, be converted to other than public outdoor recreation uses. The Secretary shall approve such conversion only if he finds it to be in accord with the then existing comprehensive statewide outdoor recreation plan and only upon such conditions as he deems necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location.

“(4) No payment shall be made to any State until the State has agreed to (1) provide such reports to the Secretary, in such form and containing such information, as may be reasonably necessary to enable the Secretary to perform his duties under this Act, and (2) provide such fiscal control and fund accounting procedures as may be necessary

to assure proper disbursement and accounting for Federal funds paid to the State under this Act.

“(5) Each recipient of assistance under this Act shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and the disposition by such recipient of the proceeds of such assistance, the total cost of the project or undertaking in connection with which such assistance is given or used, and the amount and nature of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

Such evaluation and the publication of same shall be eligible for funding on a 50-50 matching basis. The results of the evaluation shall be annually reported on a fiscal year basis to the Bureau of Outdoor Recreation, which agency shall forward a summary of such reports to the Committees on Interior and Insular Affairs of the United States Congress. Such report to the committees shall also include an analysis of the accomplishments of the fund for the period reported, and may also include recommendations as to future improvements for the operation of the Land and Water Conservation Fund program.

“(8) With respect to property acquired or developed with assistance from the fund, discrimination on the basis of residence, including preferential reservation or membership systems, is prohibited except to the extent that reasonable differences in admission and other fees may be maintained on the basis of residence.

“(g) COORDINATION WITH FEDERAL AGENCIES.—In order to assure consistency in policies and actions under this Act, with other related Federal programs and activities (including those conducted pursuant to title VII of the Housing Act of 1961 and section 701 of the Housing Act of 1954) and to assure coordination of the planning, acquisition, and development assistance to States under this section with other related Federal programs and activities, the President may issue such regulations with respect thereto as he deems desirable and such assistance may be provided only in accordance with such regulations.”.

The construction, operation, and maintenance of the Kanopolis unit for the purposes of providing irrigation water for approximately twenty thousand acres of land, municipal and industrial water supply, fish and wildlife conservation and development, environmental preservation, and other purposes shall be prosecuted by the Secretary of the Interior in collaboration with the Secretary of the Army acting through the Chief of Engineers, in accordance with the Federal reclamation laws (Act of June 17, 1902; 32 Stat. 388, and Acts amendatory thereof or supplementary thereto). The principal features of the Kanopolis unit shall include the modification of the existing Kanopolis Dam and Lake, an irrigation diversion structure, the Kanopolis north and south canals, laterals, drains, and necessary facilities to effect the aforesaid purposes of the unit.

Kanopolis
Reservoir area.

SEC. 102. Upon expiration of existing leases for agricultural use of publicly owned lands, in the Kanopolis Reservoir area, the Secretary of the Army is authorized to enter into a management agreement covering said lands with the Kansas Forestry, Fish and Game Commission. The Secretary of the Army is further authorized to include provisions in such operating agreements whereby revenues deriving from future use of said reservoir lands for agricultural purposes may be retained by the game commission to the extent that they are utilized for wildlife management purposes at Kanopolis Reservoir.

Repayment
contracts.

SEC. 103. The Kanopolis unit shall be integrated physically and financially with the other Federal works constructed under the comprehensive plan approved by section 9 of the Flood Control Act of December 22, 1944 (58 Stat. 887, 891), as amended and supplemented. Repayment contracts for the return of construction costs allocated to irrigation will be based on the irrigator's ability to repay as determined by the Secretary of the Interior, and the terms of such contract shall not exceed fifty years following the permissible development period. Repayment contracts for the return of costs allocated to municipal and industrial water supply shall be under the jurisdiction of the Secretary of the Army, and such contracts shall be prerequisite to the initiation of construction of facilities authorized by this title. Costs allocated to environmental preservation and fish and wildlife shall be nonreimbursable and nonreturnable under Federal reclamation law.

SEC. 104. For a period of ten years from the date of enactment of this title, no water from the unit authorized by this title shall be delivered to any water user for the production on newly irrigated lands of any basic agricultural commodity, as defined in the Agricultural Act of 1949 (63 Stat. 1051; 7 U.S.C. 1421), or any amendment thereof, if the total supply of such commodity for the marketing year in which the bulk of the crop would normally be marketed is in excess of the normal supply as defined in section 301(b)(10) of the Agricultural Adjustment Act of 1938 (62 Stat. 1251), as amended, unless the Secretary of Agriculture calls for an increase in production of such commodity in the interest of national security.

SEC. 105. The interest rate used for computing interest during construction and interest on the unpaid balance of the reimbursable costs of the Kanopolis unit shall be determined by the Secretary of the Treasury, as of the beginning of the fiscal year in which construction of the unit is commenced, on the basis of the computed average interest rate payable by the Treasury upon its outstanding marketable public obligations which are neither due nor callable for fifteen years from date of issue.

Interest rate.

SEC. 106. The provisions of the third sentence of section 46 of the Act of May 25, 1926 (44 Stat. 649, 650), and any other similar provisions of Federal reclamation laws as applied to the Kanopolis unit, Pick-Sloan Missouri Basin program, are hereby modified to provide that lands held in a single ownership which may be eligible to receive water from, through, or by means of, unit works shall be limited to one hundred and sixty acres of class I land or the equivalent thereof in other land classes, as determined by the Secretary of the Interior.

Lands eligible to receive water, limitation.

There is hereby authorized to be appropriated for fiscal year 1978 and thereafter, for construction of the Kanopolis unit, the sum of \$30,900,000 (January 1976 price levels) plus or minus such amounts, if any, as may be justified by reason of changes in construction costs as indicated by engineering cost indexes applicable to the types of construction involved. Of the funds authorized to be appropriated by this section, the Secretary of the Interior shall transfer to the Secretary of the Army all except those required for post-authorization planning, design, and construction of the single use irrigation facilities of the unit, and the Secretary of the Army shall utilize such transferred funds for implementation of all other aspects of the authorized unit. Olympic Winter
Games
Authorization Act
of 1976.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SHORT TITLE

SECTION 1. This Act may be cited as the "Olympic Winter Games Authorization Act of 1976".

FINDINGS

SEC. 2. The Congress finds and declares that—

(1) it is desirable for Americans of present and future generations to be assured adequate outdoor recreational resources and wilderness areas;

(2) the XIII international Olympic winter games, which are to be held in the United States at Lake Placid, New York, in 1980, will further an awareness and appreciation of indoor and outdoor recreational activities and of the need for preserving wilderness areas;

(3) amateur athletics and amateur athletic competition have contributed to the health and well-being of the Nation and, as the host country for the XIII international Olympic winter games, the United States has a unique opportunity to encourage participation in such activities by furnishing limited financial assistance to assure the availability of adequate facilities, resources, and support for the Olympic winter games;

(4) the Congress has pledged its cooperation and support in the successful fulfillment of the XIII international Olympic winter games; and

(5) the Federal financial assistance authorized by this Act is provided in recognition of the unique economic circumstances of the Lake Placid area and should not be considered as establishing a precedent for any future Federal financial assistance for international athletic competitions.

Subject to the provisions of subsection (b) of this section, such grants shall be provided in such sums, at such times, and under such conditions as the Secretary considers necessary and appropriate.

(b) CONDITIONS.—The amount of any grant for a winter games facility under subsection (a) of this section shall be based initially on the estimated cost of such facility. 16 USC 1901.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Congress finds and declares that—

(a) the level of technology of mineral exploration and development has changed radically in recent years and continued application of the mining laws of the United States to those areas of the National Park System to which it applies, conflicts with the purposes for which they were established; and

(b) all mining operations in areas of the National Park System should be conducted so as to prevent or minimize damage to the environment and other resource values, and, in certain areas of the National Park System, surface disturbance from mineral development should be temporarily halted while Congress determines whether or not to acquire any valid mineral rights which may exist in such areas.

16 USC 1902.

SEC. 2. In order to preserve for the benefit of present and future generations the pristine beauty of areas of the National Park System, and to further the purposes of the Act of August 25, 1916, as amended (16 U.S.C. 1) and the individual organic Acts for the various areas of the National Park System, all activities resulting from the exercise of valid existing mineral rights on patented or unpatented mining claims within any area of the National Park System shall be subject to such regulations prescribed by the Secretary of the Interior as he deems necessary or desirable for the preservation and management of those areas.

SEC. 3. Subject to valid existing rights, the following Acts are amended or repealed as indicated in order to close these areas to entry and location under the Mining Law of 1872:

(a) the first proviso of section 3 of the Act of May 22, 1902 (32 Stat. 203; 16 U.S.C. 123), relating to Crater Lake National Park, is amended by deleting the words “and to the location of mining claims and the working of same”;

For a period of four years after the date of enactment of this Act, holders of valid mineral rights located within the boundaries of Death Valley National Monument, Mount McKinley National Park, and Organ Pipe Cactus National Monument shall not disturb for purposes of mineral exploration or development the surface of any lands which had not been significantly disturbed for purposes of mineral extraction prior to February 29, 1976: *Provided*, That if the Secretary finds that enlargement of the existing excavation of an individual mining operation is necessary in order to make feasible continued production therefrom at an annual rate not to exceed the average annual production level of said operation for the three calendar years 1973, 1974, and 1975, the surface of lands contiguous to the existing excavation may be disturbed to the minimum extent necessary to effect such enlargement, subject to such regulations as may be issued by the Secretary under section 2 of this Act. For purposes of this section, each separate mining excavation shall be treated as an individual mining operation.

Certain mining operations, temporary cessation.

SEC. 5. The requirements for annual expenditures on mining claims imposed by Revised Statute 2324 (30 U.S.C. 28) shall not apply to any claim subject to section 4 of this Act during the time such claim is subject to such section.

16 USC 1904.

SEC. 6. Within two years after the date of enactment of this Act, the Secretary of the Interior shall determine the validity of any unpatented mining claims within Glacier Bay National Monument, Death Valley and Organ Pipe Cactus National Monuments and Mount McKinley National Park and submit to the Congress recommendations as to whether any valid or patented claims should be acquired by the United States, including the estimated acquisition costs of such claims, and a discussion of the environmental consequences of the extraction of minerals from these lands. The Secretary shall also study and within two years submit to Congress his recommendations for modifications or adjustments to the existing boundaries of the Death Valley National Monument and the Glacier Bay National Monument to exclude significant mineral deposits and to decrease possible acquisition costs.

Certain unpatented mining claims, recommendations for acquisition.

Any mining claim not so recorded shall be conclusively presumed to be abandoned and shall be void. Such recordation will not render valid any claim which was not valid on the effective date of this Act, or which becomes invalid thereafter. Within thirty days following the date of enactment of this Act, the Secretary shall publish notice of the requirement for such recordation in the Federal Register. He shall also publish similar notices in newspapers of general circulation in the areas adjacent to those units of the National Park System listed in section 3 of this Act.

The court shall expedite its consideration of any claim brought pursuant to this section.

16 USC 1911.

Sec. 12. Nothing in this Act shall be construed to limit the authority of the Secretary to acquire lands and interests in lands within the boundaries of any unit of the National Park System. The Secretary is to give prompt and careful consideration to any offer made by the owner of any valid right or other property within the areas named in section 6 of this Act to sell such right or other property, if such owner notifies the Secretary that the continued ownership of such right or property is causing, or would result in, undue hardship.
